EQUAL EMPLOYMENT OPPORTUNITY COMMISSION (EEOC)

EQUAL EMPLOYMENT OPPORTUNITY COMMISSION

29 CFR Ch. XIV

Semiannual Regulatory Agenda

AGENCY: Equal Employment Opportunity Commission.

ACTION: Semiannual regulatory agenda.

SUMMARY: The Equal Employment Opportunity Commission is publishing its semiannual regulatory agenda pursuant to Executive Order No. 12291, 3 CFR Part 127 (1981 Compilation) and the Regulatory Flexibility Act, 5 U.S.C. Chapter 6. The agenda contains all regulations which are scheduled for review or development during the next twelve months.

FOR FURTHER INFORMATION CONTACT: Irene L. Hill, Assistant Legal Counsel for Coordination, Office of the Legal Counsel, Equal Employment Opportunity Commission, 2401 "E" Street, NW., Washington, DC 20507; telephone (202) 634-7581.

SUPPLEMENTARY INFORMATION: The Commission identified eleven current and projected rulemakings for inclusion in the agenda. Also listed are five regulatory items which are under review. One new item has been added to the agenda as a projected rulemaking since the last semiannual agenda was published.

Signed in Washington, DC, this 4th day of March, 1987.

For the Commission.

Clarence Thomas,

Chairman, Equal Employment Opportunity Commission.

Significance: Agency Priority

Legal Authority: 42 USC 2000e et seq Title VII of the Civil Rights Act of 1964

CFR Citation: 29 CFR 1607

Legal Deadline: None.

Abstract: UGESP Recordkeeping Provisions. On March 15, 1983, the Commission voted to review those portions of the recordkeeping provisions of the Guidelines which relate to the maintenance of data necessary to determine adverse impact. Pursuant to that vote, the Commission published in the Federal Register a notice seeking public comment in general and on several specific questions about UGESP recordkeeping. 48 Fed. Reg. 34766 (Aug. 1, 1983). Approximately 45 comments were received. The Commission is currently reviewing the comments and is considering further action. On June 12, 1984, the Commission voted to prepare an NPRM concerning certain UGESP recordkeeping requirements. Prior to publication for comment, co-signatories to UGESP will engage in discussion of recommended changes and other affected agencies will be consulted under E.O. 12067.

Legal Authority: 29 USC 628 Age Discrimination in Employment Act

CFR Citation: 29 CFR 1627.15

Legal Deadline: None.

Abstract: The purpose of the proposed amendment to 29 CFR 1627.15 is to give those covered by the ADEA more specific information about what they should do if they wish to seek an exemption from any or all of the ADEA's prohibitions. The advantage is that the establishment of a specific procedure will facilitate the processing of exemption requests.

Legal Authority: 42 USC 2000e et seq Title VII of the Civil Rights Act of 1964

CFR Citation: 29 CFR 1607

Legal Deadline: None.

Abstract: On March 15, 1983, the Commission voted to review the recordkeeping portions of the Guidelines. During that review process, several questions arose which pertained to the substantive, non-recordkeeping provisions of the Guidelines. Consequently, the Commission decided to review the substantive portions of the Guidelines. The major substantive areas under review are: 1) the purpose of the Guidelines and whether there is still a need for the Guidelines; 2) the theory of adverse impact and the method of determining when such impact is significant; and 3) how to establish test validity. When the review is completed, the Commission will decide whether any regulatory revisions are needed.

Federal Emergency Management Agency

Semiannual Regulatory Agenda

FEDERAL EMERGENCY MANAGEMENT AGENCY (FEMA)

FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR Ch. I

Semiannual Agenda

AGENCY: Federal Emergency Management Agency (FEMA).

ACTION: Semiannual agenda.

SUMMARY: Pursuant to section 5 of Executive Order 12291 ("Federal Regulations") the Federal Emergency Management Agency is publishing its semiannual agenda for FEMA. The agenda lists regulations that will be under development or review during the period April 1, 1987 to April 1, 1988.

ADDRESS: Rules Docket Clerk, Office of General Counsel, Room 840, 500 C Street, SW., Washington, DC 20472.

FOR FURTHER INFORMATION CONTACT: For general information, contact John Scheibel, Office of General Counsel, Federal Emergency Management Agency, Washington, DC 20472, (202) 646-4100. For additional information about a specific regulation, contact the person listed as the contact point in the agenda.

SUPPLEMENTARY INFORMATION: Executive Order 12291, "Federal Regulations," directs each Executive agency to adopt procedures to improve existing and future regulations. Publication of an agenda of significant regulations is called for at least semiannually in order to give the public adequate notice of agency rulemaking activities; also publication of a regulatory flexibility agenda concerning rules likely to have a significant impact on a substantial number of small entities must be published in accordance with 5 U.S.C. 601 et seq.

In fulfillment of requirements imposed by the Executive Order and 5 U.S.C. 601 et seq., this agenda describes current and projected regulations, and regulations which will be under review during the period April 1, 1987 to April 1, 1988. This agenda also contains information on regulations on which action was completed since the last FEMA semiannual agenda published October 27, 1986 at 51 FR 38978.

Public comment on the agenda, including that by State and local governments, is invited and should be submitted to the Rules Docket Clerk.

The agenda is not limited to major or significant rules and contains as much information as possible concerning all FEMA regulations to be published in the next 12 months except for routine flood elevation determinations, listing of eligible communities under the National Flood Insurance Program, listing of suspended communities and similar designations, and organizational and management matters.

DATED: March 5, 1987.

Spence W. Perry,

General Counsel.

2978. FLOOD INSURANCE RATING SYSTEM CHANGES

Significance: Regulatory Program

Legal Authority: 42 USC 4001 et seq; EO 12127

CFR Citation: 41 CFR 61

Legal Deadline: None.

Abstract: National Flood Insurance Program premium rating system changes under consideration include a community rating system and a system to use revised FIRM's producing higher rates for existing policyholders, subject to a rate cap. The community rating system would be designed to recognize circumstances within local communities that mitigate or exacerbate the flooding risk, such as the inaction of a community in addressing flood problems or the performance of a community that goes beyond minimum NFIP floodplain management requirements. The use of revised FIRM's for existing policyholders would replace the current practice of allowing premium rates for such policyholders to be based on the map in existence at the time of construction so long as the construction met the requirements at that time.

2989. CRITERIA FOR EARTHQUAKE HAZARDS REDUCTION ASSISTANCE TO STATE AND LOCAL GOVERNMENTS

Significance: Regulatory Program

Legal Authority: 42 USC 7701 et seq

CFR Citation: 44 CFR 361

Legal Deadline: None.

Abstract: The National Earthquake Hazards Reduction Act of 1977 provides for Federal assistance to States and local units of government to support earthquake hazards reduction activities.

With but two exceptions, FEMA has provided 100 percent funding to States on an annual basis for their earthquake hazards reduction programs. This proposed rulemaking will establish a plan for having States share the cost of these activities. These changes to 44 CFR 3006 will affect only the earthquake preparedness portion of this rule; the hurricane preparedness portion will be revised in a separate rulemaking effort.

2991. ● NATIONAL FLOOD INSURANCE PROGRAM REDEFINITION OF COASTAL HIGH HAZARD AREA

Significance: Regulatory Program

Legal Authority: 42 USC 4001 et seq; EO 12127

CFR Citation: 44 CFR 59

Legal Deadline: None.

Abstract: The proposed rule would modify the definition of "coastal high hazard area" at 44 CFR 59.1 to include the primary frontal dune on barrier islands and other sandy shorelines exposed to the open coast. Including primary frontal dunes in the definition of coastal high hazard areas would recognize their inherent susceptibility to flood and erosion hazards during major coastal storms. Classification of these dunes as VE zones on Flood Insurance Rate Maps would assure that adequate insurance rates are assessed and that the construction standards, appropriate to the hazards, are imposed should new construction on the primary frontal dunes be permitted by State or local ordinances.

Significance: Agency Priority

Legal Authority: 42 USC 5131; 50 USC App. 2251 to 2297; EO 12148

CFR Citation: 44 CFR 362

Legal Deadline: None.

Abstract: Under PL 93-288, the Federal Emergency Management Agency provides financial and technical assistance to States and local governments in their hurricane preparedness planning. Except for some instances, FEMA has provided 100 percent funding to designated States that have high risk hurricane hazard areas for the development of population preparedness and property protection studies. This proposed rulemaking will establish a plan for having States share the cost of these activities. These changes to 44 CFR 300.6 will affect only the hurricane preparedness portion of this rule; the earthquake hazards reduction portion will be revised in a separate concurrent rulemaking effort.

Significance: Regulatory Program

Legal Authority: 42 USC 4001 et seq; EO 12127

CFR Citation: 44 CFR 61

Legal Deadline: None.

Abstract: FEMA has determined that there is an imbalance between the general taxpayers and the NFIP policyholders in shouldering the costs of the NFIP that should be rectified by the policyholders, the direct Program beneficiaries, bearing more of the costs. The proposed rule would increase the chargeable (subsidized) premium rates, which apply to all structures in communities participating in the emergency program of the National Flood Insurance Program and to certain structures in communities in the regular program.

2996. ● FEDERAL CRIME INSURANCE PROGRAM

Legal Authority: 12 USC 1749bbb-17

CFR Citation: 44 CFR 80; 44 CFR 81; 44 CFR 82; 44 CFR 83

Legal Deadline: None.

Abstract: These revisions to the Federal Crime Insurance Program are proposed to achieve the following: redefine the definition of "burglary" under the residential policy; revise residential crime insurance rates to permit the purchase of crime insurance in increments of $1,000, up to the maximum limit of $10,000; permit a premium discount on the residential policy for the installation of an alarm system; revise the classification and alarm requirements of several commercial risks; raise the commercial crime insurance limits of coverage from $15,000 to $30,000 for each insured premises; eliminate coverage for loss from a night depository in a bank; and require the payment of an installment service charge on policies where the annual premium is not paid in full at the time of application.

2997. ● CIVIL DEFENSE: STATE AND LOCAL EMERGENCY MANAGEMENT ASSISTANCE PROGRAM (EMA)

Legal Authority: 50 USC (App) 2253; Reorganization Plan No. 3 of 1978; EO 12148

CFR Citation: 44 CFR 302, (Revision)

Legal Deadline: None.

Abstract: Changes within existing regulation to: delete one allocation formula factor; add to the documentation for eligibility the requirement for State and local jurisdictions to submit Hazard Identification Capability Assessment and Multi-Year Development Plan documents as well as to have reviewed, updated and exercised their emergency operations plans on a 3-year cyclical basis. These changes will bring about improved oversight and management of the EMA program. There is no potential for increased costs.

Legal Deadline: None.

Abstract: This rule updates GSA's policies and procedures concerning the Federal surplus personal property donation program. It would: (1) prescribe new and revised definitions; (2) implement Title IX of the Education Amendments of 1972; (3) change procedures for donating aircraft, drugs, biologicals, and reagents; (4) clarify cannibalization procedures; (5) add additional terms to the State agency distribution documents; (6) clarify that conditional title, not unrestricted title, passes to a donee at the time it takes possession of the property; (7) prohibit reimbursement to State agencies for certain sales expenses; (8) change reporting requirements; and (9) revise eligibility criteria for educational activities. This amendment is necessary to comply with the provisions of Title IX of the Education Amendments of 1972, section 502(a) of Public Law 94-241, and the Congressional Reports Elimination Act of 1980 (Public Law 96-470). Its intent is to increase the efficiency and effectiveness of the donation program.

3048. COST EFFECTIVE PROCUREMENT OF PERSONAL PROPERTY

Legal Authority: 40 USC 486(c)

CFR Citation: 41 CFR 101-26.100-2; 41 CFR 101-26.102; 41 CFR 101-26.3; 41 CFR 101-26.4; 41 CFR 101-26.5; 41 CFR 101-26.39; 41 CFR 101-40; 41 CFR 101-43; 41 CFR 101-45

Legal Deadline: None.

Abstract: In considering cost effectiveness, the effects of Gramm-Rudman will be evaluated with respect to resource impact both on GSA and other Federal agencies. The potential effects of delegating procurement and/or logistics support authority to any agency will be carefully balanced against the Government's need for quality products and services at the lowest cost (price and other factors considered), delivered in a timely manner. Heads of potentially affected agencies will be consulted and made a part of the decision-making process before a determination is made by GSA to redelegate to an agency any functions assigned by law to the Administrator of General Services.

Semiannual Regulatory Agenda

UNITED STATES INTERNATIONAL DEVELOPMENT COOPERATION AGENCY/AGENCY FOR INTERNATIONAL DEVELOPMENT (IDCA)

INTERNATIONAL DEVELOPMENT COOPERATION AGENCY

Agency for International Development

22 CFR Ch. II

Federal Regulations; Agency Regulatory Agenda Semiannual Summary

AGENCY: Agency for International Development, IDCA.

ACTION: Agency regulations agenda.

SUMMARY: The Agency for International Development (A.I.D.) is publishing this agenda as required by section 5(a) of Executive Order 12291, Federal Regulation (46 FR 13193, February 19, 1981) and by the Regulatory Flexibility Act (Pub. L. 96-354, September 30, 1980). This agenda reports the status of those regulations currently under review and gives A.I.D.'s plan for the issuance of proposed regulations during the next twelve months. It is expected that the information provided in this agenda will enable the public to be more aware of and more effectively participate in A.I.D.'s rulemaking process.

FOR FURTHER INFORMATION CONTACT:

General: For further information on the agenda or the review list, in general, contact: Mr. Fred D. Allen, Office of Information Resources Management, Agency for International Development, Washington, DC 20523, Telephone (703) 875-1573.

Specific: For further information about any particular item on the agenda, contact the individual listed as the contact for that item.

Regulatory Flexibility Act (RFA)

The Agency does not have any rulemaking activity that falls within the requirements of RFA and does not anticipate any during the next reporting period.

Ain H. Kivimae,

Deputy Assistant to the Administrator for Management.

UNITED STATES INTERNATIONAL DEVELOPMENT COOPERATION AGENCY/AGENCY FOR INTERNATIONAL DEVELOPMENT (IDCA) — Prerule Stage

3085. NONDISCRIMINATION IN FEDERALLY ASSISTED PROGRAMS OF THE AGENCY FOR INTERNATIONAL DEVELOPMENT — EFFECTUATION OF TITLE VI OF THE CIVIL RIGHTS ACT OF 1964

Legal Authority: 22 USC 2381

CFR Citation: 22 CFR 209

Legal Deadline: None.

Abstract: The regulation will address the problem of discrimination on the basis of race, color, or national origin in any program or activity receiving assistance from the Agency for International Development. The regulation provides that no person in the United States on the ground of race, color or national origin, be excluded from participation in, be denied the benefits of or be subjected to discrimination under any program or activity receiving Federal financial assistance from AID. The regulation provides procedures for 1) assuring that such discrimination does not occur and 2) effecting compliance. The Agency is not considering any alternatives for addressing the problem. There will be some minor costs in administering the regulation; there are potential benefits to individuals who might otherwise be discriminated against.

3086. NONDISCRIMINATION ON THE BASIS OF SEX IN EDUCATION PROGRAMS AND ACTIVITIES RECEIVING OR BENEFITTING FROM FEDERAL FINANCIAL ASSISTANCE

Legal Authority: 20 USC 1681 to 1683; 20 USC 1686

CFR Citation: 22 CFR 219, (New)

Legal Deadline: None.

Abstract: This regulation will address the problem of discrimination on the basis of sex in education programs and activities receiving or benefitting from financial assistance from the Agency for International Development. The regulation is intended to implement Title IX of the Education Amendments of 1972, as amended. The regulation provides procedures for 1) assuring that such discrimination does not occur and 2) effecting compliance. The Agency is not considering any alternatives for addressing the problem. There will be some minor costs in administering the regulation; there are potential benefits to individuals who might otherwise be discriminated against.

3088. DONATION OF AGRICULTURAL COMMODITIES/PRODUCTS TO ASSIST NEEDY PERSONS OVERSEAS (416 PROGRAM)

Legal Authority: 7 USC 1431; PL 97-253, Sec 110

CFR Citation: 22 CFR 210, (New)

Legal Deadline: None.

Abstract: This regulation sets forth provisions of the Agency for International Development (A.I.D.), acting as an Agent for the USDA/Commodity Credit Corporation (CCC), to carry out part of the responsibilities for selecting, approving, administering and implementing the Section 416 program of the Agricultural Act of 1949, as amended. This program will assist needy persons overseas and reduce surplus stocks of dairy and wheat products in CCC inventory. The donation of commodities under this new authority will be coordinated with, but not replace, assistance provided under the Agricultural Trade Development and Assistance Act of 1954, as amended, Pub. L. 83-480. The Agency is not considering any alternatives for addressing the problem. There are some minor costs in administering the regulation. The potential benefits will go to needy persons overseas.

Semiannual Regulatory Agenda

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION (NARA)

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

36 CFR Ch. XII

Unified Agenda of Federal Regulations

AGENCY: National Archives and Records Administration.

ACTION: Semiannual agenda.

SUMMARY: This agenda announces the proposed regulatory actions that the National Archives and Records Administration (NARA) plans for the next 12 months and those actions that have been completed since October 1986. This agenda was developed under the guidelines in OMB Bulletin No. 87-6, dated December 4, 1986. NARA's purpose in publishing this agenda is to allow interested persons an opportunity to have more comprehensive documentation of NARA's regulatory plans and to provide a systematic means of monitoring regulatory activity in NARA. None of the regulations listed in the agenda are considered major under Executive Order 12291, Federal Regulation.

FOR FURTHER INFORMATION CONTACT: John A. Constance, Chief, Information Management and Directives Branch, (202) 523-3214.

Frank G. Burke,

Acting Archivist of the United States.

3123. ADEQUATE AND PROPER DOCUMENTATION

Legal Authority: 44 USC 2104(a) as added by Sec. 102 of PL 98-497; 44 USC 2901 to 2909; 44 USC 3101; 44 USC 3102; 44 USC 3105; 44 USC 3106

CFR Citation: 44 CFR 101-11.202; 36 CFR 1220.20

Legal Deadline: None.

Abstract: The head of each Federal agency is required to make and preserve records containing adequate and proper documentation of the organization, functions, policies, decisions, procedures, and essential transactions of the agency. The introduction of modern technology into Federal records systems presents problems in meeting this requirement because of the erasable storage media and complex storage formats. The Archivist of the United States is required to provide guidance and standards to agencies. Thus, the National Archives and Records Administration is reviewing the regulations regarding proper and adequate documentation to determine if they are sufficient to insure proper retention and retrievability of the information until its authorized disposition under an approved records control schedule. If this review determines agencies need different or new guidance, consideration is being given to providing such information through the Bulletin structure.

Abstract: 44 USC 2206 requires that the Archivist promulgate regulations to carry out the Presidential Records Act. The law requires that the regulations provide for:

1. advance public notice of intention to dispose of valueless records;

2. notice to the former President of impending opening of otherwise restrictable records in response to judicial process, a request from the incumbent President, or request from Congress;

3. notice to the former President when disclosure of documents may adversely affect any rights or privileges he may have; and

4. establishment of procedures for consultation between the Archivist and appropriate Federal agencies regarding Presidential records which may be restricted as investigatory records compiled for law enforcement purposes.

Legal Deadline: None.

Abstract: The proposed rule amends the National Endowment for the Arts regulation for collecting debts. Principally, the amendments implement the Debt Collection Act of 1982 (PL 97-365), which amended the Federal Claims Collection Act of 1966 (31 USC 3711, 3716-3718) to authorize among other things, charging of interest penalties and administrative costs, and the use of administrative offset, private collection agencies and credit agencies by the Government. The amendments also implement government-wide regulations issued by the Department of Justice and the General Accounting Office (49 FR 8889) and Office of Personnel Management (49 FR 27470).

Legal Authority: 29 USC 794; PL 95-602, Sec 504

CFR Citation: 45 CFR 606, (New); 45 CFR 86

Legal Deadline: None.

Abstract: This regulation provides for the enforcement of Section 504 of the Rehabilitation Act of 1973, as amended, which prohibits discrimination on the basis of handicap, as it applies to programs or activities conducted by the National Science Foundation. Potential costs are not known. Any benefits derived will be to ensure that the handicapped will not be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity conducted by the National Science Foundation.

Legal Authority: 20 USC 1681; PL 93-568, Sec 901 to 902; PL 93-380, Sec 844

CFR Citation: 45 CFR 620, (New)

Legal Deadline: None.

Abstract: This regulation is to effectuate Title IX of the Education Amendments of 1972, as amended, which prohibits discrimination on the basis of sex in connection with education programs and activities receiving Federal financial assistance from the National Science Foundation. Costs, if any, should be nominal since most NSF recipients are also covered by HHS regulations. Potential benefits are to ensure that any educational program or activity receiving financial assistance from NSF does not, on the basis of sex (1) exclude any person from participation in, (2) deny any person the benefits of, or subject any such person to discrimination under that program or activity.

Legal Authority: 42 USC 1870(a) The Nat'l. Sci. Found. Act of 1950, as amended

CFR Citation: 45 CFR 689

Legal Deadline: None.

Abstract: The National Science Foundation proposes to issue regulations setting out the policies and procedures its employees shall follow if an allegation is made that fraud or other misconduct has occurred under an NSF-supported grant, cooperative agreement, or fellowship. The alternative considered was to issue no formal regulations and to proceed informally, case-by-case, as in the past. While allegations of this nature are relatively few, the seriousness of such allegations are felt to require formal regulations.

CFR Citation: 45 CFR 650

Legal Deadline: None.

Abstract: The Bayh-Dole Act (34 USC 200 et seq) was amended by Title V of PL 98-620 (98 Stat. 3364, 3368). The Department of Commerce is preparing a Government-wide implementing regulation. When that regulation is completed, the Foundation's Patents regulation (45 CFR 650) will be conformed to it. Because the revision to the NSF Patents regulation will merely echo a Government-wide regulation on which the public will have had an opportunity to comment, the Foundation expects that the revision will be published as a final rule. No additional costs will be imposed on the public as a result of the revision.

Timetable:

Additional Information: The notable changes to be made in the revision of the NSF Patents regulation will be: elimination of restrictions on the licensing of NSF-supported inventions by nonprofit organizations, including universities; modification of the criteria and procedures for determining that "exceptional circumstances" warrant restricting a grantee's right to retain principal patent rights to its employees' NSF-supported inventions; and elimination of the Foundation's authority to waive the Government license and "march-in" rights in awards not subject to the Bayh-Dole Act. All these changes are required by amendments to the Bayh-Dole Act.

OFFICE OF MANAGEMENT AND BUDGET (OMB)

OFFICE OF MANAGEMENT AND BUDGET

5 CFR Ch. III

Federal Regulations; OMB Directives Included in the Semiannual Agenda of Upcoming Activities

AGENCY: Office of Management and Budget.

ACTION: Publication of semiannual agenda.

SUMMARY: The Office of Management and Budget (OMB) is publishing its semiannual agenda of upcoming activities on OMB Circulars and Office of Federal Procurement Policy Letters (OFPP Policy Letters). This action is in accordance with OMB's internal procedures for implementing Executive Order No. 12291. OMB directives are issued under authority derived from several sources including: Subtitles I, II, and V of Title 31, "United States Code," Executive Order No. 11541, and other specific authority as cited. The agenda includes actions on issuances which are not regulations, but which are of public interest.

OMB Circulars and OFPP Policy Letters are directives that communicate significant government-wide policy of a continuing nature. For purposes of this agenda, we have included Circulars and Policy Letters which are designed to implement, interpret, or prescribe law or policy, or describe the procedure or practice requirements of an agency. Excluded are directives that outline procedures to be followed in connection with the President's budget and legislative programs, and directives that affect only the internal functions, management, or personnel of Federal agencies.

FOR FURTHER INFORMATION CONTACT: See agency person listed for each entry in the agenda, c/o Office of Management and Budget, Washington, DC 20503. On the overall agenda, contact Darrell A. Johnson at the above address.

Darrell A. Johnson,

Assistant Director for Administration.

3155. POLICIES ON CONSTRUCTION OF FAMILY HOUSING (CIRCULAR NO. A-18)

Legal Authority: Budget and Accounting Act of 1921; See preamble

CFR Citation: Not yet determined

Legal Deadline: None.

Abstract: OMB Circular A-18, last revised in August 1967, sets forth policies for budgeting, planning, and undertaking the construction of federally-owned housing (exclusive of military barracks) for Federal personnel and for employees of Government contractors. Housing standards, concepts of living space requirements, the housing market and economic factors bearing on it have changed significantly since the Circular was last issued; and updating and revision may be appropriate.

OFFICE OF PERSONNEL MANAGEMENT (OPM)

OFFICE OF PERSONNEL MANAGEMENT

5 CFR Ch. I

Regulatory Agenda

AGENCY: Office of Personnel Management.

ACTION: Semiannual agenda of regulations.

SUMMARY: The following Office of Personnel Management regulations are scheduled for development or review from April 1, 1987, through March 31, 1988. This agenda carries out OPM's responsibilities to publish a semiannual agenda under E.O. 12291, Federal Regulation, and the Regulatory Flexibility Act (5 U.S.C. chapter 6). This publication in the **Federal Register** does not impose a binding obligation on the Office of Personnel Management with regard to any specific item on the agenda. Regulatory action in addition to the items listed is not precluded.

FOR FURTHER INFORMATION CONTACT: JoAnn G. Blackler, (202) 653-7252.

Legal Authority: 5 USC 3301; 5 USC 3302; 5 USC 3304

CFR Citation: 5 CFR 300

Legal Deadline: None.

OPM **Proposed Rule Stage**

Abstract: Clarification of the policy and appeal procedures used in developing and implementing employment practices in the recruitment, measurement and selection of individuals for appointments and promotion within the competitive service. The proposed amendments would remove a non-statutory appeal procedure which was created to provide a simple, streamlined administrative review procedure but which has, instead, become a time-consuming, convoluted process. Additionally, the proposed changes would avoid a duplicative enforcement procedure currently subject to review by OPM and MSPB, which is, more properly, within the sole jurisdiction of the EEOC.

3187. REMOVAL FROM THE SENIOR EXECUTIVE SERVICE; GUARANTEED PLACEMENT IN OTHER PERSONNEL SYSTEMS

Legal Authority: 5 USC 3595; 5 USC 3596

CFR Citation: 5 CFR 359

Legal Deadline: None.

Abstract: Proposed regulations to add a new subpart to implement Pub. L. 97-35, August 13, 1981, as amended by Pub.L. 97-346, October 15, 1982, and Pub. L. 98-615, November 8, 1984, which added provisions to Title 5 to govern SES reduction-in-force actions affecting career executives. Regulations are needed to cover certain areas not in the law, such as notification to employees and retention of records, and to implement the provisions in the law dealing with OPM's responsibility to help place career executives identified for reduction in force and with "fallback" rights following a RIF.

3189. PERFORMANCE MANAGEMENT SYSTEM FOR PREVAILING RATE EMPLOYEES

Significance: Regulatory Program

Legal Authority: 5 USC 5343(c)

CFR Citation: 5 CFR 430

Legal Deadline: None.

Abstract: The proposed regulations apply to within-grade increases under the Prevailing Rate System to make requirements consistent with similar provisions in the Performance Management System for general schedule employees. They would clarify that a current rating of record of level 3 (Fully Successful) or better is required to receive a within-grade increase. The proposed regulations also would provide for delay of a within-grade increase when an employee cannot be rated, and a waiver of the requirement for a current rating when the employee cannot be rated due to absences that would be creditable service.

3191. PAY UNDER THE GENERAL SCHEDULE; DETERMINING RATE OF BASIC PAY

Legal Authority: 5 USC 5305(a); 5 USC 5334(a); 5 USC 5338; EO 11721

CFR Citation: 5 CFR 531, Subpart B

Legal Deadline: None.

Abstract: Proposed regulations would restructure the General Schedule pay administration rules to clarify the flexibility agencies would have in establishing pay rates for employees upon promotion, demotion, reassignment, transfer, reemployment, or change in type of appointment. In addition, proposed regulations would revise the current regulations to conform to the principles of the Performance Management System and correct certain longstanding basic pay administration problems.

3192. PAY UNDER THE GENERAL SCHEDULE; PREVAILING RATE SYSTEMS; GRADE AND PAY RETENTION

Legal Authority: 5 USC 5334(a); 5 USC 5338; 5 USC 5365

CFR Citation: 5 CFR 531; 5 CFR 532; 5 CFR 536

Legal Deadline: None.

Abstract: Under current regulations, numerous pay administration problems exist in movements between Federal pay systems. For example, the method of determining entitlement to grade retention in movements between pay systems results in unnecessary expenditures of Federal funds and false expectations for affected employees. Proposed regulations would revise definitions of "promotion" and "demotion" to improve pay administration and minimize the number of employees entitled to grade retention in movements between pay systems.

3238. ● RETIREMENT; CREDIT FOR SERVICE UNDER CSRS FOR CERTAIN SERVICE AS NATIONAL GUARD TECHNICIANS, CADET NURSE, AND NONAPPROPRIATED FUND EMPLOYEES

Legal Authority: 5 USC 8347; PL 99-638; PL 99-661

CFR Citation: 5 CFR 831, Subpart C

Legal Deadline: Statutory, January 10, 1987. Deadline for PL 99-638 is January 10, 1987. Deadline for PL 99-661 is October 1, 1987.

Abstract: Public Laws 99-638 and 99-661 provide that service performed as a National Guard technician prior to 1968 or two or more years of service in the Cadet Nurse Corps during World War II may be creditable service if certain conditions are met. Public Law 99-638 also extends CSRS service credit to certain nonappropriated fund employees who were employed after June 18, 1952, and before January 1, 1966, and who were subject to CSRS on November 9, 1986. Panama Canal Commission

Semiannual Regulatory Agenda

PANAMA CANAL COMMISSION (PANAMA)

PANAMA CANAL COMMISSION

35 CFR Ch. I

Unified Agenda of Federal Regulations

AGENCY: Panama Canal Commission.

ACTION: Publication of semiannual agenda of regulations.

SUMMARY: The purpose of this agenda is to report the proposed rulemaking activities of the Panama Canal Commission. This information will allow the public to participate in the rulemaking process.

FOR FURTHER INFORMATION CONTACT: For information about a particular regulatory project, contact the person listed in the subheading "Agency Contact" for that project. For general information, contact Michael Rhode, Jr., Secretary, Panama Canal Commission, 2000 L Street, NW., Suite 550, Washington, DC 20036-4996, (202) 634-6441 TDD; or John L. Haines, Jr., Esquire, General Counsel, Panama Canal Commission, APO Miami 34011-5000.

SUPPLEMENTARY INFORMATION: Executive Order 12291, Federal Regulation, and the Regulatory Flexibility Act, 5 U.S.C. 601, et seq. require that executive agencies publish in the Federal Register a semiannual notice of regulations which are under development or review or for which action has been completed. The Panama Canal Commission agenda contains certain regulations which are limited in public impact, but they are included to increase public awareness of Commission activities and to allow for increased public participation in the agency's regulatory review and development process. This agenda was prepared under the guidelines established by OMB Bulletin No. 87-6.

DATED: March 6, 1987.

Michael Rhode, Jr.,

Secretary, Panama Canal Commission.

PEACE CORPS (PEACE)

PEACE CORPS

22 CFR Ch. III

Executive Order 12291, Federal Regulations, Semiannual Agenda of Regulations

AGENCY: Peace Corps.

ACTION: Publication of semiannual agenda.

SUMMARY: This agenda announces the regulations the Peace Corps will have under development during the 12-month period from April 1, 1987 through March 31, 1988. The purpose for publishing this agenda is to give notice of any regulatory activity by the Agency in order to allow the public an opportunity to participate in the rulemaking process.

FOR FURTHER INFORMATION CONTACT: The public is encouraged to contact the Agency official listed for the particular agenda item. For other information concerning Peace Corps' regulations or this semiannual agenda, contact Robert Martin, Associate General Counsel, Peace Corps, 806 Connecticut Avenue, NW., Washington, DC 20526, (202) 254-3114.

SUPPLEMENTARY INFORMATION: In accordance with Executive Order 12291, Federal Regulations, and the Regulatory Flexibility Act (5 U.S.C. 605) executive agencies are required to publish in the **Federal Register** semiannual regulatory agendas in April and October of each year.

The regulations being considered by Peace Corps are not "major" rules within the meaning of E.O. 12291 and no Regulatory Impact Analysis is required. Peace Corps has determined that the regulations under consideration will not impose compliance costs or reporting burdens on the public; and that the regulations will not have a significant economic impact on a substantial number of small entities. Accordingly, no Regulatory Analysis is required under 5 U.S.C. 602.

Linda Rae Gregory,

Associate Director for Management.

Pension Benefit Guaranty Corporation

Semiannual Regulatory Agenda

PENSION BENEFIT GUARANTY CORPORATION (PBGC)

PENSION BENEFIT GUARANTY CORPORATION

29 CFR Ch. XXVI

Agenda of Regulations Under Development

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Agenda of regulations.

SUMMARY: This document sets forth the Pension Benefit Guaranty Corporation's regulatory agenda issued under Executive Order 12291 and the Regulatory Flexibility Act. The agenda lists regulations that are currently under development or that PBGC expects to have under development during the next twelve months. The effect of this agenda is to advise the public of PBGC's current and future regulatory activities.

ADDRESS: Corporate Policy and Regulations Department, Code 35100, Pension Benefit Guaranty Corporation, 2020 K Street, NW., Washington, DC 20006.

FOR FURTHER INFORMATION CONTACT: For further information on the agenda in general, contact J. Ronald Goldstein, Attorney, Corporate Policy and Regulations Department, 202-778-8850. For information about a specific regulation project listed on the agenda, contact the person designated in the agenda for that regulation.

SUPPLEMENTARY INFORMATION: Under the President's Order on Federal Regulation, Executive Order 12291, 46 FR 13193, each agency is required to publish in April and October an agenda of regulations currently or soon to be under development. The Executive Order requires that the agenda also include those currently effective regulations that are being reviewed by the agency pursuant to the Executive Order. The Regulatory Flexibility Act, Pub. L. 98-354, 5 U.S.C. 601, has a similar agenda requirement. Under that law, the agenda must list any regulation that is likely to have a significant economic impact on a substantial number of small entities.

The Office of Management and Budget has issued guidelines (OMB Bulletin No. 87-6) prescribing the form and content of the regulatory agenda. Under those guidelines, the agenda must list all regulatory activities being conducted or reviewed in the next twelve months and provide certain specified information on each regulation. All of the items on this agenda are current or projected rulemakings.

Kathleen P. Utgoff,

Executive Director, Pension Benefit Guaranty Corporation.

3289. TRANSFERS FROM MULTIEMPLOYER PLANS TO SINGLE-EMPLOYER PLANS

Legal Authority: 29 USC 1302(b)(3); 29 USC 1412; 29 USC 1414

CFR Citation: 29 CFR 2678

Legal Deadline: None.

Abstract: Sections 4232 and 4234 of ERISA prescribe rules governing the transfer of liabilities and assets from a multiemployer plan to a single-employer plan and prohibit certain transfers unless approved by PBGC. The regulation will establish procedures for requesting and criteria for PBGC approval of transfers which require approval and guidelines for satisfying the statutory requirements pertaining to other transfers. The regulation will also establish standards for the PBGC's waiver of a multiemployer plan's contingent liability arising from the transfer of unfunded vested benefits to a single-employer plan.

3290. REDUCTION OR WAIVER OF PARTIAL WITHDRAWAL LIABILITY

Significance: Regulatory Program

Legal Authority: 29 USC 1302(b) (3); 29 USC 1388(e) (3)

CFR Citation: 29 CFR 2646

Legal Deadline: None.

Abstract: Section 4208 of ERISA provides for the reduction or elimination under certain circumstances of an employer's partial withdrawal liability arising from a 70 percent reduction in contribution base units. That section also authorizes the PBGC to prescribe rules for the reduction or elimination of partial withdrawal liability under other conditions. The regulation will provide for the abatement of partial withdrawal liability arising from the cessation of the obligation to contribute under a collective bargaining agreement or with respect to a facility. Section 4208 also requires the PBGC to issue a regulation under which a multiemployer plan may adopt rules for the reduction or elimination of partial withdrawal liability. This regulation will allow plans to ease the statutory partial withdrawal liability rules where, for example, the rules are harmful to the plan because they discourage an employer from increasing its participation under the plan, or where the statutory rules create administrative burdens which outweigh the protections afforded by the rules.

Significance: Regulatory Program

Legal Authority: 29 USC 1302(b)(3); 29 USC 1386(b)

CFR Citation: 29 CFR 2649

Legal Deadline: None.

Abstract: Under section 4206(b) of ERISA, if an employer partially or completely withdraws from a multiemployer plan subsequent to an earlier partial withdrawal from that plan, the employer's liability for the second withdrawal must be reduced by the amount of its liability for the earlier partial withdrawal. The purpose of this credit is to avoid plans double-charging employers for the same unfunded liabilities. Section 4206(b) also requires the PBGC to prescribe regulations adjusting this credit to ensure that the employer's liability for its second withdrawal properly reflects the employer's share of liability with respect to the plan.

The need for this adjustment to the credit can be seen from the following example. In a plan that uses the rolling-5 allocation method, an employer's withdrawal liability is based on its last five years' participation in the plan. If an employer's second withdrawal occurs more than five years after its partial withdrawal, the liability for the second withdrawal is based solely on plan participation subsequent to the partial (cont)

Thus, there is no double-charging with respect to the old liabilities and no reason to give the employer a credit against its liability for the second withdrawal. However, without this regulation, the employer would get that credit under the statute. There are many other possible situations in which the employer's credit should similarly be reduced in order to ensure equitable treatment of the withdrawing employer vis-a-vis the other employers still contributing to the plan.

This regulation will result in some shifting of liabilities among employers contributing to a multiemployer plan. An employer that has another withdrawal following a partial withdrawal may incur greater liability for the second withdrawal because of the reduction in the credit for the prior partial withdrawal. However, this increase in liability would reduce the unfunded vested benefits allocable to other employers that withdraw thereafter. In the aggregate, the regulation will impose no new costs.

Significance: Regulatory Program

Legal Authority: 29 USC 1302(b)(3); 29 USC 1387(b)

CFR Citation: 29 CFR 2647, (Amendment)

Abstract: Under section 4207(a) of ERISA, the PBGC has issued a regulation (29 CFR Part 2647) providing for the reduction or waiver of an employer's liability for complete withdrawal upon the employer's resumption of participation under the plan from which it withdrew. The statute also requires the PBGC to prescribe procedures and standards under which multiemployer plans may adopt their own rules abating complete withdrawal liability upon an employer's return to the plan (section 4207(b)).

The purpose of letting plans adopt their own abatement rules is obvious: a specific rule adopted by a plan may well work better under the facts and circumstances of that particular plan than the broad rules adopted by the PBGC. This regulation will permit a plan to fashion the rules it needs to encourage the return of withdrawn employers, while at the same time protecting the plan from the loss of withdrawal liability payments without a compensating resumption of contributions to the plan by a formerly withdrawn employer. The PBGC is unable to (cont)

3293. DETERMINATION OF WITHDRAWAL LIABILITY FOLLOWING A MERGER

Significance: Regulatory Program

Legal Authority: 29 USC 1302(b)(3); 29 USC 1391(f)

CFR Citation: 29 CFR 2642, (Amendment)

Legal Deadline: None.

Abstract: The merger of two multiemployer plans creates a problem as to how the successor plan's unfunded vested benefits are to be allocated in order to determine withdrawal liability for post-merger withdrawals. Frequently, the two plans will have been using different allocation methods prior to the merger. Even if they were using the same method, if they had different plan years, that would create different allocations.

For this reason, section 4211(f) of ERISA requires the PBGC to issue regulations prescribing rules for the post-merger allocation of unfunded vested benefits. The PBGC proposes to establish rules that parallel the statutory allocation methods: i.e., there would be a presumptive allocation method that would apply to plans unless they chose otherwise, and plans would be permitted to adopt certain

modifications to this presumptive method without the PBGC's approval and other more significant modifications with the PBGC's approval. (cont)

Additional Information: ABSTRACT CONT: This regulation will remove a significant impediment to multiemployer plan mergers by eliminating employers' concern and confusion over how their withdrawal liability would be calculated after a merger. Plan mergers are generally to be encouraged since a larger plan is typically a stronger plan because of its broader contribution base, and because portability of benefits is increased. This regulation will impose no new costs.

Legal Authority: 29 USC 1302(b)(3); 29 USC 1341(c)

Legal Deadline: None.

Abstract: In a notice published in the FEDERAL REGISTER on December 31, 1986 (51 FR 47342), the PBGC issued its interpretation that ERISA section 4211 does not permit the assessment of withdrawal liability against an employer by a multiemployer plan that had no unfunded vested benefits as of the end of the plan year preceeding the employer's withdrawal. This interpretation raises certain questions as to the proper manner of applying the allocation methods prescribed in section 4211(b) and (c)(2) by a plan that at one time was fully funded, but is no longer. The PBGC plans to issue a proposed amendment to its regulation on allocating unfunded vested benefits dealing with this issue.

Abstract: This rule would amend PBGC's regulation on Valuation of Plan Benefits in Single-Employer Plans, 29 CFR Part 2619. That regulation sets forth the rules for valuing benefits in terminating plans that are covered by the insurance program under ERISA, which valuation is needed to determine if plan assets are sufficient to provide for plan benefits and to properly allocate assets to those benefits. After review of this regulation pursuant to Executive Order 12291, the PBGC is amending the rules for valuing benefits payable as lump sums upon termination. The effect of this amendment is to prescribe a new standard for the interest rates used to value lump sums that are paid in lieu of annuities, and to require that in valuing involuntary lump sums, pre-retirement mortality is to be disregarded. The amendment is needed to protect recipients of lump sum distributions from loss of benefit value resulting from the use of inappropriate valuation methods.

Abstract: Part 2613 of the PBGC's regulations defines "nonforfeitable" and "guaranteed" benefits for the purposes of Title IV of ERISA. Part 2618 implements the statutory rules for allocating plan assets to pay benefits upon plan termination. Part 2619 prescribes rules for valuing plan benefits, including rules for determining the form of benefit to be valued. Each of these regulations is effected by the Retirement Equity Act of 1984 ("REA").

REA provides that certain early retirement benefits and retirement-type subsidies and optional benefit forms will be treated as accrued benefits, and that their elimination will be treated as an impermissible reduction in accrued benefits. These amendments will conform PBGC's regulations to the provisions of REA. The amendments will impose no new costs on plans and may alleviate administrative burdens by providing definitive rules.

Abstract: The PBGC's employer liability regulation incorporates by reference the interest rate charged under section 6601 of the Internal Revenue Code as the interest rate charged, or credited, on late payments, or overpayments, of employer liability. The Tax Reform Act of 1986 significantly changed the way in which the section 6601 rate is established and creates two interest rates: one for underpayments and another, lower rate for overpayments. Because of these changes, the PBGC plans to conduct a new rulemaking proceeding to determine whether it should continue to use the section 6601 interest rates under the employer liability regulation or whether it should adopt a new rate(s) for this purpose.

Abstract: The Single-Employer Pension Plan Amendments Act of 1986 substantially revised ERISA section 4041 dealing with the voluntary termination of single-employer pension plans. Under amended section 4041, unless a plan has sufficient assets to satisfy all plan benefit commitments, it may voluntarily terminate only in a "distress" termination; i.e., a termination in which the plan sponsor and the substantial members of its controlled group are able to demonstrate either such financial hardship or unduly burdensome pension costs that, as a practical matter, the sponsor is unable to continue to maintain the plan. The statutory rules and procedures for distress terminations are substantially different from the prior rules and procedures for terminating insufficient plans. Therefore, it is necessary to revise the PBGC's plan termination regulations to reflect these new rules and procedures. This regulation covering distress terminations and a companion rule covering standard terminations (to be codified in Part 2617) will replace the PBGC's principal termination regulations on notices of intent to terminate and termination of sufficient plans (existing Parts 2616 and 2617).

that would satisfy the requirements for a distress termination, a single-employer plan my be voluntarily terminated only if it is sufficient for all benefit commitments (i.e., all nonforfeitable benefits). This is referred to as a "standard" termination. The Act also modifies many of the termination rules and procedures that applied under prior law, both to increase the protections afforded plan participants and beneficiaries and to simplify and expedite the PBGC's processing of these sufficient plan terminations. It is, therefore, necessary to promulgate this new regulation implementing SEPPAA's new rules and procedures for standard terminations. This regulation and its companion regulation covering distress terminations (to be codified in Part 2616) will replace the PBGC's principal termination regulations on notices of intent to terminate and termination of sufficient plans (existing Parts 2616 and 2617).

Abstract: Section 4041A of ERISA provides rules with respect to the termination of multiemployer plans and the payment of benefits under those plans. Under section 4041A(f)(2), PBGC is authorized to prescribe rules for the administration of those plans that are appropriate to protect the interests of plan participants and beneficiaries or to prevent unreasonable loss to the insurance system. Under section 4281(b), the plan sponsor of a plan that has terminated by mass withdrawal is required annually to determine the value of the plan's nonforfeitable benefits and assets. If the value of the benefits exceeds the value of the assets, the sponsor must amend the plan to eliminate benefits not eligible for PBGC's guarantee under section 4022A(b), to the extent necessary to insure that the plan assets are sufficient to pay all nonforfeitable benefits. This determination of sufficiency is to be made in accordance with rules prescribed by PBGC. This regulation would establish the rules for administering plans that have terminated by mass withdrawal, including the rules for determining sufficiency in the circumstances described above. Abstract: On January 19, 1981, PBGC issued an interim regulation dealing with alternative methods for allocating unfunded vested benefits in multiemployer pension plans. PBGC now plans to re-promulgate that regulation in order to correct ambiguities that have arisen under it, to conform the procedures contained in it to other PBGC regulations, and to reduce the information reporting requirements in the regulation. The regulation will impose no new costs on the public and may reduce costs for plans adopting certain alternative allocation rules by reducing the reporting requirements.

Legal Deadline: None.

Abstract: The PBGC's guaranteed benefits regulation (29 CFR Part 2613) provides that the PBGC will not pay lump sum benefits under insufficient plans unless the value of the benefit is $1,750 or less. Similarly, the plan sufficiency and valuation of benefits regulations (29 CFR Parts 2617 and 2619) permit plan administrators of terminating sufficient plans to pay lump sum benefits without a participant's consent if the value of the benefit is $1,750 or less. This $1,750 limit corresponds to the "cash-out" provisions in ERISA section 204(d) and Internal Revenue Code section 411(b)(7)(B). Theses provisions were amended by the Retirement Equity Act of 1984 to raise the cash-out limit to $3,500, in recognition of the effects of inflation on the value of small pension benefits. The PBGC believes that the same consideration supports its raising the lump sum limitation in these several regulations.

CFR Citation: 29 CFR 2606; 29 CFR 2615; 29 CFR 2622; 29 CFR 2623

Legal Deadline: None.

Abstract: The Single-Employer Pension Plan Amendments Act of 1986 ("SEPPAA") made several changes in Title IV rules and procedures that effect and, in some cases, override portions of several PBGC regulations. For this reason, these regulations - administrative review of agency decisions, benefit reductions in terminated plans, reportable events and employer liability - must be amended to conform them to SEPPAA's new provisions. For example, because SEPPAA alters the determinations that the PBGC may make with respect to voluntary plan terminations, the list in 29 CFR 2606.1(b) of determinations subject to agency review must be amended.

Similarly, SEPPAA contains, for distress terminations, specific benefit cutback rules. These rules differ somewhat from those set forth in 29 CFR Part 2623 and, therefore, conforming amendments to Part 2623 are required. SEPPAA also increases the liability to the PBGC of an employer that terminates an underfunded plan, providing for liability in excess of 30% of the employer's net worth in cases where the plan asset insufficiency substantially exceeds the net worth limitation. (CONT)

Timetable:

Action	Date	FR Cite
Final Action	12/00/87	

Small Entity: No

Additional Information: ABSTRACT CONT: SEPPAA also provides special payment rules for this additional liability. The employer liability regulation needs to be amended to reflect these changes.

This rulemaking reflects the merger of four separate items on the PBGC's last regulation agenda (51 FR 39086): RINS 1212-AA43, 1212-AA44, 1212-AA45 and 1212-AA46. Since each of these items dealt with amendments necessitated by the enactment of SEPPAA, and since there will be few amendments to the regulations (save, perhaps, to the employer liability regulation), the PBGC determined that it would be more efficient to combine the four projects into one.

After reviewing the employer liability regulation, the PBGC has determined that SEPPAA's rules creating employer liability to section 4049 trusts and to the section 4042 trustees (referred to in the prior regulation agenda) should not be added to the existing regulation. Any PBGC rules implementing these new liability provisions will be the subject of a separate regulation.

Abstract: This amendment to the existing PBGC regulation on valuing plan assets, 29 CFR Part 2620, will set forth rules for valuing group insurance contracts as plan assets. This regulation applies to single-employer plans. This rule is necessary to provide uniform standards for plan administrators and employers to use in valuing insurance contracts. The rule will enable plans which are funded through insurance contracts to have clear guidance on how this asset should be treated in the plan termination context, and alleviate time-consuming costly delays due to uncertainty on how this commonly used plan funding vehicle should be valued.

Abstract: The PBGC's regulation on Valuation of Plan Benefits in Single-Employer Plans, 29 CFR Part 2619, prescribes actuarial assumptions and methods to be used in valuing benefits in terminated single-employer pension plans. The PBGC intends to amend this regulation to adopt the approach to valuation employed in its regulation on valuation of benefits in multiemployer plans terminated by mass withdrawal, 29 CFR Part 2676, in order to conform more precisely to generally accepted actuarial practice. The proposed amendment would enable PBGC valuations to more accurately reflect interest and other assumptions that underlie the insurance annuity market place.

Abstract: The PBGC is reviewing this regulation, which implements the reporting requirements imposed by ERISA section 4043, to ascertain what changes are needed to conform this regulation to the Title IV revisions effected by the Single-Employer Pension Plan Amendments Act of 1986. For example, the regulation currently provides (Sec. 2615.1) that it applies to a single- employer plan for which a notice of intent to terminate has not been filed with the PBGC. However, under amended ERISA section 4041(a), a notice of intent to terminate is no longer filed with the PBGC in standard terminations, and thus at least this aspect of the regulation needs to be revised.

3309. EMPLOYER LIABILITY FOR SINGLE-EMPLOYER PLAN TERMINATIONS; RULES PERTAINING TO WITHDRAWALS FROM AND TERMINATIONS OF PLANS TO WHICH MORE THAN ONE EMPLOYER CONTRIBUTES OTHER (CONT)

Legal Authority: 29 USC 1302(b); 29 USC 1362 to 1364; 29 USC 1367 to 1368; PL 99-272, Sec 11011; PL 99-272, Sec 11016

CFR Citation: 29 CFR 2622

Legal Deadline: None.

Abstract: The Single-Employer Pension Plan Amendments Act of 1986 significantly changes ERISA's employer liability rules: potential liability to the PBGC is increased, and new liabilities are created to a "section 4049 trust" for unfunded benefit commitments and to the section 4042 trustee for the outstanding balance of accumulated unpaid or waived contributions. This regulation will, therefore, have to be amended. The PBGC plans to begin shortly reviewing this regulation to determine what changes must be made and whether all the liability provisions should be included in this regulation or whether the PBGC should promulgate a separate regulation dealing with liability to the section 4049 trust and the section 4042 trustee.

3310. RULES FOR ADMINISTRATIVE REVIEW OF AGENCY DECISIONS

Legal Authority: 29 USC 1302 (b) (3)

CFR Citation: 29 CFR 2606

Legal Deadline: None.

Abstract: This regulation establishes rules and procedures under which persons may obtain administrative review of various PBGC determinations. The Single-Employer Pension Plan Amendments Act of 1986 alters the determinations that the PBGC may make with respect to voluntary terminations. Therefore, the PBGC needs to amend this regulation to conform it to these new plan termination rules.

3311. BENEFIT REDUCTIONS IN TERMINATED SINGLE-EMPLOYER PENSION PLANS AND RECOUPMENT OF BENEFIT OVERPAYMENTS

Legal Authority: 29 USC 1302 (b) (3); 29 USC 1322; 29 USC 1344; PL 99-272, Sec 11009 (a)

CFR Citation: 27 CFR 2623

Legal Deadline: None.

Abstract: This regulation, among other things, contains rules limiting benefit payments after the filing with the PBGC of a notice of intent to terminate by a plan that is not sufficient for guaranteed benefits. However, the new rules in the Single-Employer Pension Plan Amendments Act of 1986 on distress terminations modify both the applicability and timing of these benefit cutback rules. Therefore, conforming amendments to this regulation are necessary.

3312. PART 220 DISABILITY DETERMINATIONS

Significance: Regulatory Program

Legal Authority: 45 USC 231f(b)(5)

CFR Citation: 20 CFR 220

Legal Deadline: None.

Abstract: The Board's regulations with respect to disability determinations have not been updated for several years and they are, in certain respects, obsolete. When revised, this regulation should ease the administration of disability benefits and result in greater consistency in disability determinations.

3313. COMPUTING THE EMPLOYEE AND SPOUSE ANNUITY

Legal Authority: 45 USC 231f(b)(5)

CFR Citation: 20 CFR 226

Legal Deadline: None.

Abstract: The Board's regulations on the computation of employee and spouse annuities must be updated to conform to the Railroad Retirement Act of 1974 and to amendments to the Act made by the Omnibus Budget Reconciliation Act of 1981 and the Railroad Retirement Solvency Act of 1983.

3314. INITIAL DETERMINATIONS UNDER THE RAILROAD UNEMPLOYMENT INSURANCE ACT AND REVIEWS OF AND APPEALS FROM SUCH DETERMINATIONS

Legal Authority: 45 USC 355(b); 45 USC 362(l)

CFR Citation: 20 CFR 320; 20 CFR 340

Legal Deadline: None.

Abstract: The Board's regulation setting forth the procedures to be followed in rendering initial decisions and in requesting and handling reconsiderations and appeals from these decisions has been reviewed and a proposal to make certain revisions in Part 320 is being developed. The proposed regulation would conform the procedures more closely to those applicable under the Railroad Retirement Act. The proposed amendment to Part 340 explains when and under what circumstances waiver of recovery of erroneous payments may occur.

Abstract: The Railroad Retirement Board proposes to amend 20 CFR 200 to provide for assessment of interest, penalties, and collection costs, as authorized by the Debt Collection Act of 1982, in connection with the collection of certain debts arising from erroneous benefit payments under the several Acts administered by the Board. Section 11 of the Debt Collection Act of 1982 (Pub. L. 97-365) amended section 3(e) of the Federal Claims Collection Act of 1966 to provide that the head of an agency shall charge interest on claims owed the agency, assess penalties on delinquent debts, and assess charges to cover the costs of processing delinquent claims. Section 11 imposes a mandatory requirement that interest, penalties, and charges be assessed except as specifically provided in that section.

3337. PRIMARY INSURANCE AMOUNT DETERMINATIONS

Legal Authority: 45 USC 231f(b)(5)

CFR Citation: 20 CFR 225

Legal Deadline: None.

Abstract: The computation of benefits under the Railroad Retirement Act of 1974 is quite complex and is not easily understood by beneficiaries. This proposed regulation would explain primary insurance amount determinations in a manner that will enable claimants and beneficiaries to more easily understand this phase of benefit computations.

Small Business Administration

Semiannual Regulatory Agenda

SMALL BUSINESS ADMINISTRATION (SBA)

SMALL BUSINESS ADMINISTRATION

13 CFR Ch. I

Improving Government Regulations; Semiannual Agenda

AGENCY: Small Business Administration.

ACTION: Publication of the semiannual agenda of regulations under review or development by the Small Business Administration.

SUMMARY: This is SBA's 16th semiannual agenda of regulations. Although not a regulatory Agency, SBA has attempted to draft agendas that met both the criteria and the spirit of the regulatory review process. This agenda is published pursuant to Executive Order 12291 and the Regulatory Flexibility Act, 5 U.S.C. 601 et seq., Pub. L. 96-354, effective January 1, 1981.

FOR FURTHER INFORMATION CONTACT: For further information on agenda items, the public is encouraged to contact the individual Agency official listed for the particular item.

For information concerning SBA overall Regulatory Review and Development Program or general semiannual agenda questions, contact Martin D. Teckler, Deputy General Counsel, Small Business Administration, 1441 L Street, NW., Washington, DC 20416, 202/653-6642.

SUPPLEMENTARY INFORMATION: The SBA agenda will contain many regulations which are limited in public impact, but they are included to increase public knowledge of all SBA regulatory activities and allow for increased public participation in the review and development process.

Public comments on SBA's previous agendas have been general, and all were positive. None were directed at specific contents, nor were any changes suggested or recommended.

The agenda format has four parts. Part I, Pre-Rulemakings, includes investigations and reviews to be conducted prior to deciding whether or not to propose a rule or rule change. Part II, Proposed Rules, includes rulemaking which will be proposed during the six-month period covered by the agenda. Part III, Final Rules, includes proposed rules which will be finalized during the period covered by the agenda. Part IV, Completed Actions, includes regulations completed or withdrawn, and reviews completed since the preceding agenda.

Publication of this agenda does not impose any binding obligation on SBA with regard to any specific item in the agenda. Additional regulatory action not listed on the agenda is not precluded.

DATED: March 6, 1987.

Charles L. Heatherly,

Deputy Administrator.

Regulatory Agenda

AGENCY: Tennessee Valley Authority (TVA).

ACTION: Regulatory agenda.

SUMMARY: As a nonregulatory agency, TVA originates very few regulations. However, TVA has two regulations under development. TVA has also published a proposed rule with regard to a third regulation and a notice of intent with regard to a fourth regulation. TVA is therefore publishing a regulatory agenda in voluntary compliance with Executive Order No. 12291.

3378. PROTECTION OF ARCHAEOLOGICAL RESOURCES

Legal Authority: 16 USC 470aa to 470ll

CFR Citation: 18 CFR 1312

Legal Deadline: None.

Abstract: The planned regulations will implement provisions of the Archaeological Resources Protection Act of 1979 by providing protection of archaeological resources on public lands in TVA custody and control. TVA will seek to protect such resources through permits authorizing excavation or removal of resources, through civil penalties for unauthorized excavation or removal, through preservation of archaeological resource collections and data, and through assuring confidentiality of information about resources when disclosure would threaten the resources. The planned regulations will supplement existing uniform regulations by assigning specific responsibilities within TVA.

3381. ● PRIVACY ACT OF 1974; EXEMPT SYSTEM OF RECORDS

Significance: Agency Priority

Legal Authority: 5 USC 552a

CFR Citation: 18 CFR 1301.24(d), (New)

Legal Deadline: None.

Abstract: The proposed regulation would exempt a proposed new system of records maintained by the Tennessee Valley Authority's Office of the Inspector General (OIG) for investigations and entitled "OIG Investigative Records - TVA" from subsections (c)(3), (d), (e) (1), (e)(4)(G), (H), and (I) and (F) of 5 USC 552a (section 3 of the Privacy Act). This exemption is required because application of those subsections could alert investigation subjects to the existence or scope of investigations, disclose investigative techniques or procedures, reduce the cooperativeness of witnesses, or otherwise impair investigations.

Veterans Administration

Semiannual Regulatory Agenda

VETERANS ADMINISTRATION (VA)

VETERANS ADMINISTRATION

38 CFR Ch. I

Agenda of Federal Regulations

AGENCY: Veterans Administration.

ACTION: Publication of agenda of regulations.

SUMMARY: This agenda announces the regulations that the Veterans Administration will have under review, development, or revision during the 12-month period from April 1987 to April 1988. The purpose in publishing this Agency's regulatory development activities is to allow all interested persons the opportunity to participate in the rulemaking process.

ADDRESSES: Interested persons are invited to comment on the regulations listed in the agenda by contacting the individual agency contact listed for each regulation, or by writing to: Paperwork Management and Regulations Service (731), Veterans Administration, 810 Vermont Avenue, NW., Washington, DC 20420.

FOR FURTHER INFORMATION CONTACT: M'Liz McLendon (202) 233-2340.

SUPPLEMENTARY INFORMATION: Executive Order 12291, Federal Regulation, and the Regulatory Flexibility Act (Pub. L. 96-354) require that executive agencies publish in the **Federal Register** in April and October of each year an agenda of regulations under development and review.

The Veterans Administration has no regulations considered major under the terms of Executive Order 12291; however, all of this agency's proposed rules and current rules under review, except those considered to be internal agency policy management or routine regulations, have been listed in accordance with section 5(a) of the Executive Order. This agenda incorporates those categories of information required pursuant to 5 U.S.C. 602(a) and 610(c) of the Regulatory Flexibility Act.

This agenda has been prepared in accordance with OMB Bulletin 87-6.

DATED: February 27, 1987.
By direction of the Administrator.
David A. Cox,
Associate Deputy Administrator for Management.

Proposed Rule Stage

DEPARTMENT OF MEDICINE AND SURGERY

3382. EXTENSIONS TO COMMUNITY NURSING HOME CARE

Legal Authority: 38 USC 620

CFR Citation: 38 CFR 17.51a

Legal Deadline: None.

Abstract: Existing regulations that permit an extension to an approved 6-month period of Community Nursing Home Care at VA expense are not definitive enough regarding the circumstances of an unusual nature which provide the impetus for granting such extensions. The proposed change will correct that deficiency.

3383. COMMUNITY RESIDENTIAL CARE

Legal Authority: 38 USC 630

CFR Citation: 38 CFR 17.51h to 17.51q

Legal Deadline: None.

Abstract: These regulations will clarify the legal status of the Community Residential Care program, setting standards and criteria for health and safety, facility resources, guidelines for costs of care, conditions under which the agency may cease referrals to non-complying facilities.

3384. TELECAPTION TELEVISION DECODERS

Legal Authority: PL 98-528

CFR Citation: 38 CFR 17.115b; 38 CFR 17.115c

Legal Deadline: None.

Abstract: This law authorizes the VA to furnish assistive devices to overcome the handicap of deafness, including telecaption television decoders, to any veteran who is profoundly deaf and is entitled to compensation on account of hearing impairment. As for telecaption TV decoders, VA policy previously limited the provision of this device to veterans who suffered an aberrant or morbid mental condition as a result of deafness. The law specifically authorizes the VA to provide this device but limits the provision to profoundly deaf veterans who are entitled to compensation for a hearing impairment.

3386. DISPOSITION OF VETERAN'S PERSONAL FUNDS AND EFFECTS ON FACILITY UPON DEATH, OR DISCHARGE, OR UNAUTHORIZED ABSENCE, AND OF FUNDS AND EFFECTS FOUND ON FACILITY

Legal Authority: 38 USC 210c

CFR Citation: 38 CFR 12.0 to 12.24

Legal Deadline: None.

Abstract: Section 208 of Public Law 94-581 provides that unclaimed property or funds and effects left by a dependent or survivor of a veteran receiving medical care at a VA facility as a CHAMPVA beneficiary will be disposed of in the same or similar manner as such property left by a veteran. Also, estates of dependents or survivors of a veteran who dies intestate and without legal heirs while a patient in any VA facility or any hospital, while being furnished care or treatment therein by the VA will escheat to the U.S. Government. Some of these regulations have not been updated since 1948, therefore, editorial changes will be made which will not affect policy.

Legal Authority: 38 USC 5031 to 5037; PL 98-528; PL 98-502; PL 99-166; PL 99-576

CFR Citation: 38 CFR 17.170 to 17.177

Legal Deadline: Statutory, April 1, 1987. PL 99-576 requires regulations by April 1, 1987, for according priority to application for Federal assistance in the construction or acquisition of State Home facilities.

Abstract: Proposed revision to existing regulations consolidates Public Laws 98-528, 98-502, 99-166, and 99-576. PL 98-528 provides for the acquisition of facilities for use as State Veterans Home. PL 98-502 requires compliance with the Single Audit Act of 1984 (codified in 38 CFR Part 41). PL 99-166 requires VA to defer applications for construction or acquisition of State Veterans home facilities if by July 1 of the Federal fiscal year in which VA notifies that State of available funds, the State has not provided adequate financial support (matching funds). PL 99-576 requires the VA to accord priority to applications which: (1) have adequate State funds (matching share); (2) States which do not have a State home built or acquired with Federal funds under Title 38 USC 5031 to 5037; (3) need; and (4) other criteria determined appropriate by the Administrator.

3388. CONFIDENTIAL QUALITY ASSURANCE PROGRAM RECORDS AND DOCUMENTS

Legal Authority: 38 USC 3305; 38 USC 4151; 38 USC 4152

CFR Citation: 38 CFR 17, (Revision)

Legal Deadline: None.

Abstract: Final regulations implementing 38 USC 3305 were made effective Oct. 22, 1982. Those regulations govern the VA's QA (quality assurance) program activities and records and documents which are made confidential and privileged. Sec. 3305 prohibits the VA from designating any QA program activity, for the purpose of confidentiality, unless such activity has been specified in regulation. PL 99-166 amends 38 USC 4151 and 4152 to require that QA program activities include an evaluation of the quality of surgical care in DM&S, as evidenced by outcome measures of mortality and morbidity; a report to Congress indicating deficiencies in the quality of care is required. 38 USC 3305 was amended to clarify that aggregate statistical data is not to be made confidential provided individuals are not identified. The definitions and descriptions of the QA program are outdated; unreflective of a systems' approach, and too restrictive to accommodate periodic policy developments or redirections within DM&S. No alternatives are being considered. There are no potential costs to the action. The benefits would be in the form of programmatic improvements.

Significance: Regulatory Program

Legal Authority: PL 98-543, Sec 301

CFR Citation: 38 CFR 21.6000 series (new)

Legal Deadline: None.

Abstract: The pilot program is directed to evaluating the effectiveness of vocational training and related services in restoring veterans to gainful employment and realizing cost benefits. During the period February 1, 1985, through January 31, 1989, veterans awarded pension may be eligible for up to 24 months or more of vocational training to prepare for and enter

employment. Under this program every veteran under age 50 who begins to receive a pension award on or after February 1, 1985, will participate in a vocational evaluation to be arranged by the VA. Veterans who are age 50 and older and are awarded pension after February 1, 1985, may apply for an evaluation of their ability to profit from vocational training. Vocational training for up to 24 months or more and up to 18 months of employment services will be provided for program participants. A veteran will continue to receive pension during the period of training and employment services. Pension will be reduced or terminated following adjustment in employment when work income exceeds the annual income limitation applicable to pension.

Legal Authority: 38 USC 210(c); 38 USC 1803(c)(1)

CFR Citation: 38 CFR 36

Legal Deadline: None.

Abstract: Public Law 97-253, the Omnibus Budget Reconciliation Act of 1982 (38 U.S.C. 1829) establishes that a funding fee will be collected on VA loans but the law does not establish any time limits within which it must be paid to the VA. Current VA Loan Guaranty procedures allow lenders up to 60 days from the loan closing date to remit loan funding fees and this delay in their collection and deposit has resulted in a significant amount of potential interest lost to the Federal government. The proposed regulation would require lenders to submit the fees to the VA within a 15 day period from the loan closing date and would implement penalty charges and interest assessments on delinquent submissions. Adoption of this regulation should improve collection timeliness and result in the collection of the interest income that is currently being lost as well as income from interest and penalty charges.

Abstract: OMB Circular A-129 requires agencies managing Federal credit programs to obtain credit reports for all new applicants, when refinancing, and when loans are rescheduled in order to verify the information presented in the application. The circular further provides that rescheduling or reamortization shall be permitted only when it is in the best interest of the Government and where the agency has determined that recovery of all or a portion of the amount owed is reasonably assured. Credit reports must also be required in connection with claims on defaulted guaranteed loans to facilitate agency determinations of the next collection steps to be pursued. These revisions will enable VA to better determine whether a proposed loan reamortization is in the best interest of the government and will facilitate improvements in debt collection practices.

Abstract: A veteran eligible for assistance under the vocational rehabilitation program (chapter 31, title 38 USC) and under the all volunteer force educational assistance program (chapter 30, title 38 USC) may elect to pursue a program of education under chapter 30 as a part of a vocational rehabilitation program under chapter 31. A veteran making such an election would only receive benefits otherwise payable under chapter 30.

Legal Authority: 38 USC 706

CFR Citation: 38 CFR 8.28, (Revision)

Legal Deadline: None.

Abstract: Under current regulations, National Service Life Insurance (NSLI) policy loans are issued with fixed interest rates, which may not be increased for the duration of the loans. This amendment would provide for the issuance of new NSLI policy loans with interest rates which may be periodically adjusted as determined to be reasonable and practicable. Notice of the prevailing variable interest rate will be provided directly to borrowers and interested parties, and the current practice of amending the loan regulation for each rate change will be discontinued. This amendment will allow the policy loan rate to keep pace with current economic conditions. United States Government Life Insurance policy loans and existing NSLI policy loans would not be affected by this amendment.

3411. PROVIDING AN INITIAL EVALUATION FOR A VETERAN NOT RESIDING IN A STATE

Legal Authority: 38 USC 111; 38 USC 1506

CFR Citation: 38 CFR 21.100; 38 CFR 21.376

Legal Deadline: None.

Abstract: An initial evaluation is provided each veteran requesting assistance under the vocational rehabilitation program. The purpose of the initial evaluation is to determine eligibility and entitlement to vocational rehabilitation and plan a program of vocational rehabilitation for eligible veterans. The initial evaluation is provided by VA counseling psychologists in the United States. Since interpersonal discussion is the essence of counseling, providing an initial evaluation to a veteran residing overseas by a VA counselor located in this country poses logistical and other problems. We are proposing that current regulations be amended to allow for greater flexibility in providing initial evaluations to veterans not residing in a state, including those veterans residing overseas. The alternatives to the present system include, but are not limited to contracting with qualified counseling staff located in the area in which the veteran resides, to conduct a part of the evaluation. All decisions as to eligibility for services would continue to be made by VA staff.

Abstract: The VA is proposing to rescind several regulations. These regulations concern the implementation of Title VI, Civil Rights Act of 1964 in the education programs which the VA administers. The regulations either conflict with or repeat unnecessarily other regulations which deal with the implementation of that Act. Rescinding these regulations will eliminate any confusion in the public's perception of the way the VA is implementing this Act.

Legal Authority: 38 USC 1504(a)

CFR Citation: 38 CFR 21.62; 38 CFR 21.53; 38 CFR 21.198

Abstract: The VA reviews all cases in which findings of infeasibility for vocational rehabilitation or termination of rehabilitation programs is being considered for seriously disabled veterans. These reviews are currently conducted by the Vocational Rehabilitation Panel, a multidisciplinary advisory group. The Panel forwards its recommendations to the counseling psychologist who may accept or reject these recommendations. The VA proposes to reassign this review responsibility to the Vocational Rehabilitation and Counseling Officer, the counseling psychologist's immediate supervisor. Program experience indicates that this change will improve program administration and maintain quality of service for seriously disabled veterans.

Abstract: Provides for the enforcement of section 504 of the Rehabilitation Act of 1973, as amended, as it applies to programs or activities conducted by the VA. Section 504 prohibits discrimination on the basis of handicap. There is no other alternative to the issuance of this regulation since it implements a legislative mandate. Qualified handicapped individuals will be assured of equal participation in programs or activities conducted by the VA.

Legal Authority: 29 USC 794

CFR Citation: 38 CFR 18.423(c); 38 CFR 18.401 to 18.426, App. A

Legal Deadline: None.

Abstract: To incorporate a reference to the Uniform Federal Accessibility Standards (UFAS) and update the list of Federal financial assistance programs administered by the VA. The existing regulations require that new construction and alteration of facilities be made in an accessible manner. The regulations provide that new construction or alteration of facilities in conformance with the American National Standard Specifications for Making Building and Facilities Accessible to, and Usable by, the Physically Handicapped (ANSI A117.1-1961 (B 1971)) shall constitute compliance with the accessibility requirements for new construction and alteration of facilities. The proposed revision will replace the current standard with the UFAS, published under the Architectural Barriers Act of 1968. Because some facilities subject to the accessibility requirements of section 504 of the Rehabilitation Act of 1973 are also subject to the accessibility requirements of the Architectural Barriers Act, this proposal would eliminate any potential conflict between standards enforced under the two statutes.

Legal Authority: 35 USC 200 to 207

CFR Citation: 38 CFR 1.635 to 1.643

Legal Deadline: None.

Abstract: Under affiliation agreements between VA Medical Centers and local colleges or universities, VA employees and university employees are sometimes coinventors. Universities have requested the VA to assign its interest in any such inventions to the university. Pub. L. No. 96-517 authorizes the VA to so assign its interest in certain circumstances, provided the invention was made under a funding agreement between the agency and the coinventing entity. These regulations will set forth the procedure and criteria for determination of patent right ownership in these situations. No costs will be imposed on the public. The public will benefit from consolidation of patent rights on one entity because this facilitates licensing and marketing of the invention, and thereby makes the invention available for public use.

Legal Authority: PL 99-509 6101-6104, 100 Stat. 1874

CFR Citation: 38 CFR 42

Legal Deadline: Statutory, April 21, 1987.

Abstract: These regulations would implement the Program Fraud Civil Remedies Act, which the Veterans Administration must promulgate by April 21, 1987. The regulations would permit VA to bring administrative proceedings against persons who knowingly make, present, or submit a false claim or statement against the Agency under $150,000 in value. VA could, under the regulations, recover up to twice the amount of the false claim or statement plus impose a civil penalty or up to $5,000 for each separate false claim. The regulations would proscribe specific procedures when VA receives allegations of a false claim: an investigation by the VA Inspector General, a review of the investigation by the General Counsel or designee, referral to the Attorney General, and action by the reviewing official if approved by the Attorney General. The person found liable could request a hearing before an Administrative Law Judge with all the due process protections under the Administrative Procedure Act. Abstract: The VA is amending the existing regulations concerning VA lists of names and addresses and is also proposing administrative procedures to use when these lists are used for purposes not authorized by law. This action results from the need to amend the regulations to reflect current procedures, organizational changes, and

concern expressed by veterans and some service organizations regarding unsolicited mail. The proposed regulatory amendments will allow the VA to enforce its statutory duty to protect the privacy of information concerning veterans and their dependents, establish procedures to suspend recipients who misuse VA name and address lists of veterans/ dependents, and give advance notice to recipients of what constitutes an authorized/unauthorized use of veterans/ dependents names and address lists, thereby protecting the due process rights of any recipient before penalties are enforced.

Legal Authority: 38 USC 210; 38 USC 3202; 38 USC 3203; PL 98-543, Sec 402

CFR Citation: 38 CFR 13.70; 38 CFR 13.71; 38 CFR 13.74

Legal Deadline: None.

Abstract: 38 CFR 13.70 defines the conditions under which the Veterans Services Officer may recommend an apportionment of benefits to dependents. The proposed amendment will clarify these conditions. The amendment will also remove a reference to mental illness as the sole criteria for a rating of incompetency.

38 CFR 13.71 is to be amended to make clear that the signing of an institutional award agreement does not waive an

institution's right to claim payments under 38 USC 641. This action is the result of an unpublished General Counsel opinion.

38 CFR 13.74 is based on the provisions of 38 USC Sec. 3203(b) (1)(A); however, where the law refers to more than one type of institutional care, the regulation refers only to instances of hospitalization. This would seem to preclude application of the regulation when veterans are in State run nursing homes or other institutions operated by the United States or a political subdivision. The VA, therefore, proposes to correct this defect by substituting the terms "institution" and "institutionalization" where appropriate.

Federal Acquisition Regulation; Semiannual Regulatory Agenda

DEPARTMENT OF DEFENSE/GENERAL SERVICES ADMINISTRATION/NATIONAL AERONAUTICS AND SPACE ADMINISTRATION (FAR)

DEPARTMENT OF DEFENSE/GENERAL SERVICES ADMINISTRATION/NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

48 CFR Ch. 1

Semiannual Agenda

AGENCIES: Department of Defense (DOD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

ACTION: Semiannual agenda.

SUMMARY: This agenda provides summary descriptions of regulations being developed by the Civilian Agency Acquisition Council and the Defense Acquisition Regulatory Council, in compliance with Executive Order 12291, Federal Regulation. This agenda is being published to allow interested persons an opportunity to participate in the rulemaking process.

The FAR Secretariat has attempted to list all regulations pending at the time of publication, except for minor and routine or repetitive actions, however, unanticipated requirements may result in the issuance of regulations that are not included in this agenda. There is no legal significance to the omission of an item from this listing. Also, the dates shown for the steps of each action are estimated and are not commitments to act on or by the dates shown.

FOR FURTHER INFORMATION CONTACT: Margaret A. Willis, FAR Secretariat, (202) 523-4755.

SUPPLEMENTARY INFORMATION: DOD, GSA, and NASA, under their several statutory authorities, jointly issue and maintain the Federal Acquisition Regulation (FAR) and prescribe the FAR system. Revisions to the FAR are made through periodic issuance of Federal Acquisition Circulars (FAC's). None of the regulations listed in this agenda are considered major under Executive Order 12291, Federal Regulation.

DATED: March 6, 1987.

Lawrence J. Rizzi,

Director, Office of Federal Acquisition and Regulatory Policy.

CFR Citation: 48 CFR 7; 48 CFR 15; 48 CFR 19; 48 CFR 34; 48 CFR 52

Legal Deadline: Statutory, May 1, 1985.

Abstract: (1) Implement Sec. 1213 of Pub. L. 98-525 and Sec. 201 of Pub. L. 98-577 by (a) requiring that the contracting officer, prior to contracting, review the acquisition history of the supplies or services and the description of the supplies, and (b) specifying new requirements applicable to planning for the solicitation of a major system production contract; (2) Implement Sec. 1245 of Pub. L. 98-525 and Sec. 501 of Pub. L. 98-577 by specifying that offerors/contractors (a) are required to distribute costs within contracts on a basis that ensures that unit prices of supplies are in proportion to the item's base cost, (b) may be required to identify supplies that they will not manufacture or to which they will not contribute significant value, and (c) are required to flow the requirement down to subcontractors; (3) Implement Sec. 1216 of Pub. L. 98-525 and Sec. 204 of Pub. L. 98-577 by requiring offerors/contractors in certain acquisitions to certify that the prices offered for those items of supply that the contractor offers for sale to the public are no higher than any lower price charged to any other customer during the preceding 60 days, or submit a written justification for any (cont)

Commodity Futures Trading Commission

Semiannual Regulatory Agenda

COMMODITY FUTURES TRADING COMMISSION (CFTC)

COMMODITY FUTURES TRADING COMMISSION

17 CFR Ch. I

Regulatory Flexibility Agenda

AGENCY: Commodity Futures Trading Commission.

ACTION: Publication of regulatory flexibility agenda.

SUMMARY: The Commodity Futures Trading Commission, in accordance with the requirements of the Regulatory Flexibility Act, is publishing a semiannual agenda of significant rules which the Commission expects to propose or promulgate over the next year. The Commission welcomes comments from small entities and others on the agenda.

ADDRESS: Comments should be sent to: Commodity Futures Trading Commission, 2033 K Street, NW., Washington, DC 20581 (202) 254-7360.

SUPPLEMENTARY INFORMATION: The Regulatory Flexibility Act, 5 U.S.C. 601, et seq. ("RFA"), sets forth a number of requirements for agency rulemaking. Among other things, the RFA requires that:

(a) During the months of October and April of each year, each agency shall publish in the **Federal Register** a regulatory flexibility agenda which shall contain:

(1) A brief description of the subject area of any rule which the agency expects to propose or promulgate which is likely to have a significant economic impact on a substantial number of small entities;

(2) A summary of the nature of any such rule under consideration for each subject area listed in the agenda pursuant to paragraph (1), the objectives and legal basis for the issuance of the rule, and an approximate schedule for completing action on any rule for which the agency has issued a general notice of proposed rulemaking; and

(3) The name and telephone number of an agency official knowledgeable concerning the items listed in paragraph (1).

5 U.S.C. 602(a). Accordingly, the Commission has prepared an agenda of significant rules which it presently expects may be considered during the course of the next year, irrespective of their potential impact on small entities.[1] In addition, the agenda lists rulemaking actions which have been completed since the October agenda was prepared.

The Commission's agenda represents its best estimate of significant rules which will be considered over the next twelve months.[2] In this regard, section 602(d) of the RFA, 5 U.S.C. 602(d), provides: "Nothing in [section 602] precludes an agency from considering or acting on any matter not included in a regulatory flexibility agenda or requires an agency to consider or act on any matter listed in such agenda."

The Commission is publishing its April 1987 Regulatory Flexibility Agenda as part of the April Unified Agenda of Federal Regulations. The Unified Agenda of Federal Regulations is coordinated by the Office of Management and Budget pursuant to Executive Order 12291. While participation by executive agencies in the Agenda is mandatory, independent agencies, such as the Commission, participate in the Unified Agenda on a voluntary basis.

The Commission's April 1987 Regulatory Flexibility Agenda is set forth below.

Issued in Washington, DC on February 27, 1987, by the Commission.

Jean A. Webb,

Secretary of the Commission.

Proposed Rule Stage

Sequence Number	Title	Regulation Identifier Number
3576	Revision of Federal Speculative Position Limits	3038-AA52

Final Rule Stage

Sequence Number	Title	Regulation Identifier Number
3577	Regulations Permitting the Grant, Offer and Sale of Options on Physical Commodities (Dealer Options)	3038-AA03
3578	Minimum Financial and Related Reporting Requirements for Futures Commission Merchants	3038-AA10
3579	Regulations Governing the Offer and Sale of Foreign Futures and Option Contracts in the United States	3038-AA33
3580	Review of Exchange Disciplinary Actions	3038-AA49

[1] The Commission has published its definitions of small entity to be used by the Commission in connection with rulemaking proceedings. 47 FR 18618 (April 30, 1982). Pursuant to those definitions, the Commission is not required to list many of the agenda items contained in this regulatory flexibility agenda. *See* 5 U.S.C. 602(a)(1). Moreover, the Commission has previously certified, pursuant to section 605 of the RFA, 5 U.S.C. 605, that certain items contained in this agenda will not have a significant economic impact on a substantial number of small entities. Accordingly, listing of an event in this regulatory flexibility agenda should not, in any event, be taken as a determination that a rule, when proposed or promulgated, will in fact require a regulatory flexibility analysis. However, the Commission hopes that the publication of an agenda which includes significant rules, regardless of their potential impact on small entities, may serve the public generally by providing an early and meaningful opportunity to participate in and comment on the formulation of new or revised regulations.

[2] In addition to publishing the regulatory flexibility agenda, the Commission also makes available to the public, on a monthly basis, a calendar listing rules that the Commission intends to consider that month.

COMMODITY FUTURES TRADING COMMISSION (CFTC) — Proposed Rule Stage

3576. REVISION OF FEDERAL SPECULATIVE POSITION LIMITS

Legal Authority: 7 USC 6a; 7 USC 12a(5)

CFR Citation: 17 CFR 150.1; 17 CFR 150.2; 17 CFR 150.3; 17 CFR 150.4; 17 CFR 150.5; 17 CFR 150.10; 17 CFR 150.11; 17 CFR 150.12; 17 CFR 150.6, (new); 17 CFR 150.7, (new)

Legal Deadline: None.

Abstract: It has been a longstanding policy of the Commodity Futures Trading Commission ("Commission") to establish and enforce under its rulemaking authority speculative position limits for futures contracts on various agricultural commodities. Generally, the appropriateness of the particular levels of these speculative position limits has not been reviewed in recent years. In this regard, the Commission has received petitions for rulemaking from the Chicago Board of Trade and from the New York Cotton Exchange to revise these limits. Accordingly, the Commission is undertaking generally to review these speculative position limits and to revise them as appropriate.

3577. REGULATIONS PERMITTING THE GRANT, OFFER AND SALE OF OPTIONS ON PHYSICAL COMMODITIES (DEALER OPTIONS)

Legal Authority: 7 USC 6c(b); 7 USC 6c(d); 7 USC 12a(5)

CFR Citation: 17 CFR 1; 17 CFR 3; 17 CFR 32

Legal Deadline: None.

Abstract: Congress has directed the Commission to issue regulations permitting grantors and futures commission merchants to grant, offer and sell so-called "dealer options" on certain physical commodities subject to certain conditions specified by statute and such other uniform and reasonable requirements as the Commission may prescribe. At present, the only persons who may lawfully grant dealer options are United States domiciles who, on May 1, 1978, were in the business of buying, selling, producing or otherwise using that commodity. The Commission has reproposed rules, principally concerning registration of dealer option grantors, requirements for the segregation of customer funds, disclosure to customers and prospective customers, and minimum financial requirements. The Commission intends to re-evaluate the proposed rules in light of regulatory changes that have occurred since 1980.

Consumer Product Safety Commission

Semiannual Regulatory Agenda

CONSUMER PRODUCT SAFETY COMMISSION (CPSC)

CONSUMER PRODUCT SAFETY COMMISSION

16 CFR Ch. II

Regulatory Flexibility Act; Semiannual Regulatory Flexibility and Unified Agendas

AGENCY: Consumer Product Safety Commission.

ACTION: Publication of regulatory flexibility and unified agendas.

SUMMARY: The Regulatory Flexibility Act (RFA) requires each Federal agency to publish twice each year a regulatory flexibility agenda listing the rules expected to be proposed or promulgated which are likely to have a significant economic impact on a substantial number of small entities, including small businesses, small organizations, and small governmental units. In this document, the Commission publishes its semiannual regulatory flexibility agenda.

Additionally, although not required to do so, the Commission has elected to comply voluntarily with those provisions of Executive Order 12291 which require executive agencies to publish an agenda of regulatory actions expected to be under development or review by the agency during the succeeding 12 months and which further provide that such an agenda may be combined with an agency's regulatory flexibility agenda published in accordance with the RFA.

DATE: The Commission welcomes comments on each subject area of the agenda, particularly from small entities. Written comments concerning the agenda should be received in the Office of the Secretary by June 30, 1987.

ADDRESS: Comments on the regulatory flexibility agenda should be sent to the Office of the Secretary, Consumer Product Safety Commission, Washington, DC 20207, telephone (301) 492-6800, and should be titled "Regulatory Flexibility Agenda."

FOR FURTHER INFORMATION CONTACT: For further information on the agenda in general, contact: Harleigh Ewell, Office of the General Counsel, Consumer Product Safety Commission, Washington, DC 20207, telephone (301) 492-6980. All inquiries from the press and broadcast media should be directed to Lou Brott, Office of Public Affairs, Consumer Product Safety Commission, Washington, DC 20207, telephone (301) 492-5540. For further information regarding a particular item on the agenda, consult the individual listed in the column headed "Contact" for that particular item.

SUPPLEMENTARY INFORMATION: The Regulatory Flexibility Act, 5 U.S.C. 601-612, contains several provisions intended to reduce unnecessary and disproportionate regulatory requirements on small businesses, small governmental organizations, and other small entities. Section 602 of the Act, 5 U.S.C. 602, requires each agency to publish twice each year a regulatory flexibility agenda containing a brief description of the subject area of any rule expected to be proposed or promulgated which is likely to have a "significant economic impact" on a "substantial number" of small entities. The agency must also provide a summary of the nature of the rule, the objectives and legal basis for the rule, and a schedule for acting on each rule for which the agency has issued a notice of proposed rulemaking. The Regulatory Flexibility Agenda shall also contain the name and address of the agency official knowledgeable about the items listed. Further, agencies are required to provide notice of their agendas to small entities and to solicit their comments by direct notification or by inclusion in publications likely to be obtained by such entities.

In addition, President Reagan's Executive Order 12291 requires executive agencies to publish, twice each year, a regulatory agenda of proposed regulations under development or current regulations under review and further states that such an agenda may be combined with an agenda published under the RFA. While the Commission, as an independent regulatory agency, is not required to follow Executive Order 12291, the Commission is complying voluntarily with those provisions concerning publication of a regulatory agenda.

The regulatory flexibility agenda published below lists, for a 12-month period, the regulatory activities expected to be under development or review. These include all such activities, not only those which may have a significant economic impact on a substantial number of small entities.

The agenda contains a brief description and summary of each regulatory activity, including the objectives and legal basis for each; an approximate schedule of target dates, subject to revision, for the development or completion of each activity; and the name and telephone number of a knowledgeable agency official concerning particular items on the agenda. All agency contacts have the same address: Consumer Product Safety Commission, Washington, DC 20207.

DATED: March 18, 1987.

Sadye E. Dunn,

Secretary, Consumer Product Safety Commission.

Abstract: On May 31, 1985, the Commission published an advance notice of proposed rulemaking (ANPR) to announce its preliminary determination that an unreasonable risk of injury may be associated with all-terrain vehicles. An all-terrain vehicle (ATV) is a motorized machine intended to be ridden by one person and designed for off-road use. ATVs are manufactured in three-wheel and four-wheel designs. Hearings were held in six cities from May 1985 through March 1986. On April 3, 1985, the Commission established a staff ATV Task Force to study and evaluate this matter. The Task Force submitted a report and recommendations, and, on December 18, 1986, the Commission directed its staff to: (1) continue to work with the industry to develop voluntary performance standards and do the technical work required to issue a NPRM to address the performance characteristics of ATVs, (2) prepare a letter to state governors, the Department of the Interior, and other appropriate federal agencies stressing the importance of ATV safety, and inform consumers and states of ATV safety hazards, (3) update the ATV safety alert and actively conduct Clearinghouse (cont.)

Legal Authority: 15 USC 1471 et seq. Poison Prevention Packaging Act

CFR Citation: Not yet determined

Legal Deadline: None.

Abstract: On May 3, 1985, the Commission received a petition from Diane L. Denton, R.N., requesting the Commission to initiate a rulemaking proceeding to establish requirements applicable to disposable lighters to make those products child-resistant.

Information available to the Commission staff indicates that a significant number of young children die each year from fires involving disposable lighters. However, this information is not adequate to determine what action, if any, could be taken to reduce this hazard. The staff is now collecting information about possible means of addressing risks of death and injury to young children associated with disposable lighters. When the staff obtains this information, the Commission will consider the petition.

Legal Authority: 5 USC 553(e) Administrative Procedure Act; 15 USC 1261 Federal Hazardous Substances Act; 15 USC 1262 Federal Hazardous Substances Act; 15 USC 2057 Consumer Product Safety Act; 15 USC 2058 Consumer Product Safety Act; 15 USC 2079(d) Consumer Product Safety Act

CFR Citation: Not yet determined

Legal Deadline: None.

Abstract: In correspondence dated August 26, 1986, the Consumer Federation of America petitioned the Commission to begin a proceeding to issue a consumer product safety standard for bunk beds. The petition alleges that unreasonable risks of death or injury to children are associated with bunk beds in that (1) supporting structures for mattresses can be inadequate to prevent the mattress from falling on children, (2) guardrails can be positioned far enough above the upper surface of the mattress to allow a child's body to slip between the guardrail and the mattress, resulting in head entrapment and stangulation, and (3) the absence of a guardrail on the side of the bed next to a wall can result in entrapment of a child's head or chest between the mattress and the wall, causing strangulation. If the petition is granted, the Commission will begin a rulemaking proceeding under either the Consumer Product Safety Act or the Federal Hazardous Substances Act.

Legal Authority: 15 USC 1472 Poison Prevention Packaging Act; 15 USC 1473 Poison Prevention Packaging Act

CFR Citation: 16 CFR 1700.20

Legal Deadline: None.

Abstract: On January 19, 1983, the Commission published an Advance Notice of Proposed Rulemaking soliciting comments on ways to amend the existing requirements for child-resistant packaging to improve the effectiveness and efficiency of these requirements. In June, 1985, the Commission staff completed testing to determine the feasibility of using some of the alternate procedures for evaluation of child-resistant packaging described in the ANPR. In May 1987, the staff expects to transmit a briefing package to the Commission an analysis of comments received in response to the ANPR and recommendations regarding revision of existing requirements for child-resistant packaging.

3599. FEDERAL HAZARDOUS SUBSTANCES ACT REGULATIONS FOR FIRST AID LABELING OF PRODUCTS CONTAINING 10 PERCENT OR MORE OF BENZENE, TOLUENE, XYLENE, OR PETROLEUM DISTILLATES

Legal Authority: 15 USC 1261(p)(1) Federal Hazardous Substances Act

CFR Citation: 16 CFR 1500.14(b)(3)

Legal Deadline: None.

Abstract: On December 13, 1985, the Commission proposed a regulation to amend the FHSA regulations for first aid labeling of products containing 10 per cent or more of benzene, toluene, xylene, or petroleum distillates by eliminating the current requirement that such labeling must contain the direction "if swallowed, do not induce vomiting." Current expert opinion is that the decision of whether to induce vomiting as a first aid treatment should be made on a case-by-case basis, depending on the toxicity of the individual product and the amount ingested. In May 1987, the staff will send a briefing package to the Commission with an analysis of comments on the proposed amendment.

Legal Authority: 15 USC 1261(q)(1)(B) Federal Hazardous Substances Act; 15 USC 1262(a) Federal Hazardous Substances Act

CFR Citation: 16 CFR 1500

Legal Deadline: None.

Abstract: On September 3, 1985, the Consumer Federation of America (CFA) petitioned the Commission to begin a proceeding for issuance of a rule under provisions of section 3(a) of the Federal Hazardous Substances Act (FHSA) to declare that household products containing methylene chloride are hazardous substances. By letter dated December 20, 1985, CFA amended the petition to also request that a

proceeding be initiated to declare household products containing methylene chloride to be "banned hazardous substances" under provisions of section 2(q)(1)(B) of the FHSA upon issuance of the rule to classify such products as hazardous substances. Methylene chloride is a solvent used in paint strippers, spray paints, and other consumer products. On February 27, 1986, the Commission voted to propose a rule to declare household products containing methylene chloride to be hazardous substances. This decision has the effect of granting CFA's first request. This proposed rule was published for comment on August 20, 1986. If the Commission grants the remainder of CFA's petition, it will (cont.)

Legal Authority: 15 USC 1261 Federal Hazardous Substances Act; 15 USC 1262 Federal Hazardous Substances Act

CFR Citation: 16 CFR 1500.12(a)(2)

Legal Deadline: None.

Abstract: On August 20, 1986, the Commission proposed a rule to declare that household products containing methylene chloride are hazardous substances under the Federal Hazardous Substances Act. These products include some paint strippers and spray paints. The Commission's concern arises from animal tests showing that methylene chloride is a carcinogen by inhalation and studies indicating a significant human exposure as a result of reasonably foreseeable use of products containing methylene chloride. If the proposal is issued as a final rule, it would resolve uncertainty about whether these products are hazardous substances. The initiation of this rulemaking proceeding grants one part of a petition (HP 85-1) from the Consumer Federation of America. The Commission has not yet acted on a second part of that petition which requests a ban of household products containing methylene chloride. A rule declaring the products in question to be hazardous substances would have the effect of requiring cautionary labeling under provisions of the Federal (cont.)

FARM CREDIT ADMINISTRATION

12 CFR Ch. VI

Unified Agenda of Federal Regulations

AGENCY: Farm Credit Administration.

ACTION: Department Unified Agenda of Regulations and review list.

SUMMARY: The Farm Credit Administration, as an independent regulatory agency in voluntary compliance with Executive Order 12291, sets forth the following agenda of regulations which it will have under development and review during the period of April 1987 through October 1987.

FOR FURTHER INFORMATION CONTACT: Loretta M. Barkell, Office of General Counsel, Farm Credit Administration, 1501 Farm Credit Drive, McLean, Virginia 22102-5090 (703-883-4020).

SUPPLEMENTARY INFORMATION: The Regulatory Flexibility Act (5 U.S.C. 601, et seq.), contains several provisions intended to reduce unnecessary and disproportionate regulatory requirements on small entities. Farm Credit Administration ("FCA") regulations which apply to Farm Credit System banks and associations do not and will not have a substantial impact on small entities. None of the entities regulated by the FCA fall within the definition of small entities in the Regulatory Flexibility Act. While many associations through which banks lend are smaller in size than their banks, they are not independently operated, as they are closely supervised by the banks, which must approve most of their operating policies. The associations rely exclusively on their supervising banks for their source of funds. Furthermore, the associations do not compete with each other since, as with their supervising banks, each serves only a particular geographic area.

While FCA is an independent agency exempt from Executive Order 12291, we believe that participating in this joint publication will further the public interest by including FCA in a single source of information concerning current and projected rulemaking and reviews of existing regulations.

DATED: February 18, 1987.

Kenneth J. Auberger,

Secretary, Farm Credit Administration Board.

Semiannual Regulatory Agenda

FEDERAL COMMUNICATIONS COMMISSION (FCC)

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Ch. I

Unified Agenda of Federal Regulations; April 1987

AGENCY: Federal Communications Commission.

ACTION: Publication of the Unified Agenda of Federal Regulations.

SUMMARY: Twice a year, the Commission publishes a list in the Unified Agenda of those major items and other significant proceedings under development or review that pertain to the Regulatory Flexibility Act. The agenda also provides the CFR Citations and Legal Authorities which govern these proceedings. The Regulatory Flexibility Act (94 Stat. 1167; 5 U.S.C. 605) includes notations on the applicability of the Regulatory Flexibility Act to each item.

The Unified Agenda is published in the **Federal Register** in April and October of each year.

ADDRESS: Federal Communications Commission, 1919 M Street, NW., Washington, DC 20554.

FOR FURTHER INFORMATION CONTACT: Claudette Pride, Office of Managing Director, (202) 632-3906.

SUPPLEMENTARY INFORMATION:

Unified Agenda of major and other significant proceedings.

The Commission encourages public participation in the FCC rulemaking process. To help keep the public informed of significant rulemaking proceedings, the Commission has prepared an agenda of important proceedings now in progress. OMB publishes the Unified Agenda in the **Federal Register** in April and October of each year.

The following terms may be helpful in understanding the status of the proceedings included in this report:

A Docket Number - is assigned to a proceeding if the Commission has issued either a Notice of Proposed Rulemaking or a Notice of Inquiry in regard to the matter under consideration. Since January 1, 1978, the Commission has used docket numbers which consist of the last two digits of the calendar year in which the docket was established plus a sequential number which begins at 1 with the first docket initiated during a calendar year (e.g., Docket 80-1 or Docket 83-1). The abbreviation for the responsible Bureau usually precedes the docket number, as in "Docket 79-164." When a docket number consists of only five digits (e.g., Docket 29622), this indicates that the docket was established before January 1, 1978.

Notice of Inquiry (NOI) - issued by the Commission when it is seeking information on a broad subject or trying to generate ideas on a given topic. A comment period is specified during which all interested parties may submit comments.

Notice of Proposed Rulemaking (NPRM) - issued by the Commission when it is proposing a specific change to the FCC Rules and Regulations. Before any changes are actually made, interested parties may submit written comments on the proposals.

Memorandum Opinion and Order (MO&O) - issued by the Commission to deny a petition for rulemaking, conclude an inquiry, modify a decision, or deny a petition for reconsideration of a decision.

Rulemaking (RM) Number - assigned to a proceeding after the appropriate Bureau/Office has reviewed a petition for rulemaking, but before the Commission has taken action on the petition.

Report & Order (R&O) - issued by the Commission to state a new or amended rule or state that the FCC Rules will not be changed.

William J. Tricarico,

Secretary, Federal Communications Commission.

Abstract: The Commission seeks to develop a record & to solicit comments on the proposed rules. These proposed rules are designed to implement recommendations made by the joint industry/government Advisory Committee on 2 degree satellite spacing; and they will codify basic applications requirements for satellite services. The proposed rules would apply to all entities including small entities who seek authorization under Part 25 of the Commission's rules to construct and operate Fixed-Satellite communications facilities. The proposed rules would establish operational and technical procedures designed to alleviate adjacent satellite interference and may increase the reporting and cost burdens on all satellite licensees. The rules codifying basic applications requirements are codifications of existing policies. Will impose no additional burdens, and may, in fact, reduce the burden by eliminating several current requirements. In order to be effective, these rules must apply to all licensees and thus there is no significant alternative.

3646. ● IN THE MATTER OF REVISION OF PART 21 OF THE COMMISSION'S RULES, CC DOCKET NO. 86-128

Significance: Agency Priority

Legal Authority: 47 USC 4(i); 47 USC 303(r); 47 USC 154(i); 47 USC 303; 47 USC 4; 5 USC 553

CFR Citation: 47 CFR 21

Abstract: Make licensing procedure as efficient as possible for carriers and FCC staff, update and simplify the rules to reflect recent changes in the industry and the introduction of new communication services; and to eliminate those requirements that appear to be no longer necessary. By replacing a two-step licensing process with a one-step licensing process and eliminating unnecessary regulations, the burden on small businesses (applicants) will be substantially reduced, delays in implementing services will be minimized and service will be provided to the public in the most efficient and expeditious manner possible.

Significance: Agency Priority

Legal Authority: 47 USC 410

CFR Citation: 47 CFR 67; 47 CFR 69

Abstract: With the issuance of this Further Notice of Proposed Rulemaking, we initiate a proceeding to examine the effects of (1) subscriber line charges, (2) the federal lifeline assistance program, and (3) our present measures to assist high cost telephone companies on the primary goals of our access charge proceeding. Preserving universal service, promoting economic efficiency, eliminating service pricing discrimination, and deterring uneconomic bypass are the four longstanding goals in our access charge proceeding.

Federal Deposit Insurance Corporation

Semiannual Regulatory Agenda

FEDERAL DEPOSIT INSURANCE CORPORATION (FDIC)

FEDERAL DEPOSIT INSURANCE CORPORATION

12 CFR Ch. III

Semiannual Agenda of Regulations

AGENCY: Federal Deposit Insurance Corporation.

ACTION: Publication of semiannual agenda of regulations.

SUMMARY: The Federal Deposit Insurance Corporation ("FDIC") is hereby publishing items for the April 1987 Regulatory Agenda. The agenda contains information about FDIC's current and projected rulemakings, existing regulations under review, and completed rulemakings.

FOR FURTHER INFORMATION CONTACT: Persons identified under regulations listed in the agenda. The address for all FDIC staff identified in the agenda is Federal Deposit Insurance Corporation, 550 17th Street, NW., Washington, DC 20429.

SUPPLEMENTARY INFORMATION: Twice each year, the FDIC publishes an agenda of regulations to inform the public of its regulatory actions and to enhance public participation in the rulemaking process. Publication of the agenda is in accordance with both the Regulatory Flexibility Act (5 U.S.C. 601 et seq.) and the FDIC statement of policy entitled "Development and Review of FDIC Rules and Regulations" (44 FR 31007, May 30, 1979; 44 FR 32353, June 6, 1979; 44 FR 76858, December 28, 1979; 49 FR 7288, February 28, 1984).

FDIC amends its regulations under the general rulemaking authority prescribed in section 9 of the Federal Deposit Insurance Act (12 U.S.C. 1819) and under specific authority granted by the Act and other statutes.

Interested persons may petition the FDIC for the issuance, amendment or repeal of any regulation by submitting a written petition to the Executive Secretary, Federal Deposit Insurance Corporation, Washington, DC 20429. Petitioners should include complete and concise statements of their interest in the subject matter and reasons why the petitions should be granted.

DATED: February 19, 1987.

Federal Deposit Insurance Corporation.

Hoyle L. Robinson,

Executive Secretary.

3694. SECURITIES RECORDKEEPING AND CONFIRMATIONS

Legal Authority: 12 USC 1817; 12 USC 1818; 12 USC 1819

CFR Citation: 12 CFR 344

Legal Deadline: None.

Abstract: The FDIC is proposing an amendment to 12 CFR Part 344, which governs an insured nonmember bank's recordkeeping and confirmation requirements for securities transactions. The proposed amendment would expand an existing exception under Part 344 for low activity. The exception would be increased to allow banks which effect an average of fewer than 1,000 securities transactions per year to be exempt from certain recordkeeping and written policymaking requirements. The current "low-activity" threshold is 200 transactions per year. The amendment is needed to eliminate unnecessary paperwork burden and is intended to reduce the impact of FDIC's regulation on insured nonmember banks that engage in a low number of securities transactions per year.

3696. FORMS, INSTRUCTIONS, AND REPORTS

Legal Authority: 12 USC 1817 to 1820; 5 USC 552

CFR Citation: 12 CFR 304

Legal Deadline: None.

Abstract: The FDIC has revised Part 304 of its regulations (12 CFR 304) which identifies the necessary forms and the places for obtaining the forms

used by insured banks for submitting reports and other information required by the FDIC. Part 304 had been selected for review under FDIC's Regulation Review Program (see 50 FR 14247, April 11, 1985) and was found to contain outdated information. The purpose of the revision was to remove obsolete information from the regulation, update information which still pertains, and add information not previously included. Also Part 304 has been reorganized in order to improve its clarity and overall utility.

Legal Authority: 15 USC 78

CFR Citation: 12 CFR 341

Legal Deadline: None.

Abstract: The FDIC has amended its regulations concerning the registration requirements of securities transfer agents. The change requires that a bank, acting as a transfer agent for covered securities, must file an updated amendment on Form TA-1 when any information contained in the form becomes inaccurate, misleading or incomplete. This amendment will conform the regulation with the instructions to Form TA-1 and with parallel regulations of the Federal Reserve Board, the Securities Exchange Commission, and the Comptroller of the Currency.

Legal Authority: 12 USC 1819; 12 USC 1828; PL 97-320, Sec 442

CFR Citation: 12 CFR 337

Legal Deadline: None.

Abstract: On June 16, 1986, the Board of Directors of the FDIC granted the request of several petitioners that the FDIC reconsider the provisions of FDIC's rule governing securities subsidiaries and affiliates of insured nonmember banks which deal with the use of a common name or logo and separate offices. A request for comment on whether or not these provisions should be retained, modified, or eliminated was published at 51 FR 29657, August 20, 1986. Insured nonmember banks that prior to December 28, 1984, became affiliated with a securities company, or prior to that date established or acquired a subsidiary that engages in securities activities, were required to comply with the common name or logo and separate office restrictions of the regulation by December 31, 1986. The Board of Directors has extended the compliance deadline with these provisions of the regulation until June 30, 1987, for institutions that were subject to the December 31, 1986 deadline in order to provide staff further time to consider the comments and formulate a recommendation to the Board of Directors.

3710. ● HYDROELECTRIC APPLICANTS SEEKING BENEFITS UNDER THE PUBLIC UTILITY REGULATORY POLICIES ACT OF 1978 ON PROJECTS LOCATED AT A NEW DAM OR DIVERSION. PETITION ALLEGING COMMITMENT OF (CONT)

Significance: Agency Priority

Legal Authority: 16 USC 791a to 825r (1982) Federal Power Act; 16 USC 2601 to 2645 (1982) Pub. Utility Reg. Pol. Act of 1978; 42 USC 7101 to 7352 (1982) Dept. of Energy Organization Act; EO 12009, 3 CFR 142 (1978)

CFR Citation: 18 CFR 4; 18 CFR 292; 18 CFR 375

Legal Deadline: None.

Abstract: This interim rule prescribes the form in which a petition alleging commitment of substantial monetary resources prior to the enactment of the Electric Consumers Protection Act of 1986 (ECPA) will be filed and processed. This petition, if granted, would except from some of the provisions of section 8 of ECPA a hydroelectric project that impounds or diverts the water of a natural watercourse by means of a new dam or diversion, for which benefits under section 210 of the Public Utility Regulatory Policies Act of 1978 (PURPA) are sought, if application for license or exemption for the project is filed between October 16, 1986 and April 16, 1988. 3714. ● FEES FOR HYDROELECTRIC PROJECT APPLICATIONS REQUIRED TO MEET TERMS AND CONDITIONS OF FISH AND WILDLIFE AGENCIES

Significance: Agency Priority

Legal Authority: PL 99-495 Electric Consumers Protection Act of 1986; 16 USC 791 to 825r Federal Power Act; 16 USC 2601 to 2645 (1982) Pub. Utility Reg. Pol. Act of 1978; 42 USC 7101 to 7352 (1982) Dept. of Energy Organization Act; EO 12009, 3 CFR 142 (1978)

CFR Citation: 18 CFR 4; 18 CFR 11; 18 CFR 375

Legal Deadline: None.

Abstract: The Commission proposes to adopt new regulations governing applications for licenses and exemptions to implement section 7 (c) of the Electric Consumers Protection Act of 1986 (ECPA).Under the proposed rule, license and exemption applicants

for projects required to meet the terms and conditions of fish and wildlife agencies under section 30(c) of the Federal Power Act, as amended by section 7(b) of ECPA, would reimburse the National Marine Fisheries Service (NMFS), the United States Fish and Wildlife Service (USFWS), and the state agency responsible for fish and wildlife resources for any reasonable costs incurred in setting mandatory terms and conditions. The rule also proposes that any fees paid would be deducted from the total annual charge assessed against licensees under section 10(e) of the Federal Power Act for costs of administering Part I of the Federal Power Act. 3721. CALCULATION OF CASH WORKING CAPITAL ALLOWANCE FOR PUBLIC UTILITIES

Legal Authority: 16 USC 79 to 828c

CFR Citation: 18 CFR 35

Legal Deadline: None.

Abstract: Proposed rule would provide that a public utility that files electric rate schedules may include in rate base no cash working capital allowance, unless it is demonstrated that the payment of certain current operating expenses by that utility is not, on the average, closely timed with the receipt of revenues from ratepayers, producing a significant "lead" or "lag" in revenue collection in relation to the payment of expenses. The new section would prescribe the expense elements includable in cash working capital, the parameters of the presumption against a cash working capital allowance, and the nature of the studies that may be submitted in support of, or in opposition to, any request for a cash working capital allowance. 3722. REGULATION OF NATURAL GAS PIPELINES AFTER PARTIAL WELLHEAD DECONTROL; PART D

Significance: Agency Priority

Legal Authority: 42 USC 7101 to 7352 DOE Organization Act; EO 12009; 15 USC 717 to 717w Natural Gas Act; 15 USC 3301 to 3432 Natural Gas Policy Act

CFR Citation: 18 CFR 154

Legal Deadline: None.

Abstract: The Commission seeks additional comment on its block billing procedures. In the original notice, the Commission proposed: -A three-part gas rate for pipeline gas sales, to preserve the benefits of "old" gas for existing firm sales customers and to mitigate competitive distortions resulting from the lingering effects of existing wellhead price controls; -A first block containing "old gas" under sections 104, 106(a) and 109 of the NGPA; -That after a pipeline permitted its firm sales customers to reduce 100 percent of their contract demands and offered those customers non-discriminatory self-implementing transportation, then the sales price assigned to the second block was presumed to be just and reasonable. The revised proposal is as follows: -Eliminating "Block 3" with revisions to clarify that the "as-billed" principle continues to apply to fixed costs; -Extending the base period to include the period between December 1, 1978, to December 31, 1984; -Including interruptible purchases for purposes of determining block 1 allocation factors; -Clarifying that the presumption of

justness and reasonableness for block 2 gas; -Clarifications re implementation. RM85-1-000.

CFR Citation: 18 CFR 11.20; 18 CFR 11.21

Legal Deadline: None.

Abstract: The Proposed Rule would amend Part 11 of the Commission's regulations to revise the billing procedures for annual charges for administering Part I of the Federal Power Act and the methodology for assessing Federal land use charges. This Proposed Rule would also change the timing for licensees' submission of the data necessary for the computation of charges for administrative costs. In addition, under the rule proposed, hydropower licensees would be required to compute generation data on a fiscal year basis, instead of on a calendar-year basis, and to file these reports by November 1 instead of February 1. This Notice also proposes to change the Commission's system for computing land use charges. Docket No. RM86-2.

Significance: Agency Priority

Legal Authority: 15 USC 3301 to 3432 Natural Gas Policy Act of 1978; 42 USC 7101 to 7352 (1982) Department of Energy Organizat. Act; 5 USC 553 Administrative Procedure Act

CFR Citation: 18 CFR 271

Legal Deadline: None.

Abstract: The proposed rule would establish implementation and protest procedures for compression allowances under NGPA Section 110. The rule would specifically address how to allow for the recovery of fuel and power cost with respect to pre-NGPA compression systems. It would also address how to allow an aggrieved party to show how its area rate clauses are not subject to the presumption that these area rate clauses were intended to allow for the collection of a delivery allowance under NGPA Section 110. Legal Deadline: None.

Abstract: The Board is proposing extensive revisions to its regulations governing the conservatorship and receivership of associations chartered by the Board or the accounts of which that are insured by the Federal Savings and Loan Insurance Corporation. The Board will unify the appointment of receiver procedures for state and federal institutions; adopt procedures for appointment of receivers under section 406(c)(1)(B) of the National Housing Act; and address the priorities in liquidation and participation interests in liquidation, which are absent from or inadequately covered in the present regulations. The Board is also proposing that its regulations cover topics such as the effect of the receivership appointment on executory contracts, employment agreements, certain "Golden Parachute" agreements, participation agreements, repurchase agreements, and on agreements relating to secured and unsecured borrowings by an insured institution, including agreements providing for prepayment or default penalties. The proposed regulations provide for new rules of general applicability in the areas previously mentioned, clarify existing provisions, and reorganize and recodify all the (cont)

There are no alternatives being considered by the Board in lieu of the proposed regulation that would have less impact on small institutions, consistent with the intended result, than the concerns expressed in the supplementary information to the proposed rule and the existing statutory requirements concerning receiverships and conservatorships.

The potential costs and benefits of the proposed regulation on the industry have not been quantified.

Legal Deadline: None.

Abstract: The Board proposes to amend its regulations to require that all financial statements issued by insured institutions, including statements of condition required pursuant to 12 CFR 545.115, and all financial reports filed with the Board shall be prepared in accordance with generally accepted accounting principles. The proposed rule would also substitute the term "regulatory capital" for "regulatory net worth" and would define "regulatory capital" to mean the sum of equity capital as determined in accordance with generally accepted accounting principles plus certain other items as determined appropriate by the Board based on risk analysis report. The Board believes that these actions will aid its supervisory efforts in evaluating the viability of insured institutions and the related risk to the Corporation.

There are no alternatives that would be less burdensome than the proposal in addressing the concerns expressed above.

The potential costs and benefits of the proposed regulation on the industry have not been quantified.

3736. ● LOANS TO ONE BORROWER

Legal Authority: 12 USC 1421 to 1429; 12 USC 1464(c); 12 USC 1724 to 1730

CFR Citation: 12 CFR 563.9-3

Legal Deadline: None.

Abstract: The Bank Board proposes to amend its regulation pertaining to loans to one borrower in a number of ways, most significantly to reduce the amount of aggregate loans to one borrower that may be made by an institution the accounts of which are insured by the FSLIC. The proposal is intended to reduce risk to insured institutions and the FSLIC without depriving institutions of appropriate operational flexibility.

To this end, the Board invites comment on all aspects of the proposal.

The Bank Board is soliciting comment on possible alternatives to the rule as proposed in addressing the concerns expressed above.

The potential costs and benefits of the proposed regulation on the industry have not been quantified.

The proposed rule would apply equally to all insured institutions.

Legal Deadline: None.

Abstract: The Board proposes to adopt technical amendments to its regulations governing voluntary supervisory conversions and modified conversions of mutual insured institutions to stock form. The purposes of the proposed amendments are to clarify several of the policies and interpretations of the Federal Home Loan Bank Board relating to the voluntary supervisory conversion process, to expedite the processing of voluntary supervisory conversion and modified conversion applications, and to facilitate the voluntary supervisory conversion and modified conversion procedures and encourage their use by insured institutions as capital-raising tools. In addition, the Board is proposing to remove the requirement that the offer and sale of capital stock in a voluntary supervisory conversion must constitute a non-public offering. The Board believes that by allowing insured institutions the option to publicly offer conversion stock, the use of the voluntary supervisory conversion procedure as a means of capitalizing and rehabilitating insolvent and financially troubled insured institutions will be encouraged.

3739. ● REGULATION OF DIRECT INVESTMENT BY INSURED INSTITUTIONS

Significance: Agency Priority

Legal Authority: 12 USC 1421 to 1429; 12 USC 1724 to 1730

CFR Citation: 12 CFR 563.9 - 8

Legal Deadline: Statutory, January 1, 1987. Present regulation expires on January 1, 1987.

Abstract: The Bank Board is adopting an interim final amendment to its regulation governing investments by institutions the accounts of which are insured by the FSLIC in equity securities, real estate, service corporations, and operating subsidiaries. This amendment will defer the expiration of the rule from January 1, 1987, to March 15, 1987. The Bank Board also intends to reopen the comment period through February 6, 1987, on the proposal of September 11, 1986, to extend the direct investment rule for two years. During this time, the Bank Board will hold a public hearing on January 29 and January 30, 1987, concerning extension of the direct investment rule for a longer period.

The Bank Board is soliciting comment on possible alternatives to the rule as proposed in addressing the concerns expressed above.

The potential costs and benefits of the proposed regulation on the industry have not been quantified.

The proposed rule would apply equally to all insured institutions.

Legal Deadline: Statutory, October 1, 1986. American eagle gold coins will be available to the public beginning October 1, 1986.

Abstract: The Bank Board is amending its regulations pertaining to gold and gold related transactions to promote the sale of American eagle gold coins to be minted and issued by the United States Treasury. Specifically, the Bank Board is amending its regulations to permit Federal associations to purchase, sell, and pay interest or dividends in American eagles and to permit the Federal Home Loan Banks to engage in Transactions in the coins as a means of serving member institutions. The Bank Board is also amending its regulations to permit, to the extent authorized by applicable law, state-chartered insured institutions to purchase, sell, and pay interest or dividends in American eagles, and service corporations of insured institutions and multiple savings and loan holding companies to purchase and sell American eagles. American eagles will be available to the public beginning October 1, 1986, and the Treasury will apply any profit it makes to reducing the Federal debt.

Legal Authority: 5 USC 552a

CFR Citation: 12 CFR 505a.13

Legal Deadline: None.

Abstract: The Bank Board is exempting a new system of records that will contain information concerning enforcement actions, crimes, and suspected crimes from meeting certain requirements of the Privacy Act. The new system of records would contain information concerning enforcement actions, crimes and suspected crimes involving financial institutions, and change of control applications filed by, and other significant business transactions with, individuals concerning institutions the accounts of which are insured by the FSLIC.

The only alternative to the rule would be not to establish the system of records, or not to exempt the system of records from certain provisions of the Privacy Act. Such an alternative would impede the gathering of material for law enforcement purposes. Moreover, because the rule governs internal agency procedures, and so does not require action by small entities, the alternative would not lessen any burden on small entities.

The potential costs and benefits of the regulation on the industry have not been quantified.

Unified Regulatory Agenda

AGENCY: Federal Maritime Commission.

ACTION: Unified Agenda of Federal Regulations.

SUMMARY: Pursuant to section 5 of E.O. 12291 and the Regulatory Flexibility Act (5 U.S.C. 601 et seq.), the Commission anticipates having under consideration during the period from April 1, 1987 to March 31, 1988 actions in the areas listed below.

FOR FURTHER INFORMATION CONTACT: For further information concerning Commission rulemaking proceedings or the status of any matter listed below, contact: Joseph C. Polking, Secretary, 1100 L Street, NW., Washington, DC 20573, (202) 523-5725.

SUPPLEMENTARY INFORMATION: Section 602 of the Regulatory Flexibility Act (5 U.S.C. 602) requires the publication of an agenda of items for which regulatory agencies may propose or promulgate a rule which is likely to have a significant economic impact on a substantial number of small entities. Section 5 of Executive Order 12291 also requires executive agencies to publish a regulatory agenda; the Commission voluntarily complies with this section. The agendas include information on regulatory activities being conducted or reviewed during the succeeding 12 months by the Commission.

The following is the Commission's Unified Regulatory Agenda. The agenda does not necessarily include all petitions for rulemakings which are under staff review.

In addition, the Commission is publishing a compilation of the status of pending rulemaking proceedings and a listing of rules that have become final since the publication of the most recent regulatory agenda (October, 1986). This list will be made available to the press and interested groups.

Joseph C. Polking,

Secretary.

3753. REGULATION OF AGREEMENTS OF DOMESTIC CARRIERS - MISCELLANEOUS AMENDMENTS

Legal Authority: 5 USC 553; 46 USC app 801 et seq

CFR Citation: 46 CFR 558 to 569

Legal Deadline: None.

Abstract: The Shipping Act, 1916, after amendment by the Shipping Act of 1984, applies only to domestic operations. In order to properly implement the 1984 Act, the Commission made the essential, limiting changes to its domestic regulations of agreements within the deadline established by the 1984 Act. This review will now determine what further, substantive changes in the domestic agreements may be desirable.

Notice of Semiannual Regulatory Flexibility Agenda

AGENCY: Board of Governors of the Federal Reserve System.

ACTION: Semiannual agenda.

SUMMARY: The Board is issuing this Agenda under the Regulatory Flexibility Act and the Board's Statement of Policy Regarding Expanded Rulemaking Procedures. The Board anticipates having under consideration regulatory matters as indicated below during the period from April 1 through October 1, 1987. The next Semiannual Agenda will be published in October 1987.

DATE: Comments about the form or content of the Agenda may be submitted any time during the next six months.

ADDRESS: Comments should be addressed to William W. Wiles, Secretary of the Board, Board of Governors of the Federal Reserve System, Washington, DC 20551.

FOR FURTHER INFORMATION CONTACT: A staff contact for each item is indicated with the regulatory description below.

SUPPLEMENTARY INFORMATION: The Board is publishing its April 1987 Agenda as part of the April 1987 Unified Agenda of Federal Regulations, which is coordinated by the Office of Management and Budget under Executive Order 12291. Participation by the Board in the Unified Agenda is on a voluntary basis.

The Board's Agenda is divided into three sections. The first, Proposed Rule Stage, reports on matters the Board may consider for public comment during the next six months. The second section, Final Rule Stage, reports on matters that have been proposed and are under Board consideration. A third section, Completed Actions, reports on regulatory matters the Board has completed or is not expected to consider further.

A dot (●) preceding an entry indicates a new matter that was not a part of the Board's previous Agenda, and which the Board has not completed.

Barbara R. Lowrey,

Associate Secretary of the Board.

Proposed Rule Stage

3784. ● REGULATION: E - ELECTRONIC FUND TRANSFERS

Legal Authority: 15 USC 1693 et seq Electronic Fund Transfer Act

CFR Citation: 12 CFR 205

Abstract: During the next six months, the Board will conduct a review of Regulation E, which implements the Electronic Fund Transfer Act, and establishes the basic rights, liabilities, and responsibilities of consumers who use electronic fund transfer services and of financial institutions that offer these services (whether or not these institutions hold the consumer's account). The review will consider whether any provisions of the regulation are in need of updating and whether any substantive changes are necessary because of technological developments. Public comment will be requested on any proposals that may be developed following the review. It is not anticipated that revisions would have significant impact on a substantial number of small banks.

3785. REGULATION: H - MEMBERSHIP OF STATE BANKING INSTITUTIONS IN THE FEDERAL RESERVE SYSTEM

Legal Authority: 12 USC 321

CFR Citation: 12 CFR 208.8(e)

Abstract: The Board will consider issuing for comment an amendment to Regulation H designed to provide a decrease of approximately 20,000 burden hours in paperwork, as requested by the Office of Management and Budget. The regulation would be amended to raise the exemption from various record-keeping requirements in Regulation H for securities transactions, conducted by banks, from 200 to 1,000 transactions per year for customers over the prior three-calendar-year period, exclusive of transactions in U.S. government and federal agency obligations. This action would diminish burdens on smaller state member banks; therefore, the amendment would have no adverse effect on small banks.

This issue will be presented to the Board upon promulgation by the Department of the Treasury of final regulations concerning government securities transactions.

3786. REGULATION: K - INTERNATIONAL BANKING OPERATIONS

Legal Authority: 12 USC 601 et seq

CFR Citation: 12 CFR 211

Abstract: The Board will consider an amendment to its regulation governing the establishment of foreign operating subsidiaries by member banks. The amendment would eliminate the requirement in section 211.3(b)(9) of Regulation K that a member bank's operating subsidiary be established only where required by local law or regulation. The revision is intended to promote the efficiency of member banks' foreign operations. Because the revision would remove a restriction, it is not anticipated that comment will be requested.

The proposal would not have a significant economic impact on a substantial number of small businesses because it affects only U.S. banks operating abroad.

3787. REGULATION: P - MINIMUM SECURITY DEVICES AND PROCEDURES FOR FEDERAL RESERVE BANKS AND STATE MEMBER BANKS

Legal Authority: 12 USC 1881 to 1884

CFR Citation: 12 CFR 216

Abstract: During the next six months, the Board will conduct a zero-based review of Regulation P, which implements the Bank Protection Act of 1968, and establishes minimum security standards for Federal Reserve banks and for state member banks. The review will consider whether any provisions of the regulation are outdated and whether any substantive changes are necessary because of new technological developments. The regulation will also be reorganized and revised for simplicity and clarity. Public comment will be requested following the zero-based review. It is not anticipated that the revised regulation will have a significant impact on a substantial number of small banks.

Legal Authority: 15 USC 78g Securities Exchange Act of 1934, as amended; 15 USC 78w Securities Exchange Act of 1934, as amended

CFR Citation: 12 CFR 220

Abstract: In 1987 the Board may propose an amendment to the definition of "OTC margin bond" in Regulation T. The purpose will be to permit marginability of all securities designated as "mortgage-related securities" in the Secondary Mortgage Market Enhancement Act of 1984.

It is not anticipated that any proposals in this area would affect a significant portion of the overall lending activities of a substantial number of small firms.

Legal Authority: 15 USC 78g Securities Exchange Act of 1934, as amended; 15 USC 78w Securities Exchange Act of 1934, as amended

CFR Citation: 12 CFR 220

Abstract: During 1987 the Board may review a proposal submitted by several broker/dealers calling for an amendment to Regulation T to permit broker/dealers to facilitate the exercise of valuable employee stock options by employees. The method suggested would allow the broker/dealer to advance funds on a good faith basis for the exercise.

Legal Authority: 15 USC 78g Securities Exchange Act of 1934, as amended; 15 USC 78w Securities Exchange Act of 1934, as amended

CFR Citation: 12 CFR 220

Abstract: During the next six months the Board may consider proposing amendments to Regulation T to accommodate settlement and clearance of foreign securities in accounts covered by Regulation T. A request has been made that amendments be proposed because of the growing internationalization of the securities markets. It is not anticipated that any proposals in this area would affect a significant portion of the overall lending activities of a substantial number of small firms.

Legal Authority: 12 USC 1843 Bank Holding Company Act; 12 USC 1844(b) Bank Holding Company Act

CFR Citation: 12 CFR 225

Abstract: A provision of Regulation Y permits a state bank subsidiary of a bank holding company to engage through a nonbank subsidiary in any activity that is permissible under state law for the bank subsidiary itself, subject to the same limits as if the bank engages in the activity directly. (A similar rule applies to national bank subsidiaries regarding activities permissible for such banks under federal law.) The Board received comments on this provision in connection with its general request for comments in May 1983 regarding the proposed revision of Regulation Y. Some of the commenters challenged the Board's authority to issue this provision, although it has been part of Regulation Y since 1971. In taking final action on the revision of Regulation Y, the Board deferred consideration of the comments on this provision and allowed the existing rule to remain in

3792. RULES REGARDING AVAILABILITY OF INFORMATION

Legal Authority: 5 USC 552

CFR Citation: 12 CFR 261

Abstract: The Board's Rules Regarding Availability of Information are intended in part to fulfill the requirement of section 552 of Title 5 of the United States Code that every Federal agency shall publish in the Federal Register how the public may obtain information, make submittals or requests, and obtain decisions; how the agency's functions are channeled and determined; its rules of procedure and descriptions of forms available and the places where they may be obtained. The Board will consider issuing for comment revisions that simplify and improve these rules. The revision reorganizes the rules into appropriate subparts, and clarifies the procedures for requesting access to documents and information, the processing and disposition of such requests, and the procedures regarding the discretionary release of confidential information. The proposal also sets forth a revised fee schedule as required by the Freedom of Information Reform Act of 1986.

3793. REGULATION: D - RESERVE REQUIREMENTS OF DEPOSITORY INSTITUTIONS (DOCKET NUMBER: R-0571)

Legal Authority: 12 USC 248(k); 12 USC 461(a)

CFR Citation: 12 CFR 204

Abstract: In May 1986, the Board issued for comment rules to clarify the definition of "deposit" in Regulation D to include the interest or liability associated with a borrowing in the form of certain sales of assets and related transactions by a depository institution (51 FR 16855, May 7, 1986). These transactions include a sale of assets that involves a full guarantee by the institution that, in effect, substitutes the institution's credit standing for that of the ultimate borrower and in which the institution retains the risk of borrower default after the asset is sold.

Further, the regulation currently treats obligations of an affiliate as deposits of the depository institution to the extent the proceeds are provided to the depository institution. The Board proposes to exclude proceeds received from a sale of assets without recourse to the affiliate. The proposal also would clarify the application of Regulation D to certain of these transactions involving organizations effectively controlled by the depository institution even though not formally affiliated. Finally, the proposal would (CONT)

The proposed rule would apply to all depository institutions. It is not anticipated that the proposal will have a negative impact on the ability of small depository institutions to attract deposits.

The Board will review the comments and take further action within the next six months.

3794. REGULATION: E - ELECTRONIC FUND TRANSFERS (DOCKET NUMBER: R-0578)

Legal Authority: 15 USC 1693 et seq Electronic Fund Transfer Act

CFR Citation: 12 CFR 205

Abstract: In August 1986, the Board proposed for comment amendments to Regulation E to address the

responsibilities of persons that issue access devices and provide electronic fund transfer services to consumers absent an agreement with the financial institutions holding the consumer's account (51 FR 28589, August 8, 1986). The amendments would clarify the responsibilities of these service-providers and the institutions holding the consumers' accounts for electronic fund transfers initiated through the service-providers. The amendments would (1) eliminate the requirement that service-providers furnish periodic statements to consumers; (2) require service-providers to provide the transaction identification to account-holding institutions; and (3) require account-holding institutions to identify electronic fund transfers initiated through the service-provider on periodic statements, in accordance with Regulation E. The amendments would also make changes in the initial disclosures required of the service-provider and extend the time allowed for giving notice to the service-provider of the loss or theft of an access device. Additional Information: ABSTRACT CONT: Although the proposed amendments are primarily intended to eliminate duplication of certain documentation currently provided to consumers, some small financial institutions may incur additional costs in providing customers with periodic statements that comply with Regulation E for the first time.

The Board solicited comment on the extent of this expense. The Board will review the comments and is expected to take further action during the next five months.

3795. REGULATION: K - INTERNATIONAL BANKING OPERATIONS (DOCKET NUMBER: R-0550)

Legal Authority: 12 USC 611 et seq

CFR Citation: 12 CFR 211

Abstract: In August 1985, the Board published for comment proposed regulations that would restrict lending by an Edge Corporation to its affiliates where the Edge Corporation is not subject to the restrictions of section 23A of the Federal Reserve Act (12 USC 371c) because it is not owned by a U.S. insured bank (50 FR 35238, August 30, 1985). In taking this action, the Board noted the increasing number of owners of Edge Corporations that are not subject to federal banking supervision and the potential adverse effects that might result from such affiliations, such as the impairment of the Edge's ability to act as an impartial arbiter of credit. The Board requested comment on the effect of the proposal on existing Edge Corporations, especially those owned by foreign banks and whether any exemptions from the restrictions are appropriate.

It is not expected that the proposal would have a significant economic impact on a substantial number of small businesses, because it applies only to organizations involved in international banking. (CONT)

Legal Authority: 12 USC 371b

CFR Citation: 12 CFR 217

Abstract: In January 1986, the Board issued for comment proposals to clarify, update, and simplify the advertising provisions of Regulation Q (51 FR 1379, January 13, 1986). The revisions incorporate and supersede the proposals of March 1984 concerning advertising of split-rate deposits and IRA/Keogh (HR 10) Plan accounts. The proposal is not expected to have a significant adverse effect on small banks.

The Board will review the comments and is expected to take further action within the next four months.

It is also anticipated that the Board will consider at that time various options with regard to providing written disclosures to consumers about their accounts.

Legal Authority: 12 USC 1841 et seq Bank Holding Company Act

CFR Citation: 12 CFR 225

Abstract: In January 1985, the Board requested comment as to whether it should permit bank holding companies that own nonbank banks to provide them with internal administrative services and to establish management interlocks with them (50 FR 2057, January 15, 1985). ("Nonbank banks" are institutions that are chartered as banks but either do not accept demand deposits or do not make commercial loans.) The Board took this action to resolve a number of questions that had been raised regarding the appropriate scope of relationships between nonbank banks and their affiliates. It is likely that any action the Board might take would primarily affect larger bank holding systems and would relax a requirement or prohibition. Therefore, it is expected that any Board action would not have a significant economic

impact on a substantial number of small entities.

The Board suspended further consideration of nonbank bank applications by bank holding companies, pending a definitive resolution, through pending litigation, of the status of nonbank banks.

Abstract: In December 1986, the Board requested public comment on a proposal to permit bank holding companies to engage in real estate investment activities within certain limits (52 FR 543, January 7, 1987). The proposed limits are designed to ensure that conduct of the activity does not result in unsafe or unsound practices, unfair competition, conflicts of interest or other adverse effects.

The Board requested public comment on a number of specific items, including whether real estate investment activities may be deemed to be closely related to banking and a proper incident thereto for purposes of section 4(c)(8) of the Bank Holding Company Act; whether the proposed limits on the size, scope and manner in which the activity would be conducted are appropriate; whether nonbank companies owned by holding company banks should be permitted or prohibited from conducting these activities; and whether the Board should establish special capital requirements for bank holding companies that control banks directly engaged in these activities.

Legal Authority: 12 USC 1841 Bank Holding Company Act

Abstract: In May 1986, the Board requested comment on whether it should modify, eliminate, or retain the current restrictions it imposes on the operation by a bank holding company of a thrift institution in tandem with the holding company's other subsidiaries (51 FR 18797, May 22, 1986). These conditions were initially imposed after public comment and are designed to maintain the distinction and separation between thrifts and banks. The Board has received requests for relief from these conditions to permit thrifts acquired by bank holding companies to jointly market and sell products and services with other holding company affiliates, cross-advertise the services and products of affiliates, and conduct certain transactions with affiliates.

Few small banks and holding companies are subject to the conditions on tandem operations, and action in this area will not directly affect the operation of a significant number of small entities. However, the Board has requested comment on whether relief from the conditions will affect competition between (CONT)

Legal Authority: 12 USC 3907; 12 USC 3901 International Lending Supervision Act of 1983

CFR Citation: 12 CFR 225, Appendix A

Abstract: In January 1986, the Board proposed for comment an amendment to its Capital Guidelines that would provide for a supplemental adjusted capital measure designed to be more systematically and explicitly sensitive to the risk exposure of individual banking organizations. This measure would be based on a ratio of primary capital to total assets adjusted to account for certain types of risks, including many kinds of off-balance-sheet risk. On January 8, 1987, the Board voted to seek public comment on a revised risk-based capital proposal (52 FR 5119, February 19, 1987). This

revised proposal represents an effort to coordinate the risk-based capital proposals of the three federal banking agencies with similar capital proposals of the Bank of England, and the proposal is based on a proposed United States/United Kingdom Capital Agreement. The revised proposal contemplates certain adjustments to the definition of capital as well as the placement of assets in certain broad risk categories. Although the revised proposal contemplates a minimum risk-based ratio for state member banks and bank holding companies, the Board has not proposed a specific minimum ratio at this time. Legal Authority: 12 USC 1817(j)(13) Bank Holding Company Act

CFR Citation: 12 CFR 225.43

Abstract: In January 1987, the Board proposed amending Regulation Y to implement certain amendments to the Change in Bank Control Act ("CBCA") made by the Anti-Drug Abuse Act of 1986. Under this proposal, notificants under the CBCA would be required to publish an announcement of a proposed acquisition of shares of a bank or bank holding company in a newspaper of general circulation in communities where the bank or bank holding company to be acquired is located (52 FR 3447, February 4, 1987). The proposed regulation provides an exception to the publication requirement where disclosure would threaten the safety or soundness of the bank to be acquired.

As required by the Anti-Drug Abuse Act, the proposed regulation states that the Board shall conduct a background investigation of each notificant under the CBCA and shall make an independent determination of the accuracy and completeness of the information submitted. The Board may also extend processing of the notice under certain circumstances. The proposal is not expected to have a significant economic impact on a substantial number of small entities, and would have the benefit of (CONT)

3802. REGULATION: Z - TRUTH IN LENDING (DOCKET NUMBER R-0545)

Legal Authority: 15 USC 1604, as amended Truth in Lending Act

CFR Citation: 12 CFR 226

Abstract: Regulation Z currently requires that creditors provide information to consumers regarding variable rate features in credit transactions. Concern has been expressed in Congress and elsewhere about whether Truth in Lending disclosures adequately convey to consumers the terms and potential costs of adjustable rate mortgages (ARMs).

In November 1986, the Board proposed that creditors make more extensive disclosure of the variable rate feature in transactions secured by the consumer's home (51 FR 42241, November 24, 1986). The proposal would amend the regulation to require that creditors provide consumers general descriptive material about adjustable rate mortgages as well as provide a more detailed description of their variable rate feature along with an example showing the effect of historical changes in a creditor's index over a 15 year period on the payments and balance on a $10,000 loan. The maximum interest rate and payment under the creditor's program for a $10,000 loan would also be stated. Finally, the proposal would require annual notices of interest rate adjustments and prior notice of payment (CONT)

The Board is concerned about creditor burdens of compliance with the overlapping and duplicative disclosures in this area. This proposal was recommended to the Board and to the Federal Home Loan Bank Board (FHLBB) and the Comptroller of the Currency (OCC) in response to the concern for uniform federal ARMs disclosure regulations. The Board believes that adoption of the proposal by the Board (and by the FHLBB and OCC) will eliminate the present problem with inconsistent federal ARMs disclosure regulations.

If the Board adopts this proposal, mortgage creditors, including small businesses engaged in mortgage lending, could incur some costs in revising and reprinting forms, and changing certain procedures to comply

CFR Citation: 00 CFR None

Abstract: In December 1986, the Board requested comment on several proposals that would refine its policy statement on payment system risk (51 FR 45042, December 16, 1986). The proposals include a policy to reduce the risks associated with daylight overdrafts resulting from clearing trades in book-entry securities (R-0587), a proposal to reduce the levels of the sender net debit cap (R-0588), a proposal to reduce the burden on smaller institutions by adopting a "de minimis" cap category (R-0589), proposals regarding consolidation of affiliated institutions for purposes of monitoring compliance with the Board's program (R-0590), modifying automated clearing house transactions to reduce risk (R-0591), and various proposals to charge a fee for daylight overdrafts as a way of reducing risks associated with them.

3804. REGULATION: Z - TRUTH IN LENDING (DOCKET NUMBER R-0577)

Legal Authority: 15 USC 1604, as amended Truth in Lending Act

CFR Citation: 12 CFR 226

Abstract: In August 1986, the Board proposed for comment an amendment to Regulation Z to exempt from the rescission provisions of the regulation refinancings by creditors other than the original creditor where consumers are not increasing their exposure to risk in using their homes to secure a debt (51 FR 28245, August 6, 1986). The Board also proposed to redefine what constitutes a new advance of money obtained by a consumer for purposes of the existing exemption for refinancings. Regulation Z requires that consumers be given the right to rescind certain credit transactions where an extension of credit is secured by a consumer's principal dwelling. An exemption applies to refinancings by the original creditor if no new advances of money are obtained by the consumer.

Following review of public comments, the Board adopted a final rule in December 1986 (51 FR 45296, December 18, 1986). The Board withdrew its proposal to amend Regulation Z to exclude certain transactions by a creditor other than the original creditor from the right of rescission. Semiannual Regulatory Agenda

AGENCY: Federal Trade Commission.

ACTION: Semiannual regulatory agenda.

SUMMARY: The following agenda of Commission proceedings is published in accordance with section 22(d)(1) of Federal Trade Commission Act, 15 U.S.C. 57b-3(d)(1), and section 610(c) of the Regulatory Flexibility Act, 5 U.S.C. 610(c). Each projected event reflects the FTC staff's assessment of events that it expects will occur in the listed proceedings during the coming year. No Commission determination on the need for or the substance of a trade regulation rule or any other procedural option should be inferred from the projected events included in this agenda.

Several agenda items concern proceedings that may affect a substantial number of small businesses as that term is used in the Regulatory Flexibility Act. Whether any such proceeding will result in a rule which is likely to have a significant economic impact on such entities depends upon final Commission determinations on the need for and the substance of a trade regulation rule.

Except for notice of completed actions, the information in this agenda represents the judgment of Commission staff, based upon information now available. These views should not be regarded as a final staff position, nor should they be attributed to the Commission itself. The Commission will address the issues presented on the rulemaking record in the final consideration of each proceeding.

Agenda items include the projected timing of certain future actions. In most instances the dates of future events are listed by month, not a specific day. Further details may be obtained from the agency contact responsible for a particular proceeding. Discovery of new information, change of circumstances, or changes in the law may alter the information set forth in this agenda.

FOR FURTHER INFORMATION CONTACT: Further details may be obtained from the agency contact responsible for a particular proceeding.

By direction of the Commission.

3806. ● REVIEW OF THE FUNERAL INDUSTRY PRACTICES RULE

Legal Authority: 15 USC 45; 15 USC 46(g); 15 USC 57(a)

CFR Citation: 16 CFR 453

Abstract: The funeral industry practices rule, which became effective on April 30, 1984, seeks to increase consumer access to accurate information about prices and legal requirements prior to and at the time of purchase of funeral goods and services. The Rule: (1) requires funeral directors to provide consumers with itemized pre-sale disclosures; (2) prohibits misrepresentation of legal and cemetery requirements and the preservative or protective value of embalming, caskets, and vaults; (3) prohibits funeral directors from requiring a casket for cremations, or any other tie-in arrangements; (4) prohibits funeral directors from charging for goods and services not specifically ordered, such as embalming, unless required by law; and (5) requires funeral directors to give, on request, price information over the telephone. The Rule provides that no later than four years after its effective date, the Commission will begin a rulemaking to determine whether the Rule should be amended or terminated. The staff has begun investigating the current state of the industry to assess the impact of the Rule and to prepare for that proceeding.

3807. COOLING-OFF PERIOD FOR DOOR-TO-DOOR SALES

Legal Authority: 15 USC 41 et seq Federal Trade Commission Act

CFR Citation: 16 CFR 429

Abstract: The rule states that sellers of consumer goods or services with a purchase price of $25.00 or more who sell away from their place of business must furnish to the buyer certain information regarding the buyer's right to cancel sales within three business days and must give the buyer a full refund of any down payment upon the buyer's cancellation. The rule requires a seller to furnish the buyer with a complete receipt or copy of a contract, along with a notice informing the buyer of the right to cancel the transaction, to furnish the buyer with a completed Notice of Cancellation. The rule is intended to benefit consumers by permitting them to reflect on their purchase and the terms of any contract, to compare the purchase with offerings of other sellers, and to ascertain the accuracy of any representations made. The resulting costs to sellers include the costs associated with cancellation (processing cancelled orders, returning downpayments, retrieving delivered goods, and returning traded-in merchandise) and the additional cost of printing the required cancellation notices. Legal Authority: 15 USC 41 et seq Federal Trade Commission Act

CFR Citation: 16 CFR 435

Abstract: The Commission's rule concerning mail order merchandise was promulgated on October 22, 1975. The rule requires mail order sellers to possess a reasonable basis for any claims made concerning shipping date or, in the absence of any specifically stated date, to ship the ordered

merchandise within thirty (30) days of receipt of an order. In the event of delays in shipment, the rule establishes notification procedures whereby buyers have the option either to agree to the delay or to cancel the order and receive a prompt refund. The Commission's rule is designed to address a number of significant consumer problems described on the record of the rulemaking proceeding, including failure to deliver ordered merchandise, unexplained delays in delivery, failure to make prompt (or any) refunds upon cancellation of an order, and inability to obtain responses to inquiries about pending orders. The rule enables consumers to obtain ordered merchandise within a reasonable time period or, if delays occur, to cancel the order and obtain a prompt refund, so that losses due to undelivered merchandise, delays, and inadequate or nonexistent refunds can be avoided. 3809. FRANCHISING AND BUSINESS OPPORTUNITIES

Legal Authority: 15 USC 41 et seq Federal Trade Commission Act

CFR Citation: 16 CFR 436

Abstract: The franchise trade regulation rule was adopted in response to evidence of deceptive and unfair practices in connection with the sale of the types of businesses covered by the rule. In some instances prospective franchisees lack a ready means of obtaining essential and reliable information about their proposed business investment. This lack of information reduces the ability of prospective franchisees either to make an informed investment decision or otherwise verify the representations of the business' salespersons. The rule attempts to deal with these problems by requiring franchisors and franchise brokers to furnish prospective franchisees with information about the franchisor, the franchise business and the terms of the franchise agreement. Franchisors and franchise brokers must furnish additional information if they have made any claim about actual or potential earnings, either to the prospective franchisee or in the media. All disclosures must be made (i) before any sale is made and (ii) by means of disclosure documents whose form and content are set forth in the rule. The rule requires disclosure of (cont)

3810. ● REVIEW OF CONTENT DISCLOSURE REQUIREMENTS FOR TEXTILE, WOOL, AND FUR PRODUCTS

Legal Authority: 15 USC 68b(d); 15 USC 70j; 15 USC 69f(b)

CFR Citation: 16 CFR 300, (Wool); 16 CFR 301, (Fur); 16 CFR 303, (Textile)

Abstract: The Wool Products Labeling Act of 1939 Requires all wool products to bear a label showing the percentage of wool, recycled wool, and non-wool fibers contained in the product and the name of the manufacturer or other distributor. The Textile Fiber Products Identification Act requires each household textile product to bear a label showing the percentage of each fiber contained in the product, using the appropriate generic name for the fiber, and the name of the manufacturer or distributor. Advertisements for textile products must also show the required information if any mention of fiber content is made. Both acts require disclosure of country of origin. The Fur Products Labeling Act requires that all furs and fur products be labeled, invoiced, and advertised to show the true name of the animal that produced the fur, whether the fur is used, dyed, or imported, and the name of the manufacturer or distributor. The three acts, as well as the Commission's rules implementing them, apply to manufacturers, distributors, and retailers of textile, wool, and fur products,(cont)

Legal Authority: 15 USC 2309; 15 USC 2310(a)(2) Magnuson-Moss Warranty--FTC Improvements Act

CFR Citation: 16 CFR 703

Abstract: The Magnuson-Moss Warranty act, enacted on January 4, 1975, requires that the Federal Trade Commission promulgate a rule prescribing the minimum requirements for any informal dispute settlement procedure which is incorporated into the terms of a written warranty subject to the Act. Because warrantors are not required to incorporate such procedures into warranties, the rule applies only to warrantors who choose to do so. The present rule sets forth detailed procedural, recordkeeping, and reporting requirements for dispute settlement mechanisms designed to insure their fairness. In accordance with Section 610 of the Regulatory Flexibility Act, the Commission has begun a review of the rule to examine whether the rule has had a significant economic impact on a substantial number of small entities and to assess whether any changes are needed. As part of that review, the Commission has begun a regulatory negotiation process in which an advisory committee will seek to reach a consensus and recommend to the Commission revisions to the rule that would facilitate the Congressional (cont)

3812. OPHTHALMIC PRACTICE RULES

Legal Authority: 15 USC 45 Federal Trade Commission Act; 15 USC 57(a) Federal Trade Commission Act

CFR Citation: 16 CFR 456, (Revision)

Abstract: The staff of the FTC's Bureau of Consumer Protection has identified several state and private restrictions on the delivery of eye care goods and services which may decrease consumer access to vision care services, increase the cost of those services, and impede the growth of alternative methods of organizing eye-care practices. The principal question the Commission is exploring is the impact of such restrictions on the price, quality and availability of vision care. The Commission's investigation has sought, through the development of empirical market research, to determine whether higher prices result from these restrictions and, if so, whether offsetting consumer benefits also result. The primary impact of a rule on small businesses could stem from the increased competition in the vision care industry which can be anticipated as a result of deregulatory effect of the rule. Rule provisions removing certain restraints on commercial ophthalmic practice could enhance competition by permitting small entities (i.e., optometrists and opticians) to engage in alternate modes of practice; or to expand, should they desire to do so. The affirmative requirements of a rule could impose additional (cont)

The alternatives to an FTC trade regulation rule include: a formal complaint against a professional association or an ophthalmic board alleged to have engaged in illegal acts or practices; a voluntary guide defining unfair acts or practices; legislative recommendations to Congress or to the States; or the release of a public report setting forth the findings of the staff. In January, 1985 the Commission published an NPRM seeking public comment on a proposed trade regulation rule that would have the effect of superseding

certain state-imposed restrictions on the forms of practice and other business aspects of the delivery of eye care to consumers. The public hearings have been completed. The Staff Report, summarizing the evidence and recommending that the Commission promulgate a rule, was completed in October 1986. The Presiding Officer's Report was published in November, 1986. 3813. AMENDMENT TO TRADE REGULATION RULE CONCERNING PRESERVATION OF CONSUMERS CLAIMS AND DEFENSES ("HOLDER-IN-DUE COURSE RULE")

Legal Authority: 15 USC 45 Federal Trade Commission Act; 15 USC 57(a) Federal Trade Commission Act

CFR Citation: 16 CFR 433

Abstract: The objective of the proposed amendment is to ensure that a purchaser's duty to pay is not separated from sellers' duty to perform when consumer sales are financed by third party creditors or purchase money lenders. The original rule requires sellers to ensure that credit contracts used in consumer installment sales and purchase money loans contain a provision that makes any holder of the contract subject to all legal claims and defenses related to the sale transaction which the buyer may have against the seller. The proposed amendment would extend to creditors the obligation to ensure that credit contracts contain the required provision. Benefits from the proposed amendments may include improvement in the retail market due to increased scrutiny by creditors of the sellers with whom they do business and availability to consumers of additional claims and defenses against creditors. Some creditors may have increased costs associated with screening contracts and monitoring the reputations of retailers with whom they deal. Alternatives considered by the Commission include: rejection of the amendment; postponement of decision pending additional information on (cont)

Legal Authority: 15 USC 45 Federal Trade Commission Act; 15 USC 57(a) Federal Trade Commission Act

CFR Citation: 16 CFR 438, (New)

Abstract: In 1979, the Second Circuit Court of Appeals set aside the rule as originally issued by the Commission, citing problems with some of the remedies that the rule provided to purchasers of proprietary vocational training. The Staff has prepared recommendations as to how the Commission should respond to the Court's decision. Alternatives under consideration include a rule that would give schools the option of providing either a strict pro rata refund remedy or a track record disclosure, a rule requiring some refunds but not on a strict pro rata basis, and a rule with no refund requirements at all. Alternatives to rulemaking include case-by-case enforcement, and FTC intervention before other state and federal agencies having jurisdiction over vocational schools to prevent deceptive practices. The rule may benefit consumers by enabling them to avoid expenditures on inappropriate courses and increasing the effectiveness of the vocational school industry in training and placing people in productive jobs. The cooling-off, track record disclosures, and refund components of the rule variations under consideration would impose real social costs on schools covered (cont)

Schools that do not use these practices may not incur significant cost increases. The rule seeks to deter deceptive sales practices by requiring schools to provide material information to prospective students, and to provide students with contractual remedies which they can use to protect themselves when necessary. Most of the 6,000 schools that would be affected by the rule are small businesses.

3815. RETAIL FOOD STORE ADVERTISING AND MARKETING PRACTICES

Legal Authority: 15 USC 41 et seq Federal Trade Commission Act

CFR Citation: 16 CFR 424

Abstract: The Commission's Rule on Retail Food Store Advertising and Marketing Practices states that it is a violation of Section 5 of the Federal Trade Commission Act for grocery stores to advertise products at a particular price unless such products are in stock and conspicuously and readily available for sale at the advertised price during the effective period of the advertisement. If a store runs out of advertised products, it is in violation of the rule even if the store noted the limitations on availability in its advertisement and even if the store provides rainchecks or substitute items. The rule is intended to benefit consumers by ensuring that advertised items are available, that advertising-induced purchasing trips are not fruitless, and that store prices accurately reflect the prices appearing in the ads. The rule may cause costs to be incurred in maintaining sufficient inventory to meet anticipated demand, and costs associated with the monitoring of price changes, changing marked prices, training employees to comply with the rule and keeping records to prove compliance. Additional Information: ABSTRACT CONT: The rule may also discourage the advertising of certain kinds of products, such as perishables or goods that are available to the store only in limited supply. The staff concluded from a careful review of the rule's effects that the costs the rule imposes on consumers in the form of higher grocery prices significantly exceeds its benefits. Consequently, staff recommended that the rule be modified so that a store could comply with the rule by clearly and adequately disclosing in its advertisements that there are limitations on availability, or by offering rainchecks or substitute items if supplies run out. The Staff concluded that modifying the rule in this way will maintain any benefits it provides to consumers while substantially reducing its costs. The Commission published an NPRM in October, 1985. The hearings have been completed, and the Staff Report published. The Commission is scheduled to consider the record in mid-1987, after the preceding steps in the rulemaking process have been completed.

Significance: Agency Priority

Legal Authority: 15 USC 18a Clayton Act

CFR Citation: 16 CFR 801; 16 CFR 802; 16 CFR 803; 16 CFR 803, (Apendix)

Abstract: The Premerger Notification Rules and the Antitrust Improvements Act Notification and Report Form were adopted pursuant to Section 7A of the Clayton Act. Section 7A requires firms of a certain size contemplating mergers or acquisitions of a specified size to file notification with the Federal Trade Commission (FTC) and the Department of Justice (DOJ) and to wait a designated period before consummating the transaction. It also requires the FTC, with the concurrence of the Assistant Attorney General for Antitrust, to promulgate rules requiring that notification be in a form and contain information necessary to enable the FTC and DOJ to determine whether the proposed acquisition may, if consummated, violate the antitrust laws. Review of these rules and the Form focuses on reducing the paperwork burden imposed on the business community. On September 24, 1985, the Commission proposed amendments to the Premerger rules that pertain for the most part to the burden reduction initiative and that affect the scope of the reporting requirement. In October of 1986, the staff recommended adoption of the burden reduction initiative and that action on the amendments relating to reporting by (cont)

Legal Authority: 15 USC 45 Federal Trade Commission Act; 15 USC 57(a) Federal Trade Commission Act

CFR Citation: 16 CFR 419

Abstract: The Commission's trade regulation rule concerning games of chance became effective on October 17, 1969. The rule establishes requirements for food and gasoline retailers in conducting and advertising games of chance by requiring disclosure of odds-of-winning and prize information in broadcast and print advertisements, as well as in point of sale information. In January, 1983, the Commission granted a temporary partial exemption to allow supermarkets and gas stations to advertise their games on radio and television without disclosing full information on prizes and odds-of-winning. In addition, the Commission also published an advance notice of proposed rulemaking on whether to make the broadcast exemption permanent. Finally, the Commission has proposed to reduce the recordkeeping requirements of the rule from three years to one year in keeping with the goals of the Paperwork Reduction Act, and requested public comment on other possible areas where amendments to the rule may be appropriate. The rule benefits consumers by allowing contestants to enter games of chance with full knowledge of all material information to enable equal competition for (cont)

3318. APPLIANCE LABELING RULE -- ENERGY POLICY AND CONSERVATION ACT

Legal Authority: 42 USC 6294 National Energy Conservation Policy Act; PL 94-163 Energy Policy and Conservation Act, Sec 324, 1975

CFR Citation: 16 CFR 305

Abstract: The Energy Policy and Conservation Act (EPCA) required the Commission to consider labeling rules for the disclosure of energy information, based on standard test procedures prescribed by the Department of Energy, for at least 13 categories of major household appliances. The Commission adopted a labeling rule for seven appliance categories: (1) refrigerators and refrigerator- freezers; (2) freezers; (3) dishwashers; (4) clothes washers; (5) water heaters; (6) room air conditioners; and (7) furnaces. The Commission exempted five other categories of appliances. Following DOE's adoption of final test procedures for central air conditioners (and heat pumps), the Commission initiated a rulemaking to consider including these products. The Commission is also considering including two new types of furnaces in the rule's current coverage of furnaces.

The rule mandates that specific energy costs or efficiency information for covered products be disclosed in catalogs and on a label (fact sheets are required for furnaces). The label must include a highlighted energy cost or efficiency disclosure, a range indicating the highest and lowest energy costs or (cont)

The primary purpose of the rule is to permit consumers to compare the energy usage of competing appliances and to weigh that information along with other product features.

Since the Commission's rule implements the statutory directives in EPCA, most of the costs imposed on industry members may not be attributable to the rule. The rule applies mainly to manufacturers of household appliances, but does impose some burdens on

distributors and retailers. Some of these entities may be small businesses pursuant to Section 610 of the Regulatory Flexibility Act. Therefore, the Commission has begun a review of the rule to determine whether the rule has had a significant economic impact on a substantial number of small entities and, if so, whether the rule should be amended. As a result of this review, several amendments will be proposed for Commission consideration.

CFR Citation: 16 CFR 460.10; 16 CFR 460.18; 16 CFR 460.19; 16 CFR 460, (Appendix B)

Abstract: The Commission's home insulation trade regulation rule became effective on September 29, 1980. Among other things, it requires advertisers to disclose specific additional information in advertisements or other promotional materials when they make energy savings claims about an insulation product or refer to the product's thickness, R-Value or price. The Commission temporarily stayed the effective date of those disclosure requirements as they applied to television ads pending completion of these amendment proceedings. The Commission announced its intention to reopen the rulemaking proceeding to consider whether it should amend the rule's disclosure requirements insofar as they apply to television advertising. (ANPR, 46 FR 47236, Sept. 25, 1981.) On May 8, 1986, a federal court of appeals accepted a settlement between the Commission and four companies and vacated the the rule's television disclosure requirements. On October 30, 1986, pursuant to the court's action, the Commission amended the rule to delete all requirements for affirmative disclosures in television advertisements (Final Rule, 51 FR 39650, (cont)

Legal Authority: 15 USC 45 Federal Trade Commission Act; 15 USC 47(a) Federal Trade Commission Act

CFR Citation: 16 CFR 441, (New)

Abstract: On November 19, 1986, the Commission determined to end its rulemaking on mobile home sales and service, and decided not to adopt a rule. Economic analysis of the industry indicated that the compliance costs of the proposed rule, which would have been passed from sellers and manufacturers to consumers, would have significantly outweighed potential benefits from the rule. The rulemaking record also lacked evidence of market failure in the mobile home industry, or that breach of warranty was so prevalent in the industry as to justify an industry-wide rule.

Legal Authority: 15 USC 2302(b)(1)(A); 15 USC 2309(a) Magnuson-Moss Warranty--FTC Improvements Act

CFR Citation: 16 CFR 702

Abstract: The Magnuson-Moss Warranty Act (15 U.S.C. 2302(b)(1)(A)) requires that the Federal Trade Commission promulgate a rule to require that the terms of written warranties for consumer products be made available to consumers prior to purchase. The Rule modifications approved by the Commission are

intended to achieve the Congressional objective more effectively by making the Rule requirements more flexible and thus lessening the costs and burdens of compliance while still ensuring consumers access to warranties prior to purchase. The rule previously required that retailers of consumer products costing more than $15 make warranty texts available to consumers prior to purchase by placing the warranty text in one or a combination of four specified locations; (1) on the product, (2) in a binder, (3) on the package, or (4) on a sign. 3822. NEGATIVE OPTION RULE

Legal Authority: 15 USC 41 Federal Trade Commission Act

CFR Citation: 16 CFR 425

Abstract: The Trade Regulation Rule concerning negative option plans was promulgated on February 15, 1973. The rule imposes specific requirements concerning procedures that must be followed in the operation of negative option methods of merchandising. The rule requires that all covered advertisements clearly disclose the material terms of the plan; that the subscriber be given a minimum of 10 days in which to instruct the seller not to mail a selection; and that the seller must give full credit, and guarantee return postage, for merchandise returned by subscribers who were not obligated to receive it. The rule is designed to address a number of significant consumer problems described in the record of the rulemaking proceeding, including denying subscribers sufficient time to respond to the negative option cards sent under these plans, thereby denying subscribers the opportunity to make an informed decision; delivering unordered merchandise without prior consent of subscribers; and placing the burden and expense of correcting "errors" on the subscriber.

End Reg Flex Review	11/21/86	51 FR 42087

Small Entity: No

Additional Information: EFFECTS ON SMALL BUSINESS AND OTHER ENTITIES: The rule applies to all sellers that use negative option plans, some of which are small businesses as defined by the Regulatory Flexibility Act. 5U.S.C. 601(6). To assess the possible impact of the rule on such small entities, the Commission conducted a review of the rule during fiscal 1986, in accordance with Section 610 of the Regulatory Flexibility Act. The Commission's review indicated that the Rule has not had a significant economic impact on a substantial number of small entities.

INTERSTATE COMMERCE COMMISSION (ICC)

INTERSTATE COMMERCE COMMISSION

49 CFR Ch. X

[Ex Parte No. 420 (Sub-No. 12)]

Semiannual Regulatory Agenda

AGENCY: Interstate Commerce Commission.

ACTION: Notice of semiannual regulatory agenda to be part of a Unified Agenda of Federal Regulations.

SUMMARY: Pursuant to OMB Bulletin No. 87-6, issued under section 6(b) of E.O. 12291 to implement the provisions of section 5 of the Executive Order concerning Regulatory Agendas, the Commission is publishing an agenda of (1) current and projected rulemakings, and (2) existing regulations being reviewed to determine whether to propose modifications through rulemaking. Listed below are the regulatory actions to be developed or reviewed during the next 12 months. Following each rule identified is a brief description of the rule including its purpose and legal basis.

FOR FURTHER INFORMATION CONTACT: A contact person is identified for each of the rules listed below.

SUPPLEMENTARY INFORMATION: A list of proceedings appears below containing information about subject areas in which the Commission is currently conducting rulemaking proceedings or may institute such proceedings in the near future. It also contains information about existing regulations being reviewed to determine whether to propose modifications through rulemaking.

The agenda also identifies regulations likely to have a significant economic impact on a substantial number of "small entities." Accordingly, this information will satisfy the requirements of section 602 of the Regulatory Flexibility Act, 5 U.S.C. 602.

Finally, this agenda will comprise part of a Unified Agenda of Federal Regulations compiled by the Office of Management and Budget which is to be published in a single issue of the Federal Register in April 1987. The purpose of the Unified Agenda is to provide the public with more comprehensive documentation of the Federal government's current regulatory plans, and to provide a systematic means of monitoring regulatory activity in each agency.

This notice is issued pursuant to 49 U.S.C. 10321 and 5 U.S.C. 553.

Decided: February 24, 1987.

By the Commission, Chairman Gradison, Vice Chairman Lamboley, Commissioners Sterrett, Andre, and Simmons.

Noreta R. McGee,

Secretary.

3827. RAIL GENERAL EXEMPTION AUTHORITY - MISCELLANEOUS PROCESSED AND MANUFACTURED COMMODITIES

Legal Authority: 49 USC 10505

CFR Citation: 49 CFR 1039

Legal Deadline: None.

Abstract: 49 USC 10505 requires that the Commission exempt from regulation the movement by rail of traffic for which it finds continued regulation no longer necessary to serve the Nation's transportation policy objectives and to protect shippers from abuse of market power by the railroads. In examining the transportation characteristics and markets of various commodities moving by rail, there appear to be many products for which sufficient competition exists among transportation alternatives so that regulation may no longer be necessary. Exemption of such commodities should provide increased rate and service flexibility for railroads to meet shippers' needs and to compete more effectively for the subject traffic. Anticipated benefits include lower rates and improved service, at a possible "cost" of increased price instability and competition to alternative transport firms.

Legal Authority: 5 USC 553; 31 USC 9701; 49 USC 10321

CFR Citation: 49 CFR 1002

Legal Deadline: None.

Abstract: In a decision published at 49 FR 18490 (May 1, 1984), the Commission adopted a major revision of its user fee regulations. On review the District of Columbia Circuit Court of Appeals affirmed the Commission's user fee regulations in most respects. See Central & Southern Motor Freight Tariff Ass'n, Inc. v. ICC 777 F 2nd 722 (D.C. Cir 1985). However, the court did remand the proceeding for further explanation of certain costing issues. This decision will reopen the May 1, 1984 decision. In this decision the Commission will provide further explanation to the Court and make any necessary adjustment to the fee regulations.

Abstract: This rule would eliminate the Uniform System of Accounts and revise the periodic reporting requirements for Class I motor common and contract carriers of passengers. The Commission believes these provisions are no longer necessary for Commission oversight of the ratemaking process. The Commission is proposing a new condensed report, applicable only to Class I motor carriers of passengers, to replace the current comprehensive annual and quarterly report forms. These changes should significantly reduce the carriers' accounting and reporting costs and burden.

Semiannual Regulatory Agenda

NATIONAL CREDIT UNION ADMINISTRATION (NCUA)

NATIONAL CREDIT UNION ADMINISTRATION

12 CFR Ch. VII

Semiannual Agenda of Regulations

AGENCY: National Credit Union Administration (NCUA).

ACTION: Semiannual agenda of regulations.

SUMMARY: Pursuant to its ongoing policy of reviewing regulations, NCUA is publishing a list of current and projected rulemaking, reviews of existing regulations, and completed actions as of January 31, 1987. NCUA will also include this agenda in the Unified Agenda of Federal Regulations.

DATE: This information is current as of January 31, 1987.

ADDRESS: National Credit Union Administration, 1776 G Street, NW., Washington, DC 20456.

FOR FURTHER INFORMATION CONTACT: On a particular regulation, contact the person(s) named in the listing for that regulation at the above address.

SUPPLEMENTARY INFORMATION: The purpose of this agenda is to enable credit unions and the public to track regulatory development and review at NCUA and to enable interested parties to more effectively participate in that process. The agenda is divided into three parts describing, respectively, (1) actions completed since the last agenda; (2) current rulemaking proceedings and regulatory reviews; and (3) projected rulemaking and reviews. Interpretive Rulings and Policy Statements (IRPS) are also included in the agenda.

The agenda is published pursuant to the Regulatory Flexibility Act (5 U.S.C. 601, et seq.) and NCUA's statement of policy concerning development and review of regulations (IRPS 81-4, 46 FR 2948).

NCUA will voluntarily include this agenda in the Office of Management and Budget's next publication of its "Unified Agenda of Federal Regulations." The NCUA Board believes that participation in this joint publication will further the public interest by including NCUA in a single source of information concerning current and projected rulemaking and reviews of existing regulations.

Approved by the NCUA Board this 11th day of February, 1987.

Becky Baker,

Acting Secretary of the Board.

Semiannual Regulatory Agenda

NUCLEAR REGULATORY COMMISSION (NRC)

NUCLEAR REGULATORY COMMISSION

10 CFR Ch. I

Regulatory Agenda

AGENCY: Nuclear Regulatory Commission.

ACTION: Semiannual publication of NRC regulatory agenda.

SUMMARY: The Nuclear Regulatory Commission (NRC) is publishing its semiannual Regulatory Agenda in accordance with Pub. L. 96-354, "the Regulatory Flexibility Act," and Executive Order 12291, "Federal Regulations." The agenda is a compilation of all rules on which the NRC has recently completed action or has proposed, or is considering action. This issuance updates any action occurring on rules since publication of the last semiannual agenda on October 27, 1986 (51 FR 39260).

ADDRESSES: Comments on any rule in the agenda may be sent to the Secretary of the Commission, U.S. Nuclear Regulatory Commission, Washington, DC 20555, Attention: Docketing and Service Branch. Comments may also be hand delivered to Room 1131, 1717 H Street, NW., Washington, DC, between 8:15 a.m. and 5:15 p.m. Comments received on rules for which the comment period has closed will be considered if it is practical to do so, but assurance of consideration cannot be given except as to comments received on or before the closure dates specified in the agenda.

The agenda and any comments received on any rule listed in the agenda are available for public inspection, and copying at a cost of five cents per page, at the Nuclear Regulatory Commission's Public Document Room, 1717 H Street, NW., Washington, DC 20555.

FOR FURTHER INFORMATION CONTACT: For further information concerning NRC rulemaking procedures or the status of any rule listed in this agenda, contact Michael T. Lesar, Acting Chief, Rules and Procedures Branch, Division of Rules and Records, Office of Administration, U.S. Nuclear Regulatory Commission, Washington, DC 20555, Telephone (301) 492-7086. Persons outside the Washington, DC metropolitan area may call toll-free: (800) 368-5642. For further information on the substantive content of any rule listed in the agenda, contact the individual listed under the heading "Agency Contact" for that rule.

SUPPLEMENTARY INFORMATION: Although publication of the agenda is only required semiannually in April and October, the NRC has chosen to update and publish its agenda each quarter. However, the information contained in this semiannual publication is updated to reflect any action which has occurred on rules since publication of the last NRC semiannual agenda on October 27, 1986 (51 FR 39260).

Organization of the Agenda

Rules in this agenda are divided into four groups. The first; Prerule Stage, includes all rules which will be published in the **Federal Register** as advance notices of proposed rulemaking. The second; Proposed Rule Stage, includes all unpublished rules and published advance notices of proposed rulemaking on which the NRC expects to take action. The third; Final Rule Stage, includes all rules which have been published in the **Federal Register** as proposed rules and on which the NRC plans to take final action. A fourth group; Completed Actions, includes all rules which have been finally promulgated or withdrawn since publication of the last semiannual agenda.

Within each group, the rules are ordered from lowest to highest 10 CFR part, and when more than one rule appears under the same part, the rules are arranged within the part according to the date of most recent publication. If a rule contains changes to more than one 10 CFR part, the rule is listed under the lowest affected part.

The information in this agenda has been updated through February 27, 1987. The date included under the heading "timetable," for next scheduled action indicates the date the rule is scheduled to be published in the **Federal Register**. The date is considered tentative and is not binding on the Commission or its staff. This Regulatory Agenda is intended to provide increased notice and opportunity for public participation in the NRC rulemaking process. The NRC may, however, consider or act on any rulemaking even if it is not included in the Regulatory Agenda.

Rulemakings Approved by the Executive Director for Operations (EDO)

The Executive Director for Operations (EDO) initiated a procedure for the review of the regulations being prepared by staff offices that report to him to ensure that staff resources were being allocated to achieve most effectively NRC's regulatory priorities. This procedure requires EDO approval before staff resources may be expended on the development of any new rulemaking. Furthermore, all existing rules must receive EDO approval prior to the commitment of additional resources.

Rules that have received EDO approval to date are identified by the symbol (+) at the beginning of the title. As additional rules receive EDO approval, they will be identified in subsequent editions of this agenda. Those unpublished rules whose further development has been terminated will be noted in this edition of the agenda and deleted from subsequent editions. Rules whose termination was directed subsequent to publication of a notice of proposed rulemaking will be removed from the agenda after publication of a notice of withdrawal.

The NRC agenda lists 72 rulemaking actions. Of these, no rulemaking items are considered to be priority or major as defined in section 1(b) of Executive Order 12291.

Dated at Bethesda, Maryland this 26th day of February 1987.

For the Nuclear Regulatory Commission.

Donnie H. Grimsley,

Director, Division of Rules and Records, Office of Administration.

NUCLEAR REGULATORY COMMISSION (NRC) — Prerule Stage

3887. ● RADIOACTIVE WASTE BELOW REGULATORY CONCERN; GENERIC RULEMAKING

Legal Authority: 42 USC 2201

CFR Citation: 10 CFR 2; 10 CFR 20

Abstract: The advance notice of proposed rulemaking seeks comments on the NRC consideration to amend its regulations to address disposal of radioactive wastes that contain sufficiently low quantities of radionuclides that their disposal does not need to be regulated. The NRC has already published a policy statement providing guidance for filing petitions for rulemaking to exempt individual waste streams (August 29, 1986; 51 FR 30839). It is believed that generic rulemaking could provide a more efficient means of dealing with disposal of wastes below regulatory concern. This rule would supplement the policy statement which was a response to Section 10 of the Low-Level Radioactive Waste Policy Amendments Act of 1985 (Pub. L. 99-240). The public will be asked to comment on 14 questions.

3888. ● RADIATION THERAPY, QUALITY ASSURANCE AND PENALTIES FOR NEGLIGENCE

Legal Authority: 42 USC 2111; 42 USC 2201; 42 USC 5841

CFR Citation: 10 CFR 35

Abstract: The Nuclear Regulatory Commission is considering amendments to its regulations governing the use of byproduct material for radiation therapy. In addition to current requirements, the contemplated amendments would require that licensees offering teletherapy or brachtherapy services implement a quality assurance program. The contemplated amendments would also provide for penalties for negligence when using byproduct material for radiation therapy. The alternatives to rulemaking considered by the staff were to take no action or to provide quality assurance guidance and request voluntary compliance. The Commission directed the staff to take the rulemaking alternative. Although data on potential cost impacts is incomplete, initial cost estimates indicated that the potential cost to each of the 1200 affected licensees would be about $1000.00 per year.

Proposed Rule Stage

3889. REVISED RULES OF PRACTICE FOR DOMESTIC LICENSING PROCEEDINGS

Legal Authority: 42 USC 2201; 42 USC 2231; 42 USC 2241; 42 USC 5841; 5 USC 552

CFR Citation: 10 CFR 0; 10 CFR 1; 10 CFR 2; 10 CFR 9; 10 CFR 50

Abstract: The Nuclear Regulatory Commission has deferred further consideration of this proposal which would have revised the Commissions's procedural rules governing the conduct of all adjudicatory proceedings, with the exception of export licensing proceedings. The proposed rule would comprehensively restate current practice , retitle the hearing office, and revise and reorganize the Commission's procedural rules. The changes set out in the proposed rule are intended to enable the Commission to render decisions in a more timely fashion and reduce the burden and expense to the parties participating in the proceedings.

3890. AVAILABILITY OF OFFICIAL RECORDS

Legal Authority: 42 USC 2201; 42 USC 5841

CFR Citation: 10 CFR 2

Abstract: The proposed amendment would conform the NRC's regulations pertaining to the availability of official records to existing case law and agency practice. The purpose of the amendment is to reaffirm that the terms of 10 CFR 2.790 (c) provide submitters of information a qualified right to have their information returned upon request. This amendment informs the public of three exceptions to the right to withdraw pursuant to 10 CFR 2.790 (c) of the NRC's regulations, i.e., information submitted in a rulemaking proceeding that subsequently forms the basis for the final rule, information which has been made available to an advisory committee or was received at an advisory committee meeting, and information that is subject to a pending Freedom of Information Act request.

Legal Authority: 42 USC 2201; 42 USC 2231; 42 USC 2241; 42 USC 5841

CFR Citation: 10 CFR 2

Abstract: The proposed rule would amend the Commission's "immediate effectiveness' regulation that specifies when an initial adjudicatory decision authorizing the issuance or amendment of a license or permit becomes effective. Changes are proposed that would (1) remove the existing provision governing the effectiveness of initial decisions regarding power reactor construction permits and (2) revise the Commission's existing practice regarding "effectiveness reviews" for full-power operating licenses. The proposed rule also would delete language in the existing regulation emanating from Three Mile Island-related regulatory policies, action upon which now has been completed.

The proposed rule would supersede two prior rules entitled "Possible Amendments to 'Immediate Effectiveness' Rules," published October 25, 1982 (47 FR 47260).

3892. ● NEGOTIATED RULEMAKING ON THE SUBMISSION AND MANAGEMENT OF RECORDS AND DOCUMENTS RELATED TO THE LICENSING OF A GEOLOGIC REPOSITORY FOR THE DISPOSAL OF HIGH LEVEL WASTE

Legal Authority: 42 USC 10101

CFR Citation: 10 CFR 2

Abstract: The Nuclear Waste Policy Act (NWPA) provides three years for the NRC to reach a decision on construction authorization for a high level waste repository. In order for the NRC to be able to make its decision within the allotted time, ready access to all pertinent records must be assured to all parties in the licensing proceeding. The DOE has committed to develop an electronic information management system to be used for the licensing proceeding. The NRC staff intends to use the process of negotiated rulemaking to develop a proposed rule that would revise the Commission's discovery procedure and motion practice in 10 CFR Part 2 for the high level waste licensing proceeding. This rule would require the DOE license application and all supporting records to be provided in a standardized electronic format. All parties to the licensing proceeding would be required to submit all relevant data to this system. In turn all parties would have access to the data base. The NRC published a Notice of Intent on December 18, 1987 which announced the agency's intent to publish this rule.

3893. + RESIDUAL RADIOACTIVE CONTAMINATION LIMITS FOR DECOMMISSIONING

Legal Authority: 42 USC 2201; 42 USC 5841

CFR Citation: 10 CFR 20

Abstract: The proposed rule would establish residual radioactive contamination limits (including induced and other volumetric radioactivity as well as removable and fixed surface contamination) which must be met before structures and lands can be released on an unrestricted, unregulated basis. Structures and lands with residual radioactive contamination below these limits would be eligible for unrestricted release without regulatory restrictions from a radioactivity standpoint.

The proposed amendments are necessary to provide licensees with quantitative criteria to use during decommissioning relative to cleanup of structures and lands intended to ensure that structures and lands used in NRC licensed facilities and activities will be decontaminated in a manner that adequately protects public health before being released on an unrestricted, unregulated basis.

CFR Citation: 10 CFR 30; 10 CFR 32; 10 CFR 40; 10 CFR 70

Abstract: NRC regulations clearly provide for pre-marketing approval of certain sealed sources and devices, such as smoke detectors and gauges. The regulations are less clear with respect to pre- marketing approval of other products, such as industrial radiographic and in-plant gauging devices. The proposed rule would clearly state the procedures for manufacturers and distributors of sources and devices to obtain pre-marketing approval of products to be used under specific license. Consistent with present practice, the rule would require the applicant to submit for approval specified radiation safety information about the product.

The proposed rule would also assure that all manufacturers/distributors (vendors) are informed of NRC's program for pre-marketing approval of sources and devices under specific license. The rule, by improving communication with the vendors, would assure timely and efficient consideration of radiation safety features of products and thus reduce administrative costs for vendors, users and NRC.

The rulemaking action is not urgent, but is important because

Legal Authority: 42 USC 2201

CFR Citation: 10 CFR 30; 10 CFR 40; 10 CFR 61; 10 CFR 70; 10 CFR 72

Abstract: The Commission issued and advance notice of proposed rulemaking (ANPRM) in June 1985, which sought comment of the advisability of having NRC require a mechanism to assure financial capability on the part of certain NRC materials licensees (e.g., fuel fabricators and users of sealed

radiation sources) to undertake prompt cleanup of accidental releases or contamination, both on and off site. Estimates for cleanup costs in the recent past have ranged up to $2 million for a single event. To date, cleanup has been conducted by the State or Federal government, but frequently public monies are used only after lengthy delays.

Use of an alternative, i.e., the 1980 Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), is effectively blocked by EPA policy. CERCLA provides funds for cleanup if the owner or operator is unable to do so and if the release is not covered by "Price-Anderson" provisions, which address liability but do not provide funds for cleanup per se. EPA maintains that NRC has full authority to require cleanup of accidental releases by licensees; thus, CERCLA public funds should not be used for this purpose. (cont)

The current FY87 budget to develop the proposed rule is 1.4 FTE.

Abstract: This proposed rule, being prepared at Commission direction, would provide comprehensive treatment of hearing procedures to be implemented by the Commission for materials licensing proceedings. In addition, the proposed rule would encompass the objective of the proposed rule, "Jurisdiction of Adjudicatory Boards," identified as 3150-AA53 which is being deleted from OMB's Unified Agenda. There are no reasonable alternatives to rulemaking for implementing these informal hearing procedures. The procedures are expected to reduce the economic burden imposed on a participant in a proceeding.

Legal Authority: 42 USC 2111; 42 USC 2201; 42 USC 2232; 42 USC 2233

CFR Citation: 10 CFR 34

Abstract: The proposed rule would amend the present regulations to establish performance standards for industrial radiography exposure devices. Overexposures of radiographers (and occasionally the general public) are more than double that of other radiation workers and have been a concern to the NRC for some time. Approximately 25-35% of the radiography overexposures are associated with equipment malfunction. The issue of safety requirements for these devices is a primary concern since the devices use relatively high intensity, high energy gamma-ray emitting sources with the potential for serious overexposures. Although a consensus standard for radiographic exposure devices was published in 1981, (American National Standard. N432) it is not clear that all manufacturers are adopting the standard. The alternatives considered were to take no action at this time; to amend the regulations to require performance standards for radiographic devices plus a requirement for radiographers to wear alarm dosimeters and simultaneously issue a regulatory an guide endorsing the consensus standard, supplemented by such other performance standards as deemed necessary. The proposed rule would require licensees to modify radiographic devices to meet the performance standards through design changes and quality control procedures. Costs of incorporating the proposed standards are estimated to be a one time cost of $1600.00 per licensee to purchase alarm dosimeters and $250.00 per year per licensee to replace existing devices with devices that meet the requirements of the consensus standard. Determination of the benefits to be derived from the proposed rule are difficult to determine on a monetary basis but the potential hazards that might be averted include radiation sickness, injury, and even death. NRC resources required for processing this rule to final publication are estimated to be 0.4 person-years.

3899. ACCEPTANCE CRITERIA FOR EMERGENCY CORE COOLING SYSTEM (ECCS) FOR LIGHT WATER NUCLEAR POWER REACTORS

Legal Authority: 42 USC 2132; 42 USC 2133; 42 USC 2134; 42 USC 2201; 42 USC 2232; 42 USC 2233; 42 USC 2236; 42 USC 2239; 42 USC 2282; 42 USC 5841; 42 USC 5842; 42 USC 5846

CFR Citation: 10 CFR 50

Abstract: The proposed rule would amend regulations concerning acceptance criteria for emergency core cooling systems (ECCS) by changing the methods used to demonstrate that an ECCS would protect the nuclear reactor core during a loss-of-coolant accident. This action is proposed because research has shown that calculations performed under current requirements result in estimates of cooling system performance are significantly worse than estimates based on the improved knowledge gained from this research and because the operation of some nuclear reactors is being unnecessarily restricted. This results in increased cost of electricity generation. The proposed rule would allow use of the best information currently available to demonstrate that the ECCS would protect the reactor core during a loss-of-coolant accident.

Use of the proposed acceptance criteria could result in a 5 percent power upgrade for affected plants. The present value of energy replacement cost savings resulting from a potential upgrade would range from 13 to 147 million dollars depending on the location and age of a specific plant.

Because the proposed rule represents a significant change in a regulatory requirement, the staff is currently preparing a summary of ECCS research performed over the last 10 years which will serve as the technical basis for the proposed rule and a regulatory guide which will provide definition of what constitutes an acceptable best estimate model and acceptable methods of performing the uncertainty evaluation. The estimated cost to the NRC of this rulemaking is 2-3 staff years and $200,000 of contractor support.

The only option to rulemaking considered by the staff was the continued use of the current licensing approach. At best, this is viewed as an interim solution because two separate calculations are required to meet the requirements of the current regulation and staff conditions for use of the licensing approach and continued use of the approach risks case-by-case litigation.

3900. + RADON 222 ESTIMATE FOR TABLE S-3

Legal Authority: 42 USC 2201; 42 USC 5841; 42 USC 5842

CFR Citation: 10 CFR 50; 10 CFR 51

Abstract: In a Federal Register notice published on April 14, 1978, the Commission deleted the radon-222 value from Table S-3 because it was recognized to be underestimated. Pending rulemaking action to provide a new estimate for radon-222 in Table S-3 the environmental effects of radon are subject to litigation in individual nuclear power plant licensing proceedings. The proposed rule was to deal with this question generically for all nuclear power plants; however, the NRC does not expect to receive applications for new nuclear power plant licenses within the near future, and certain regulatory issues related to radon have not yet been resolved.

The Commission directed the staff to combine the radon rulemaking with the final rule to add the narrative explanation for Table S-3 and, also to incorporate the changes to add a technetium-99 estimate to Table S-3. This would complete Table S-3 and would remove all environmental impacts of the uranium fuel cycle from further consideration and litigation in individual nuclear power plant licensing cases. However, the final rule could not be formulated until EPA completed the(cont)

Also, the Commission must complete its review of ALAB-701, which is being held in abeyance for the completion of EPA's radon standards and for further resolution of the de minimis argument concerning the effects of exposure to low levels of radiation . The Commission directed the staff to develop a schedule for completion of the work required to provide a new radon-222 value for Table S-3 and to resolve the related matters.

The staff's plan and estimate (SECY 86-242)were submitted on August 18, 1986 providing for submission of the final rule for Commission action in December 1988. On September 8, 1986, SECY 86-242 was approved by the Commission. The final rule will cover the new values for radon-222 and technetium-99 and the narrative explanation of these values and their effect on public health and safety.

3901. + SAFETY RELATED AND IMPORTANT TO SAFETY IN 10 CFR PART 50

Legal Authority: 42 USC 5841; 42 USC 5842; 42 USC 5846

CFR Citation: 10 CFR 50

Abstract: The Nuclear Regulatory Commission proposes to clarify its regulations on the use of the terms "important to safety" and "safety related" by adding definitions of these two terms and of "facility licensing documents" to 10 CFR Part 50 and by discussing how these definitions will be applied in NRC licensing reviews. Significant issues concerning the meaning of these terms as they are used in this part have arisen in Commission licensing proceedings. This proposed rule would define those terms and clarify the nature and extent of their effect on quality assurance requirements, thereby resolving these issues.

Rulemaking was chosen as the method of resolving this issue as a result of the Commission's directive to resolve the issue by rulemaking contained in the Shoreham licensing decision (CLI-84-9, 19 NRC 1323, June 5, 1984).

A position paper requesting approval of the staff proposed definitions and additional guidance from the Commission was signed by the EDO on May 29, 1986. In addition to rulemaking, the position paper discusses the alternative of the Commission issuing a policy statement concerning the definitions and their

Since the proposed rule is only clarifying existing requirements, their is no impact on the public or the industry as a result of this rulemaking. It is anticipated that the NRC will expend 3.2 to 4.4 staff years in developing the final rule over a two year period. The manpower and time frame will depend upon guidance from the Commission regarding the extent to which 10 CFR usage of the terms is to be consistent, i.e., 10 CFR Part 50 only or all of 10 CFR.

3902. DEGREE REQUIREMENT FOR SENIOR OPERATORS AT NUCLEAR POWER PLANTS

Legal Authority: 42 USC 2201

CFR Citation: 10 CFR 50; 10 CFR 55

Abstract: The Commission is considering an amendment to its regulations to require, after January 1, 1991, that applicants for licenses as a Senior Operator of a nuclear power plant hold a baccalaureate degree in engineering or a related science from an accredited institution. Other baccalaureate degrees from an accredited institution may be accepted on a case-by-case basis. This contemplated rulemaking action is due to a Commission decision to enhance the levels of engineering and accident management expertise on shift. The current requirements, for candidates with a baccalaureate degree, of two years of responsible nuclear power plant operating experience, would be amended to require one year of operating experience on a like commercial nuclear reactor operating at greater than twenty percent power. The Commission is also considering issuing a policy statement concurrently with this rule related to utility implementation of the rule.The staff analysis of comments on the ANPRM is continuing and options for rulemaking and/or policy statements to address degree requirements and training for accident management are being developed. A Commission paper is scheduled for Commission (Cont)

3903. ● CONSIDERATION OF EMERGENCY PLANNING RULE CHANGES TO DEAL WITH LACK OF GOVERNMENTAL COOPERATION IN OFFSITE EMERGENCY PLANNING

Legal Authority: 42 USC 2201; 42 USC 5841

CFR Citation: 10 CFR 50

Abstract: The proposed rule would in limited circumstances, allow a full power nuclear plant operation to begin when there is a lack of State or local government cooperation in offsite emergency planning. In earlier regulations, the Commission published revised emergency planning regulations which required that emergency plans be developed by licensees in cooperation with State and local governments. Although the Commission acknowledged the possibility that some governments might not cooperate, the Commission premised the new rules on a coordinated effort among all parties. Because this coordination has proved impossible to achieve in a few isolated cases, this proposed rulemaking is intended to cover those cases not contemplated by the 1980 amendments. The amendments will probably not impact on NRC resources. Industry may experience a positive financial effect in the earlier operation of nuclear power plants already completed but currently non-operational due to governmental non-cooperation. The public may be affected in that there may be less coordinated offsite emergency plan as compared to sites where full coordination has been achieved.

3904. + PART 51; CONFORMING AMENDMENTS

Legal Authority: 42 USC 10101

CFR Citation: 10 CFR 51; 10 CFR 60

Abstract: The proposed rule would provide procedures for performing an environmental review of High Level Waste geologic repositories. Part 51 contains no provisions for the environmental review of a license application for a HLW repository. The Nuclear Waste Policy Act of 1982 established requirements for environmental reviews which are at variance with the environmental review which NRC perform in licensing other types of nuclear facilities. This issue must be addressed in order to avoid delay in the U.S. HLW Program. The proposed rule would benefit the public, industry, and NRC by clarifying licensing procedures, thus avoiding case determinations and possible litigation during HLW geologic repository licensing. Minor revisions to Part 60 will be necessary to conform to the environmental requirements of the NWPA. Alternatives are to take no action, issue an ANPRM, or ask Congress for additional legislation.

3905. + CRITERIA AND PROCEDURES FOR EVALUATING REQUESTS FOR EMERGENCY ACCESS TO LOW-LEVEL WASTE DISPOSAL SITES

Legal Authority: 42 USC 2021

CFR Citation: 10 CFR 62

Abstract: The proposed rule will establish criteria and procedures that will be used in the execution of the NRC responsibilities under Section 6 of the Low-Level Radioactive Waste Procedures Amendments Act (LLRWPAA). Section 6 of the LLRWPAA authorizes the U.S. Nuclear Regulatory Commission to grant emergency access to any non-Federal low-level waste disposal facility, if necessary to eliminate an immediate and serious threat to the public health and safety or the common defense and security which cannot be mitigated by other means. The proposed rule may have a significant impact on the generators of low-level waste, in that it will set the standards high for qualifying for emergency access, and will require them to provide convincing information to the NRC that their being denied access to low-level waste disposal facilities has resulted in an immediate and serious threat to the public health and safety or the common defense and security.

CFR Citation: 10 CFR 71

Abstract: The proposed rule, would in conjunction with a corresponding rule change by the U.S. Department of Transportation, make the United States Federal regulations for the safe transportation of radioactive material consistent with those of the International Atomic Energy Agency (IAEA). The IAEA regulations can be found in IAEA Safety Standard No. 6 "Regulations for the Safe Transport of Radioactive Material," 1985 Edition. Consistency in transportation regulations throughout the world facilitates the free movement of radioactive materials between countries for medical, research, industrial, and nuclear fuel cycle purposes. Consistency of transportation regulations throughout the world also contributes to safety by concentrating the efforts of the world's experts on a single set of safety standards and guidance (those of the IAEA) from which individual countries can develop their domestic regulations. Perhaps as important, the favorable and accident experience of every country that bases it domestic regulations on those of the IAEA can be applied by every other country with consistent regulations to improve its safety (cont)

Final Rule Stage

3907. + PROCEDURES INVOLVING THE EQUAL ACCESS TO JUSTICE ACT: IMPLEMENTATION II

Legal Authority: 5 USC 504

CFR Citation: 10 CFR 1; 10 CFR 2

Abstract: The proposed rule provides new provisions intended to implement the Equal Access to Justice Act (EAJA). The provisions would provide for the payment of fees and expenses to certain eligible individuals and businesses that prevail in adjudications with the agency when the agency's position is determined not to have been substantially justified. The basis for these proposed regulations is a set of model rules issued by the Administrative Conference of the United States (ACUS) that have been modified to conform to NRC's established rules of practice. The proposed rule would further the EAJA's intent by insuring the development of government-wide "uniform" agency regulations and by providing NRC procedures and requirements for the filing and disposition of EAJA applications. A final draft rule was sent to the Commission in June 1982, but Commission action has been suspended pending a decision by the Comptroller General on the availability of funds to pay awards to intervenor parties. The decision from the Comptroller General has been rendered and is currently the subject of litigation.(cont)

Legal Authority: 42 USC 2239

Abstract: The proposed rule would expedite conduct of NRC adjudicatory proceedings by requiring intervenors in formal NRC hearings to set forth the facts on which contentions are based and the sources or documents used to establish those facts and limit the number of interrogatories that a party may file in an NRC proceeding. The proposed rule would expedite the hearing process by, among other things, requiring intervenors to set forth at the outset the facts upon which their contention is based and the supporting documentation to give other parties early notice of intervenor's case so as to afford opportunity for early dismissal of contentions where there is no factual dispute. Expediting the hearing process should ultimately provide cost savings to all participants in the process. The content of this rule is being considered as part of the regulatory reform rulemaking package.

Abstract: The proposed rule would revise existing regulations to establish specific licensing requirements for the storage of spent nuclear fuel and high-level radioactive waste in a monitored retrievable storage installation (MRS). This revision, required by the Nuclear Waste Policy Act, is intended to ensure that the Commission has in place the appropriate regulations to fulfill the requirements contained in the Nuclear Waste Policy Act of 1982 concerning the licensing of facilities which could be part of the MRS program.

Paragraph (d) of Section 141 of the NWPA provides that any monitored retrievable storage installation pursuant to Section 141 shall be subject to licensing by the Commission. Although the Commission could await further development of the MRS option before proposing its MRS rules, this approach could result in unnecessary delay in reviewing a license application if Congress authorizes construction of an MRS.

There is no appropriate alternative to rulemaking, the vehicle used by NRC to establish its licensing procedures.

Abstract: The proposed rule would amend the Commission's regulations dealing with ex parte communications and separation of adjudicatory and nonadjudicatory functions in formal adjudicatory proceedings to update the agency's rules of practice and to incorporate requirements imposed by the Government in the Sunshine Act. Changes are proposed in both the form and the substance of the existing rules to clarify their meaning and to aid agency adjudicatory officials to maintain effective communication with NRC staff personnel and persons outside the agency while at the same time ensuring that proceedings will be conducted fairly and impartially. This proposed rule supersedes a prior proposed rule entitled, "Ex Parte Communications and Separation of Adjudicatory and Non Adjudicatory Functions," (3150-AA00) published March 7, 1979 (44 FR 12428).

Abstract: The final rule would amend the Nuclear Regulatory Commission's regulations to provide for Atomic Safety and Licensing Appeal Board review of all decisions rendered by an Atomic Safety and Licensing Board in formal agency adjudications. This amendment would change the agency's rules of practice to allow routing referral of requests for certain hearings from a licensing board to an appeal board.

Legal Authority: 42 USC 6101

CFR Citation: 10 CFR 4

Abstract: The proposed rule would implement the provisions of the Age Discrimination Act of 1975, as amended. The proposed amendment makes it unlawful for any recipient of Federal financial assistance to discriminate on the basis of age in programs or activities receiving Federal financial assistance from the NRC. The Act also contains certain exceptions that permit, under limited circumstances, continued use of age distinctions or factors other than age that may have a disproportionate effect on the basis of age. The Act applies to persons of all ages. The proposed rule is necessary to comply with the Age Discrimination Act of 1975, which directs that all Federal agencies empowered to provide Federal financial assistance issue rules, regulations, and directives consistent with standards and procedures established by the Secretary of Health and Human Services (HHS). NRC's proposed and final regulations have been modeled after those HHS guidelines as published in 45 CFR 90. (cont)

Abstract: This proposed rule would establish a specific retention period for

certain NRC-required records. It would also provide a uniform standard acceptable to the NRC for the condition of a record throughout a specified retention period. Further, the rule would establish throughout NRC regulations, with some exceptions, uniform retention periods of three years, five years, ten years, and the life of a license. This rule would bring NRC regulations into compliance with the Office of Management and Budget's (OMB) regulation (5 CFR 1320.6) that requires a specified retention period for each required record. It also implements NRC's 1982 commitment to OMB to establish a record retention period of determinable length for each required record.

Amending twenty one parts of NRC regulations to specify clearly what records to retain, how long to retain them, and the condition of a record useful for NRC inspection, will be mutually beneficial to applicants and licensees and to the NRC.

Recordkeeping labor for NRC's approximately 6,700 licensees who would be affected by the rule can be divided into four functions: (1) preparing the report, (2) storing the report, (3)

The principal savings to the licensee, dispersed over the period licensed, would be in physical storage space and associated storage equipment and materials. The burden of recordkeeping would be reduced approximately 10 percent annually for these licensees by the proposed rule. An estimated 466,323 hours associated with recordkeeping or $28,000,000 annually would be saved. Preparing and publishing this rule would cost NRC approximately 3000 hours of staff time at $60 per hour for an estimated total of $180,000

CFR Citation: 10 CFR 20

Abstract: Radiation protection philosophy and technology have changed markedly since the present Part 20 was promulgated nearly thirty years ago. Since Part 20 contains the NRC standards for protection against radiation that are used by all licensees and affects exposures of workers and members of the public, it should be the most basic of the NRC regulations. However, because the present Part 20 has become outdated, most radiation protection actions occur through licensing actions independent of Part 20. A complete revision is necessary to provide better assurance of protection against radiation; establish a clear health protection basis for the limits; reflect current information on health risk, dosimetry, and radiation protection practices and experience; provide NRC with a health protection base from which it may consider other regulatory actions taken to protect public health; be consistent with recommendations of world authorities (ICRP); and apply to all licensees in a consistent manner.

Alternatives to the complete revision considered were no action; delay for further guidance; and partial revision of the standards. They were rejected as ignoring scientific (cont)

Benefits would include updating the regulations to reflect contemporary scientific knowledge and radiation protection philosophy; implementing regulations which reflect the ICRP risk-based rationale; reducing lifetime doses to individuals receiving highest exposures; implementing provisions for summation of doses from internal and external exposures; providing clearly identified dose limits for the public; providing understandable health-risk base for protection; and placing constraints on collective dose evaluations at levels where risks are trifles.

Initial estimates of the cost of implementing the revision is about $33 million for all NRC and Agreement State licensees in the initial year and about $8 million in each subsequent year. This cost does not include any savings which might also be realized by the revision.

Legal Authority: 42 USC 2201; 42 USC 2282; 42 USC 5841; 42 USC 5846

CFR Citation: 10 CFR 21; 10 CFR 50

Abstract: This proposed rule would amend Part 21 and sec. 50.55(e) both of which require the reporting of safety defects by licensees. This effort was prompted by TMI Action Plan Task II,J.4 and has as its main objectives: (1) elimination of duplicate reporting among all requirements, (2) consistent reporting among all reporting requirements, (3) establishment of uniform and clear definitions for defects which need to be reported, (4) establishment of uniform time limits within which a defect must be reported and evaluated and, (5) establishment of uniform content for reporting of defects.

Approximately 450 to 500 reports are issued annually under Part 21 and sec. 50.55 (e) respectively. The reports identify plant-specific safety concerns and potential generic safety concerns for further NRC followup. These reports form the basis for numerous NRC bulletins and information notices.

This proposed rulemaking will reduce the potential for duplicate reporting and evaluation that now exists and will establish a more coherent regulatory

framework that is expected to reduce industry and NRC burden in this area without(cont)

Additional Information: ABSTRACT CONT: sacrificing safety effectiveness.

Alternatives to this approach varied from establishment of a single rule for all reporting to maintaining a status quo for defect reporting. All alternatives were rejected since they would not result in any substantial improvement to the present regulatory framework.

Current costs of reporting under Part 21 and section 50.55 (e) are estimated at $12,400,000 annually for industry and $2,900, 000 annually for NRC evaluations . It is anticipated that industry reporting burden with the proposed rulemaking will be reduced by 36,800 hours or $2,208,000 while NRC burden should be increased by $100,000. Additional burden to industry and NRC, while minimal, is anticipated in the areas of adherence to time schedules, and enforcement, recordkeeping respectively.

The Commission disapproved this proposed rule on 10/20/86 and provided direction to the staff to revise the proposed rulemaking.

CFR Citation: 10 CFR 30; 10 CFR 40; 10 CFR 50; 10 CFR 51; 10 CFR 70; 10 CFR 72

Abstract: The proposed rulemaking action is intended to protect public health and safety by providing assurance that licensees fulfill their responsibility to dispose licensed material including any associated contamination when they cease licenses activity. The proposed rule also intends to provide the applicant or licensees with appropriate regulatory guidance for implementing and accomplishing nuclear facility decommissioning. It is necessary to address this issue by amending the regulations in order to achieve appropriate assurances that funds for decommissioning will be available and the decommissioning will be carried out in an orderly manner. The Commission has indicated a need for this rulemaking in other previous rulemaking.

The major cost impact of the proposed rule would involve proper planning at all stages of nuclear facility operation. Proper planning includes providing for (1) financial assurance that funding will be available for decommissioning, (2) maintenance of records that could affect decommissioning, and (3) careful(cont)

For the approximately 110 power reactors estimated to be affected (i.e., those with operating licenses and those under construction which are at least two-thirds complete) plus 75 research and test reactors, it is estimated that the major impact will result in an aggregate expenditure of 3.8 staff-years ($288,000) spread over 3 years. Legal Authority: 42 USC 2201; 42 USC 5841

CFR Citation: 10 CFR 30; 10 CFR 40; 10 CFR 70

Abstract: The proposed rule would require about 30 fuel cycle and other radioactive materials licensees to submit an emergency plan that would among other actions, require the notification of local authorities in case of an accident and that the licensee recommend protective actions for the public. The proposed rule is intended to further protect the public from accidental exposure to radiation. The affected licensees are those whose possession limits indicate the potential for an accident that could deliver a radiation dose offsite exceeding one rem effective dose equivalent or 5 rems to the thyroid or could cause a soluble uranium inhalation of 2 milligrams (a chemical toxicity hazard). Currently, the proposed requirements are, for the most part, required by order. However, the Commission decided that they wanted a regulation for the long term. The cost to licensees for complying with the rule was estimated to be between $26,000 and $73,000 per year per licensee. The cost to NRC was estimated to be $4000,00 per year per licensee. The NRC will expend about 2 man-years of efforts to promulgate the rule.

NRC

Final Rule Stage

Abstract: Notification of the NRC in cases of bankruptcy would alert the Commission so that it may deal with potential hazards to the public health and safety posed by a licensee that does not have the resources to properly handle licensed radioactive material or clean up possible contamination. It is necessary to address this issue because instances have occurred in which materials licensees have filed for bankruptcy and NRC has not generally been aware of this. There is no current regulation requiring that licensees notify the NRC in cases of bankruptcy filing. Hence, the NRC has no means by which it can be made aware of these situations.

The proposed rule would require licensees to notify the appropriate regional office of the NRC in the event of a bankruptcy proceeding involving the licensee. There is no action required of a licensee by these amendments unless a bankruptcy petition is filed.

The net overall impact on industry of this rule should be negligible since this rule only consists of one additional notification beyond that (cont)

The benefit of the rule is that it will assist in protection of the public health and safety by reducing the risk of radiation exposure to the public and workers by enabling NRC to be aware of potential licensee problems in handling and disposing of radioactive materials caused by severe economic problems. The net effect on NRC should be reduction in staff resources since it would put NRC in a better reactive mode for proceeding with necessary enforcement actions.

3920. + LICENSES AND RADIATION SAFETY REQUIREMENTS FOR WELL-LOGGING OPERATIONS

Legal Authority: 42 USC 2201; 42 USC 5841

CFR Citation: 10 CFR 39

Abstract: The proposed rule would establish specific radiation safety requirements applicable to licensees who perform operations such as well-logging, mineral-logging, and subsurface use of radioactive materials in tracer studies. The proposed rule is necessary because current NRC regulations address these operations in a general way without providing the specific guidance. The rule generally codifies existing licensing practice. Thus, there would be essentially no net incremental costs to licensees. The main benefit would be to formally state NRC requirements in the regulations. The rule would establish a proposed, consistent, comprehensive set of the requirements that would minimize the effort required to obtain reciprocity for NRC licensees to operate in Agreement States or vice versa. The rule required about one staff-year effort.

Legal Authority: 42 USC 2201; 42 USC 5841; 42 USC 7901 Note

CFR Citation: 10 CFR 40

Abstract: The proposed rulemaking is intended to incorporate groundwater standards established by the Environmental Protection Agency for uranium mill tailings into NRC regulations. This action is necessary to make NRC regulations conform to EPA standards as required by the Uranium Mill Tailings Radiation Control Act. Alternatives to this action involve timing and scope. Comments on the ANPRM will help define the nature and scope of the action. EPA has estimated that compliance with their groundwater standards and with the stability, radon release, and other requirements recently promulgated will cost the industry from about $310 million to $540 million for all tailings generated by the year 2000. The range depends on the eventual cost of groundwater protection for future tailings. The EPA regulations are binding on NRC licensees in the interim. Estimates of NRC resources are still being developed.

3922. + MANDATORY PROPERTY INSURANCE FOR DECONTAMINATION OF NUCLEAR FACILITIES

Legal Authority: 42 USC 2201

CFR Citation: 10 CFR 50

Abstract: The proposed rule would require nuclear power plant licensees to obtain an increased amount of onsite property damage insurance from the current minimum of $585 million to $1.02 billion. The NRC believes that such insurance should be required so that the financing and pacing of cleanup following an accident does not become a public health and safety problem.Recent studies indicate that as much as $1.06 billion may be required to cover onsite cleanup of the worst reactor accidents if inflation and other factors are included. Other issues addressed in the proposed rule are (1) whether the Federal government can preempt State law that prohibits certain public utilities from buying insurance offered by either mutual companies or by insurance companies that require payment of a retrospective premium

and (2) whether a priority of payment of insurance proceeds for decontamination and cleanup can be imposed. Action in these areas is required for the same reason as imposition of general insurance requirements, i.e. to remove the financial aspects of recovery after and accident from having an adverse impact on public health and safety.(cont)

Additional Information:

Alternatives that were considered included (1) requiring a lower dollar amount and (2) not explicitly requiring insurance above that currently required but rather allowing the necessity for additional insurance to be determined at the State level.

The impact of the proposed rule on licensees would probably not be large. Most licensees currently purchase insurance in excess of $1.02 billion. Approximately 10 licensees would be required to carry more insurance than they otherwise would for an annual incremental premium cost of roughly $1 million per year. Thus the total impact of the rule would be approximately $10 million per year. The impact on the public would generally be positive in that public health and safety would be better protected. The impact on the NRC would be minimal with respect to increasing the amount of insurance. A decontamination priority, if it were invoked, could require additional hearings with attendant costs. One-half of a staff-year is required by OSP to continue the rulemaking, with minimal impact on other offices expected.

Legal Authority: 42 USC 2133; 42 USC 2134; 42 USC 5841

CFR Citation: 10 CFR 50

Abstract: The proposed rule would update and revise the 1973 criteria for preoperational and periodic pressure testing for leakage of primary containment boundaries of water-cooled power reactors Problems have developed in application and interpretation of the existing rule. These result from changes in testing technology, test criteria, and a relevant national standard that needs to be recognized. It is proposed to revise the rule as noted to make it current and improve its usefulness.

The revision is urgently needed to resolve continuing conflicts between licensees and NRC inspectors over interpretations, current regulatory practice which is no longer being reflected accurately by the existing rule, and endorsement in the existing regulation of an obsolete national standard that was replaced in 1981.

The benefits anticipated include elimination of inconsistencies and obsolete requirements, and the addition of greater usefulness and a higher confidence in the leak-tight integrity of containment system boundaries under post-loss of coolant accident conditions. Abstract: NRC is proposing to amend its regulations to require light water nuclear power plants to be capable of withstanding a total loss of alternating current (AC) electrical power, called Station Blackout, to the essential and nonessential switchgear buses for a specified duration. A proposed regulatory guide, to be issued at the same time as the proposed rule, would provide guidance on how to determine the duration.

The proposed requirements were developed in response to information generated by the Commission's study of Unresolved Safety Issue A-44, Station Blackout. The proposed rule is intended to provide further assurance that a loss of both off-site and emergency on-site electric AC power systems will not adversely affect the public health and safety.

A regulatory analysis has been prepared for the proposed rule. The estimated public risk reduction is 80,000 person-rem over 25 years, and the estimated total cost for industry to comply with the proposed rule is $40 million. This results in an overall cost benefit ratio of about 2,000 person-rem per million dollars.

3926. + BROAD SCOPE MODIFICATION OF GENERAL DESIGN CRITERION 4 REQUIREMENTS FOR PROTECTION AGAINST DYNAMIC EFFECTS OF POSTULATED PIPE RUPTURES

Legal Authority: 42 USC 2201; 42 USC 5846

CFR Citation: 10 CFR 50

Abstract: The proposed broad scope modification of General Design Criterion 4 (GDC 4) would allow demonstration of piping integrity by analyses to serve as a basis for excluding consideration of dynamic effects associated with pipe ruptures. A final rule published April 11, 1986 (51 FR 12502) was limited to the primary loops of pressurized water reactors (PWRs), whereas this proposed rule would cover all high energy piping in all light water reactors (LWRs). The modification will permit the general but selective removal of pipe whip restraints and jet impingement shields from operating plants, plants under construction and future plant designs, but will not impact other design requirements.

The only alternatives to rulemaking would be the granting of partial exemptions to GDC 4 or reinterpretation of the text of the existing rule. The staff has, however, indicated that extensive use of exemptions to authorize the elimination of pipe whip restraints is inappropriate and that long precedence prohibits reinterpretation. Therefore, it appears appropriate to undertake rulemaking at this time.

Legal Authority: 42 USC 5841; 42 USC 5842; 42 USC 5846

CFR Citation: 10 CFR 50

Abstract: The Commission proposes to amend its regulations to incorporate by reference the Winter 1984 Addenda, Summer 1985 Addenda, Winter 1985 Addenda, and 1986 Edition of Section III, Division 1, of the American Society of Mechanical Engineers Boiler and Pressure Vessel Code (ASME Code), and the Winter 1983 Addenda, Summer 1984 Addenda, Winter 1984 Addenda, Summer 1985 Addenda, Winter 1985 Addenda, and 1986 Edition of Section XI, Division 1 of the ASME Code. A limitation is placed on the use of paragraph IWB-3640 as contained in the Winter 1983 Addenda and Winter 1984 Addenda of Section XI, Division 1. This limitation requires that for certain types of welds, IWB-3640 be used as modified by the Winter 1985 Addenda. The

sections of the ASME Code being incorporated provide rules for the construction of light-water- cooled nuclear power plant components and specify requirements for inservice inspection of those components. Adoption of these amendments would permit the use of improved methods for construction and inservice inspection of nuclear power plants.

CFR Citation: 10 CFR 50

Abstract: The rule proposes to relax the timing requirements for a full participation emergency preparedness exercise for power reactors prior to issuance of a full power operating license. The proposed amendment would require a full participation exercise that includes State and local government, to be held within two years before the issuance of a full power operating license as opposed to the current requirement of within one year. Exercise without full participation would still be required on an annual basis.

3929. + EXPLANATION TO TABLE S-3 URANIUM FUEL CYCLE ENVIRONMENTAL DATA

Legal Authority: 42 USC 2011; 42 USC 4321

CFR Citation: 10 CFR 51

Abstract: The proposed rule provides a narrative explanation of the numerical values established in Table S-3, "Table of Uranium Fuel Cycle Environmental Data," that appears in the Commission's environmental protection regulations. The proposed rule describes the basis for the values contained in Table S-3, the significance of the uranium fuel cycle data in the table, and the conditions governing the use of the table. The narrative explanation also addresses important fuel cycle impacts and the cumulative impacts of the nuclear fuel cycle for the whole nuclear power industry so that it may be possible to consider these impacts generically rather than repeatedly in individual licensing proceedings, thus reducing litigation time and costs for both NRC and applicants.

The proposed rule was published for public review and comment (46 FR 15154, March 4, 1981), but the final rulemaking was deferred pending the outcome of a suit (Natural Resources Defense Council, et al. v NRC, NO. 74-1486) in the U.S. Court of Appeals. The U.S. Court of Appeals (D.C. Circuit) decision of April 27, 1982, invalidated the entire Table S-3 rule. The Supreme Court reversed this decision on June 6, 1983. (cont)

The proposed rule to provide a narrative explanation for Table S-3 was revised to reflect new developments and the passage of time while the rulemaking was deferred. However, final action on the Table S-3 rule was held in abeyance until new values for radon-222 and technetium-99 can be added to the table and covered in the narrative explanation. On October 7, 1984, EPA promulgated new radon standards for inactive uranium mill sites and in October 1985 NRC published revised uranium milling regulations conforming to the new EPA standards. However, EPA received, in August 1985, a court order requiring them to establish radon standards for active uranium mills. EPA's final standards are scheduled to be issued in August 1986. The Commission has directed staff to develop a schedule for completing the narrative explanation of Table S-3 and the new values for radon-222 and technetium-99.

The Staff's estimate is that the completion of a final Table S-3 rule covering the new values for radon-222 and technetium-99, and the narrative explanation will be completed in 1989.

3930. + DEFINITION OF HIGH-LEVEL RADIOACTIVE WASTE (HLW) IN 10 CFR PART 60

Legal Authority: 42 USC 10101

CFR Citation: 10 CFR 60

Abstract: This advance notice of proposed rulemaking (ANPRM) seeks to revise the definition of HLW in Part 60 to reflect certain changes in the legal definition of HLW contained in the Nuclear Waste Policy Act of 1982. Because of the complex issues involved in revising the definition of HLW, which affects virtually the entire radioactive waste management system, the staff is proposing an ANPRM rather than a proposed rule. A revision of the definition of HLW would affect DOE's plans for a geologic repository, State plans for regional compacts to manage low-level waste, Federal vs. State responsibility for some above Class C wastes, costs of waste disposal for certain waste generators, and the development of new technologies and facilities to dispose of certain types of wastes. A definition of HLW which reduces uncertainty about responsibility for different types of wastes would benefit the radioactive waste

management system. NRC staff time for processing this rule is estimated to be 4 staff years. Alternatives to rulemaking would be to take no action or request Congress to amend the NWPA. The rulemaking would eliminate uncertainty and reduce costs for the public, industry, and NRC.

3931. + ELIMINATION OF INCONSISTENCIES BETWEEN NRC REGULATIONS AND EPA STANDARDS

Legal Authority: 42 USC 10101

CFR Citation: 10 CFR 60

Abstract: The Nuclear Waste Policy Act of 1982 directs NRC to promulgate criteria for the licensing of HLW geologic repositories. Section 121 (c) of this act states that these criteria must be consistent with standards to be developed by EPA for the disposal of HLW in deep geologic repositories. The proposed rule is needed in order to eliminate several inconsistencies with the EPA standards, thus fulfilling the statutory requirements.

Because the NWPA directs NRC to eliminate inconsistencies between Part 60 and the EPA standard, the alternatives to the proposed action are limited by statute.

The public, industry, and NRC will benefit from eliminating inconsistencies in Federal HLW regulations. NRC resources needed would be several staff years but will not include contract resources.

Legal Authority: 42 USC 2201; 42 USC 5841

CFR Citation: 10 CFR 74

Abstract: The proposed rulemaking would replace existing material control and accounting (MC&A) requirements for fuel cycle facilities that are authorized to possess and use formula quantities of strategic special nuclear material (SSNM).

It would establish a performance-oriented regulation that emphasizes timely detection of formula quantity SSNM losses and provides for more conclusive resolution of discrepancies than is currently achievable. Experience with existing regulations has demonstrated weaknesses in the area of alarm resolution principally because of a lack of timely detection of anomalies and poor loss localization capabilities. The rulemaking would alleviate these liabilities by requiring tests on a more timely basis on small plant subdivisions.

An alternative to the rule would be to implement the concepts through license amendments for the four involved licensees; however, such an action would be inconsistent with the Administrative Procedures Act and the direction provided in NRC's Policy and Program Guidance document. The protection of the public health and safety will be enhanced through earlier (cont)

In response to public comments, the staff has re-evaluated certain technical provisions of the proposed rule and concluded that some modifications were warranted. Concurrent with the rule modifications, the acceptance criteria and regulatory analysis were revised. The revised regulatory analysis reflects estimated implementation costs of $2.5 million for the industry that will be offset by a reduction in annual operating costs. Cost recovery will occur within two to nine years, depending on the type of facility. The cost to the NRC to complete this rulemaking is estimated to be four staff years which includes time for the review of the plans submitted in response to the rule.

3933. + REPORTING OF SPECIAL NUCLEAR MATERIAL PHYSICAL INVENTORY SUMMARY RESULTS

Legal Authority: 42 USC 5841

CFR Citation: 10 CFR 70; 10 CFR 74

Abstract: The NRC's current regulations require fuel facilities to conduct periodic physical inventories of the special nuclear material (SNM) possessed by them. Although the affected licensees have been voluntarily reporting their resultant physical inventory summary data to the NRC since 1975, a requirement for this routine reporting has never been incorporated into the regulations.

Rather than pursue a rule for the reporting of inventory summary data, the NRC could continue to rely on voluntary reporting of this data. If any of the affected licensees, for whatever reason, should choose to discontinue reporting this data, timely collection of such data could be continued by an increase in direct inspection efforts; however this increase would have an adverse impact on the inspection program in terms of increased costs and staff time. If timely collection of this data should be discontinued, the NRC

would be unable to fulfill it present commitment to timely reporting to the public of differences between licensees' book and physical inventories of SNM (see NUREG-0430, Licensed Fuel Facility Status

Additional Information: ABSTRACT CONT:

The proposed rule corrects the present reporting deficiency by requiring the appropriate fuel facility licensees to provide the necessary physical inventory summary data on NRC Form 327. Since these licensees are already supplying this information voluntarily and the NRC is already routinely using it, there are no additional costs or other impacts associated with the rulemaking. The current schedule calls for publication of the final rule in May 1987 with a total expenditure of approximately 0.1 staff years by the Office of Inspection and Enforcement.

3934. + MODIFICATION OF PROTECTION REQUIREMENTS FOR SPENT FUEL SHIPMENTS

Legal Authority: 42 USC 2201; 42 USC 5841

CFR Citation: 10 CFR 73

Abstract: The proposed rule would moderate the current requirements for the protection of spent fuel shipments against radiological sabotage. Current more stringent requirements are based on release assumptions and health effects calculations that were made in the 1970s. Data from recently completed research shows that the release and health effects would be far lower than believed at the time the current requirements were issued. In addition, during 1985, comprehensive coordination was carried out with States and the Department of Transportation to assure that perceived safety issues were adequately addressed. The rulemaking is proceeding on a priority basis.

Alternatives to the proposed rule were (1) to leave the current requirements in place or (2) to eliminate all requirements. Alternative one was rejected because the current requirements, based on the conclusions drawn from recent research, were judged to be overly stringent. Alternative two was rejected because some requirements need to be retained to protect against sabotage scenarios even more severe than the one postulated for the research.(cont)

The proposed rule provides the level of safeguards deemed essential to the protection of spent fuel shipments while affording an annual savings of $74,000 to the affected licensees who make approximately 250 shipments per year. The public would not be affected by the rulemaking because all needed requirements would be retained. Occupational exposure would not change significantly. The current annual NRC resource commitment would be about 1.5 staff years, and the costs for travel expenses would be about $8,000. NRC resources for the rulemaking have been set at 0.5 staff year for FY 1986.

3935. + CHANGES TO SAFEGUARDS REPORTING REQUIREMENTS

Legal Authority: 42 USC 2201; 42 USC 5841

CFR Citation: 10 CFR 70; 10 CFR 72; 10 CFR 73; 10 CFR 74

Abstract: The proposed rule would amend reporting requirements of section 73.71 for reports of unaccounted for shipments, suspected thefts, unlawful diversion, and other safeguards events. (Conforming amendments are included for 10 CFR Parts 70, 72, and 74). The staff has found the present requirements confusing to licensees and therefore, difficult for licensees to properly implement. These difficulties have contributed to safeguards event reports that lack uniformity and contain insufficient data for analysis.

Safeguards event reporting requirements are necessary to permit timely response by the NRC to safeguards incidents and to identify possible generic deficiencies in safeguards systems. Until the requirements for reporting are clarified and simplified, the problems identified above will continue to exist. This is considered to be a matter of moderate urgency. An alternative to rulemaking is issuance of additional or revised guidance on the present requirement. However, the guidance would lack regulatory authority. Since the problem concern the abstract nature of the present requirement, it appears the best solution is to correct the source of the problem through rulemaking. (cont

Additional Information: ABSTRACT CONT:

The proposed amendments redefine, in clearer terms, the events to be reported and classify certain of these events into different reporting categories. The current 24 hour telephonic notification is deleted. All events would be either telephonically reported within one hour or logged in licensee records to be submitted to the NRC quarterly. Concurrent with the rule revision, a revised regulatory guide is being developed which provides a format for reporting to the NRC and gives examples of what types of events should be reported.

There is expected to be no cost impact to the public. Benefits to licensees will be clearer, simpler regulations, and a reduction in telephonic and written report making. While the proposed regulations will require more detailed, standardized written reports, the reduction in the number of telephone and written reports is expected to result in a net cost decrease to industry of $641,600 incurred on an annual basis.

Legal Authority: 42 USC 2201; 42 USC 2210; 42 USC 5841; 42 USC 5842

CFR Citation: 10 CFR 140

Abstract: The final rule will revise the ENO criteria to eliminate the problems that were encountered in the Three Mile Island ENO determination. It is desirable to get revised criteria in place in the event they are needed.

There are no alternatives to this rulemaking, as the current ENO criteria are already embodied in Subpart E of 10 CFR Part 140. The only way to modify them, as this rule seek to do, is through rulemaking.

There is no safety impact on public health or safety. The ENO criteria provide legal waivers of defenses. Industry (insurers and utilities) claims that a reduction in the ENO criteria could cause increases in insurance premiums. The final rule would also be responsive to PRM-140-1.

It is estimated that approximately 1.0 man years of NRC staff time will be required to process the final rule. No contract funding is anticipated.

3937. POSSIBLE AMENDMENTS TO "IMMEDIATE EFFECTIVENESS" RULES

Legal Authority: 42 USC 2201; 42 USC 5841

CFR Citation: 10 CFR 2; 10 CFR 50

Abstract: In this proposed rule, the Commission was considering five alternative amendments to the "immediate effectiveness" rule for construction permit proceedings. Under the original "immediate effectiveness" rule (36 FR 828, January 19, 1971) construction of a nuclear power plant could begin on the basis of an initial decision by the Atomic Safety and Licensing Board (ASLB) even though that decision was subject to further review by the Commission. The Commission is concerned that the rule often prevented it from reviewing a case until construction was well underway. This proposed rule has been superseded by a proposed rule entitled" Issuance of Amendment; Power Reactor License or Permit Following Initial Decision" published in the Federal Register on February 2, 1987 (52 FR 3442).

Abstract: The proposed rule would have amended the immediate effectiveness rule with regard to rules of practice for granting power reactor construction permit to conform to those for granting an operating license. It (1) would have retained the requirement that the NRC conduct a limited review of an Atomic Safety and Licensing Board's decision to grant a construction permit pending completion of administrative appeals and (2) would have deleted the requirement that an Atomic Safety and Licensing Appeal Board conduct a similar review. This proposed rule has been superseded by a proposed rule entitled "Issuance of Amendment; Power Reactor Licenses or Permit Following Initial Decision" published in the Federal Register on February 4, 1987 (52 FR 3442).

CFR Citation: 10 CFR 4

Abstract: The proposed rule would have implemented the provisions of Title IX of the Education Amendments of 1972, as amended, that prohibit discrimination on the basis of sex in programs and activities receiving Federal financial assistance from the Nuclear Regulatory Commission. The proposed rule would have set out the requirements necessary to comply with the legislation and the procedures to be followed by appropriate officials within the NRC in enforcing the requirements. The requirements of the proposed rule would have applied to each recipient of Federal financial assistance from the NRC.

The Executive Director for Operations terminated this rule on December 31, 1986. The Department of Justice (DOJ) disagrees with certain provisions of the rule contained in the Department of Education prototype. The DOJ could not predict the extent of the review stage, therefore the cognizant office recommended that this rule be temporarily removed until clearance is obtained for the DOJ.

Legal Authority: 42 USC 2201; 42 USC 2165; 42 USC 5841; 31 USC 9701

CFR Citation: 10 CFR 11; 10 CFR 25

Abstract: The final rule revises current regulatory requirements regarding the frequency of formal publication of changes to the Access Authorization Fees charged by NRC. Currently, section 25.17 states that revised fees will be published in the Federal Register during July of each year. A more accurate and efficient regulatory requirement would be to revise the access authorization fee schedule concurrent with the Office of Personnel Management's (OPM) notification to NRC of its background investigation rate changes since NRC's fees are wholly dependent on the rate charged by OPM. This rulemaking will keep the public and industry promptly informed of current fees while at the same time decrease, to the fullest extent possible, unnecessary future NRC rulemaking requirements. There is no additional burden or cost to the public or industry resulting from this rulemaking. The savings to NRC per year are estimated to be $13,200.

3946. + IMPROVED PERSONNEL DOSIMETER PROCESSING

Legal Authority: 42 USC 2073; 42 USC 2093; 42 USC 2095; 42 USC 2111; 42 USC 2134; 42 USC 2201; 42 USC 2273; 42 USC 5841; 42 USC 5842

CFR Citation: 10 CFR 20

Abstract: The final rule will require personnel dosimetry processors to meet specified performance standards and quality control criteria in order to reduce the widespread variations in both procedures and performance in the dosimetry processing industry.

The rule is necessary since numerous testing programs and dosimetry intercomparisons have shown that only 25 to 50% of processors are capable of meeting acceptable performance standards and that improvements in performance are at a virtual standstill.

The only alternative to rulemaking is no rulemaking and maintaining the status quo, an alternative that has been considered unacceptable for years. Several voluntary programs to improve the accuracy and reliability of dosimetry processing have been failures because of lack of participation by the majority of industry processors. Issuance of a Regulatory Guide alone to assist the processing industry is not considered feasible as an alternative since there is no obligation on the industry to follow such guidance in the absence of parallel rulemaking.

The issue will be addressed by requiring personnel dosimetry

Additional Information: ABSTRACT CONT: processors to become accredited under the National Voluntary Laboratory Accreditation Program (NVLAP) operated by NBS, that among other things, requires proficiency testing against a national consensus standard, ANSI N13:11.

Approximately 90 dosimetry processors and 4500 NRC licensees will be affected by the rule with a total annual cost of accreditation to the processing industry of around $470,000 annually and a corresponding annual increase to licensees of about 6%, from $24.00 per worker to $25.43 per worker. The public and occupational workers will benefit from the improved accuracy and integrity of dose determinations and records. Other benefits include the continued assurance of personnel dosimetry processors competence and the formulation of a program that can be easily utilized by other State and Federal agencies.

3947. DISPOSAL OF LOW-LEVEL RADIOACTIVELY CONTAMINATED WASTE OIL FROM NUCLEAR POWER PLANTS

Legal Authority: 42 USC 2201; 42 USC 5841

CFR Citation: 10 CFR 20

Abstract: The proposed rule, which is in partial response to a petition filed by Edison Electric Institute and Utility Nuclear Waste Management Group (PRM-20-15) would amend NRC regulations to specify the criteria and limits to allow on-site burning of waste oil. Currently, the only approved disposal method for waste oil contaminated by low levels of radioactive material from nuclear plants involves absorption, or solidification, transportation to, and burial at a licensed disposal site. There is an urgent need for alternative disposal

methods which are most cost-effective from a radiological health and safety standpoint and, at the same time, conserve limited disposal capacity at low- level waste burial sites.

Both the public and industry will realize increased savings to ratepayers without undue risk to the public health, and conservation of limited disposal capacity at low-level waste burial sites. Alternatives to rulemaking are to maintain the status quo or to wait until the Environmental Protection (cont)

Legal Authority: 42 USC 2201; 42 USC 5841

CFR Citation: 10 CFR 20; 10 CFR 21; 10 CFR 73

Abstract: The Nuclear Regulatory Commission is amending it regulations to indicate changes in the commercial and FTS telephone numbers for the NRC's Region IV Uranium Recovery Field Office located in Denver, Colorado. The amendments are necessary to inform the public of these administrative changes to NRC regulations.

Legal Authority: 42 USC 2201; 42 USC 5841

CFR Citation: 10 CFR 30; 10 CFR 40; 10 CFR 70

Abstract: The final rule amends provisions concerning the domestic licensing of byproduct, source, and special nuclear materials. The final rule is intended to provide information about the further implementation of NRC's decentralized licensing program. This amendment implements another phase of the process by transferring the newly consolidated U.S. Air Force license to Region IV. The final rule is necessary to reflect the transfer of licensing authority, alternatives to rulemaking have not been considered. The final rule does not have any cost impact on NRC, the licensee or the public.

3950. REQUIREMENTS FOR POSSESSION OF INDUSTRIAL GAUGES

Legal Authority: 42 USC 2211; 42 USC 2114; 42 USC 2201

CFR Citation: 10 CFR 31

Abstract: The Executive Director for Operations terminated this rule on November 26, 1986. The Staff decided to await completion of a study of other generally licensed device (other than gauges) before proceeding with proposed rule changes. The study is expected to be completed in February 1987 and may indicate a need for improved accountability for other devices in addition to gauges. Initiation of a new rulemaking will be considered when research is completed.

The advance notice of proposed rulemaking (ANPRM) would have sought comments on NRC's intent to modify its requirements governing the possession of industrial gauges. Some industrial gauges, have been improperly maintained, improperly transferred, or inadvertently discarded.

Legal Authority: 42 USC 2111; 42 USC 2201; 42 USC 2232; 42 USC 2233

CFR Citation: 10 CFR 35

Abstract: The final rule revises Part 35 to modify the process for licensing and regulating the medical use of radioactive byproduct material. Requirements that apply to medical licensees are scattered in the regulations, license conditions, the individual licensee's application, and licensing branch policy statements. The purpose of the final rule is to consolidate and codify the requirements in the regulation. This rule will result in a clearer understanding of NRC requirements for all medical licensees. This revision is necessary in order to provide a clear consolidated statement of requirements. The only way to impose requirements on all licensees is by license condition or regulation; therefore no alternative action was considered. Because most of the requirements contained in this regulation are currently imposed by regulation or license condition, there will be no significant cost savings or additional burden; the industry and NRC will benefit by having a clear, concise, complete regulation.

3952. + COMMUNICATIONS PROCEDURES AMENDMENTS

Legal Authority: 42 USC 2201

CFR Citation: 10 CFR 50

Abstract: This final rule amends the regulations which establish the procedures for submitting correspondence, reports, applications, or other written communications pertaining to the domestic licensing of production and utilization facilities.

The final rule is expected to resolve confusion regarding submittal procedures and improve the communication process with the affected applicants and licensees.

The final rule (1) simplifies the procedures for making Part 50 submittals to the NRC; (2) facilitates the timely dissemination of Part 50 submittals to NRC staff; (3) reduces postage and copying costs for applicants and licensees by requiring fewer copies of submittals; (4) establishes a central NRC receipt point for Part 50 submittals; (5) includes the NRC Resident Inspectors in the formal communications; and (6) supersedes all outdated submittal directions contained in other sources of submittal guidance, such as Regulatory Guide 10.1 (Revision 4) and NRR Generic Letter 82-14.

Legal Authority: 42 USC 5841

CFR Citation: 10 CFR 51; 10 CFR 171

Abstract: The Nuclear Regulatory Commission (NRC) has issued a final rule that adds a new part to its regulations to prescribe an annual fee for all persons who have applied for a license or who hold a license to operate a nuclear power reactor and for major materials licensees. The annual fee will recover allowable NRC budgeted costs for reactor-related and certain materials-related regulatory services. The annual fee is necessary to comply with the recent Congressional mandate concerning Nuclear Regulatory Commission Annual Charges in the Consolidated Omnibus Budget Reconciliation Act.

Legal Authority: 42 USC 10171

CFR Citation: 10 CFR 30; 10 CFR 40; 10 CFR 61; 10 CFR 70; 10 CFR 72

Abstract: The proposed rule was designed to provide standards to ensure that each licensee responsible for the disposal of low-level radioactive waste possessed an adequate bond, surety, or other financial arrangement to insure completion of all requirements established by the Commission for decontamination, decommissioning, and site closure. Section 151 of the Nuclear Waste Policy Act authorizes the NRC to develop standards for financial arrangements for low-level radioactive waste site closure. Comments on the NPRM will define the nature and scope of the action.

The Executive Director for Operations terminated this rulemaking on November 26, 1986. Initiation of a new rulemaking will be considered when research is completed and agreement is reached on what the rule should accomplish.

CFR Citation: 10 CFR 71

Abstract: The Executive Director for Operations terminated this rule on October 17, 1986. The prerequisite research information needed by the staff to develop the rule is being delayed because of the slippage by the Department of Transportation (DOT) managed contract to study the impact of LSA material accidents.

The proposed rule would have modified the LSA regulations to cover additional types of low specific activity materials (e.g., materials for decommissioning-operations) and established limits on potential hazards from external radiation resulting from accidental release of LSA materials in transit.

3957. ● IMPORTS OF URANIUM FROM SOUTH AFRICA

Legal Authority: 42 USC 2201; 42 USC 5841

CFR Citation: 10 CFR 110

Abstract: The Nuclear Regulatory Commission is amending its regulations to remove the import of uranium ore and uranium oxide from the general license that permits the import of certain types of nuclear material under certain conditions. This action is necessary to implement the provisions of the Comprehensive Anti-Apartheid Act of 1986 which prohibits the import of this material into the United States as of December 31, 1986. There are no alternatives to rulemaking that would achieve the required objective. The rule will have little impact on the NRC or the public. However, the rule could have a substantial economic impact on private U.S. industries that convert South African-origin uranium oxide U308 to UF6 for enrichment purposes.

Regulatory Flexibility Agenda and Rules Scheduled for Review

AGENCY: Securities and Exchange Commission.

ACTION: Publication of regulatory flexibility agenda and rules scheduled for review.

SUMMARY: The Securities and Exchange Commission is today publishing an agenda of its open and anticipated rulemaking actions, pursuant to Chapter Six of the Administrative Procedure Act and Office of Management and Budget Bulletin 87-6. The agenda is a general announcement to the public intended to provide advance notice of rulemaking actions which may have a significant economic impact on a substantial number of small entities. The Commission is also publishing a list of rule reviews anticipated to be completed during the next twelve months. The Commission invites questions and public comment on individual agenda entries.

DATE: Public Comments are due by June 30, 1987.

ADDRESSES: Persons wishing to submit written views should file three copies with Jonathan G. Katz, Secretary, Securities and Exchange Commission, 450 5th Street, NW., Room 6184, Stop 6-9, Washington, DC 20549. All submissions should refer to File No. S7-7-87, and will be available for public inspection at the Commission's Public Reference Room, Room 1026, at the same address.

FOR FURTHER INFORMATION CONTACT: William J. Atkinson, Directorate of Economic and Policy Analysis, Securities and Exchange Commission, 450 5th Street, NW., Room 7169, Stop 7-6, Washington, DC 20549 (202-272-7100). Additional names of persons to contact are identified with each entry.

SUPPLEMENTARY INFORMATION: The Regulatory Flexibility Act ("RFA") (Pub. L. No. 96-354, 94 Stat. 1164 [September 19, 1980]) requires each federal agency during April and October of each year to publish in the **Federal Register** a regulatory flexibility agenda identifying rules which the agency expects to propose or adopt which are likely to have a significant economic impact on a substantial number of small entities (the "significant impact criterion").[1]

The RFA also requires the Commission to publish a plan for the periodic review of all rules issued by the agency which have or will have a significant economic impact on a substantial number of small entities.[2] The Commission published such a plan in 1981.[3] The plan provides for the review of all rules in effect on January 1, 1981 within ten years of that date and for the review of all rules adopted thereafter within ten years of their adoption as final rules. The RFA further requires publication each year of a list of those rules which are to be reviewed during the succeeding twelve months.[4]

The Commission's continuing review of its rules, begun before the effective date of the statute (January 1, 1981), extends beyond the requirements of the RFA. Consequently, some rules listed in this part of the agenda may not be subject to RFA review requirements. The Commission is identifying them here in order to inform the public of its intention to review them. The agenda also identifies the rulemaking actions which have been completed (or withdrawn) since the last RFA release was approved by the Commission on August 28, 1986.[5]

The statute specifically provides that the agenda does not preclude the Commission from considering or acting on any matter not included, nor is the Commission required to consider or act on any matter which is included.[6] Furthermore, the inclusion of a rule in the Commission's agenda reflects only the staff's preliminary judgment that the rule, if adopted or as it exists, may have a significant economic impact on a substantial number of small entities.[7] This preliminary judgment may be changed upon further analysis.

The Commission's entries to the April 1987 Unified Agenda of Federal Regulations are listed below. The Commission's agenda includes new entries as well as items carried over from the October 1986 publication. New entries are marked with an asterisk. Copies of this preamble and a list of the entries (which includes next action dates and identifies a staff contact) are available from the Commission's Office of Public Affairs (Room 1015). The agenda also is available for inspection and copying in the Public Reference Room (Room 1026) (File S7-7-87), as noted above.

The Commission invites public comment on the individual entries in its agenda of rulemaking actions and rules scheduled for review in the next twelve months.

DATED: February 27, 1987.

By the Commission.

Jonathan G. Katz,

Secretary.

Legal Authority: 15 USC 78n(a) Exchange Act

CFR Citation: 17 CFR 240.14a-1 to 240.14a-12; 17 CFR 240.14a-101; 17 CFR 240.14a-102

Legal Deadline: None.

Abstract: As part of its proxy review program, the Commission intends to review the rules governing proxy contests, which are contained in Regulation 14A, promulgated under Section 14(a) of the Exchange Act. Regulation 14A regulates the solicitation of proxies in regard to securities registered under Section 12 of the Exchange Act. In general, Regulation 14A specifies the information required to be disclosed to security holders to enable them to make informed decisions concerning authorization of proxies. This review focuses only on regulations concerning proxy contests. Rules 14a-3 through 14a-10 prescribe certain filing, dissemination and disclosure requirements with respect to all proxy solicitations, including proxy contests. Rule 14a-11 prescribes special requirements relating only to contested elections of directors. The number of proxy contests has risen in recent years and the rules relating to them have not been reexamined in some time. The Commission's goal in this review is to make sure that the rules pertaining to proxy contests still operate effectively in addressing this dynamic area, thus benefiting shareholders and issuers.

Abstract: The Commission is conducting a "sunset" review of the thirty-nine rules contained in the "100 series" of general rules under the Securities Act. Generally, these rules define key terms used in the Securities Act. The object of this review is to eliminate any inconsistencies, to delete unnecessary, outmoded or duplicative rules and to update and revise the remaining provisions. This project is in addition to the separate project to review Rules 137, 138 and 139.

Legal Authority: 15 USC 80a-6(c)

CFR Citation: 17 CFR 270.3a-6; 17 CFR 270.6c-9

Abstract: The regulation will be designed to codify numerous exemptions from the provisions of the Investment Company Act of 1940 ("Act") granted to two-tier real estate limited partnerships. Exemptions from the Act pursuant to Section 6(c) of the Act have generally been granted where: 1) the two-tier partnership invests in limited partnerships engaged in the development and building of housing for low and moderate income persons; 2) the limited partnership interests are sold only to suitable investors; and 3) requirements for fair dealing by the general partner of the issuer with the limited partners of the issuer are included in the basic organizational documents of the partnership. The regulation will reduce the number of exemptive relief applications received by the Office of Investment Company Regulation requesting exemptions for two-tier real estate limited partnerships.

Abstract: The Commission is publishing for comment proposed rules to implement provisions of the Government Securities Act of 1986, which requires currently unregulated government securities brokers or government securities dealers to register with the Commission. Registered broker-dealers who act as government securities brokers or government securities dealers must file written notice with the Commission. The proposed rules prescribe the form and information required to be filed by government securities broker-dealers in their applications for registration with the Commission. The Commission also is publishing for comment proposed revisions to Form BD, the form used to

register as a broker-dealer. The proposed revisions adapt the form for use by government securities broker-dealers and enable government securities broker-dealers currently registered or registering with the Commission to use Form BD in order to notify the Commission of their activities as government securities broker-dealers.

Legal Authority: 15 USC 78c(a)(12); 15 USC 78o; 15 USC 78w; 15 USC 77c(a)(12); 15 USC 77s(a)

CFR Citation: 17 CFR 240.3a12-10; 17 CFR 230.180

Legal Deadline: None.

Abstract: The proposed rule would specify certain conditions under which persons engaged in the sale of interests and participation issued in connection with certain tax-qualified retirement plans ("H.R.10" or "Keogh" plans) would not be required to register as broker-dealers under Section 15(a) of the Securities Exchange Act of 1934. In 1981, the Commission adopted Rule 180 under the Securities Act of 1933 exempting from the registration requirements of that Act interests and participations issued in connection with H.R. 10 plans. The proposed rule provides a parallel exemption from broker-dealer registration for sales of such interests and participations in H.R. 10 plans. As an alternative the staff could consider granting no-action or exemptive requests on a case-by-case basis. However, such procedure would be inefficient and needlessly expensive for both the public and the Commission staff. In addition, the Commission is proposing to amend Rule 180 to clarify that, under paragraph (a)(3)(ii) of that Rule, the employer only needs to obtain investment advice prior to the investment of plan assets. This proposal codifies a previous staff position.

Abstract: Rule 17Ad-8 requires a registered clearing agency, at the request of an issuer, to provide the issuer with a "securities position listing." Legal Authority: 15 USC 77c(a)(2); 15 USC 77s(a)

CFR Citation: 17 CFR 230.180

Abstract: Rule 180 provides an exemption from the registration requirements of the Securities Act for interests and participations issued in connection with certain qualified H.R. 10 plans. In order for interests in funding media issued to plans established by financially inexperienced employers to qualify for the rule's exemption, the rule, as adopted, requires those employers to obtain financial advice from an independent expert prior to adopting the H.R. 10 plan. Among other things, the Commission is considering proposing an amendment to Rule 180 that would codify a present "no-action" position regarding the situation where a financially unsophisticated employer has already established a plan for its employees without obtaining advice from an independent expert, and intends either to change the funding medium or add another funding medium to the choices already available to employees. The issuer of the funding medium in such a case would be in compliance with the rule if the issuer has reasonable grounds to believe and, after having made reasonable inquiry, does believe, that an independent financial expert reviewed the funding medium prior to the investment of the (cont)

Abstract: The staff is considering whether to propose amendments to Industry Guide 3, statistical disclosure by bank holding companies and Article 9 of Regulation S-X. The formation of savings and loans holding companies has increased during the past several years to the point where approximately 60 savings and loan holding companies file with the Commission. In addition, a number of other registrants own savings institutions. The Commission's regulations do not specifically address the filing requirements for savings and loans, which have certain practices peculiar to the industry. The amendments, if proposed, would focus on disclosure requirements to enhance the comparability among registrants.

Abstract: The Commission will review the existing rules and reporting forms intended to implement the provisions of Section 16 of the Securities Exchange Act. Section 16 seeks to deter misuse of inside information by imposing certain periodic and transactional reporting requirements on the officers, directors and principal beneficial shareholders of companies registered under that Act as well as certain limitations on equity transactions by those persons. Over the years the Commission has adopted a number of rules to clarify the applicability of Section 16's requirements to particular circumstances. The Commission will examine their current suitability in light of the purposes of the statute.

Abstract: The Commission intends to revise the disclosure requirements under the federal securities laws relating to registration under the Securities Act of 1933 of securities to be offered to employees of an issuer pursuant to certain plans. Such registration currently is made on Form S-8 (17 CFR 239.16b). The Commission is developing proposals in this area and considering alternative approaches to the problem of reducing burdens while ensuring the availability of sufficient information to employees, particularly where they already have access to much of the required information under ERISA. In the context of this rulemaking, Form S-8 will be fully reviewed for purposes of the Regulatory Flexibility Act.

Abstract: In order to facilitate simultaneous multinational securities offerings among, initially, the United States, Canada and the United Kingdom, appropriate criteria are being sought to reconcile differences in disclosure standards, financial statement requirements and distribution system. The alternatives being considered include (1) a common prospectus approach under which all would agree on common disclosure standards, (2) a reciprocal approach under which the offering document used by the issuer in its domicile jurisdiction would be acceptable in the countries provided certain minimum disclosures are included and (3) a modified reciprocal approach whereby a domestic supplement containing prescribed disclosures would accompany the issuer's home jurisdiction prospectus. Also, the proposal may be limited initially to certain types of offerings or issuers.

Abstract: The Proposed rules would exempt certain persons from the requirements of Section 11(a) of the Investment Company Act. That section prohibits any registered open-end investment company and its principal underwriter from making an offer to a shareholder to exchange his security for another security on any basis other than the relative net asset values of the respective securities to be changed, unless the terms have been submitted to and approved by the Commission or comply with rules the Commission may prescribe. Section 11(c) states in part that the terms of any offer of exchange involving the securities of registered unit investment trusts must also be submitted to and approved by the Commission or comply with rules the Commission may prescribe. Proposed rule 11a-3 would permit a mutual fund or its principal underwriter to make certain exchange offers to its own shareholders or to shareholders of another fund in the same family of funds. Proposed rule 11c-1 would permit a unit investment trust or its sponsor to make certain exchange offers to withholders of the same series or another series of the same trust or to unitholders of another unit investment trust

Abstract: On December 10, 1982, the Commission issued an advance concept release (Investment Company Act Release No. 12888, (47 FR 56509)) soliciting public comment on whether the Commission should propose rules or recommend legislation which would provide for an alternative form of mutual fund governance. Specifically, this release requests comment on whether mutual funds should be exempted from shareholder voting and/or director requirements under the Investment Company Act of 1940 (the "Act") and, if so, whether conditions could be fashioned which would adequately insure against loss of investor protection. Although such changes might be effected through rulemaking, the Commission has indicated that, in its preliminary judgment, changes of this magnitude should be effected through legislative rather than administrative action. Since the costs and benefits of providing for an alternative scheme of mutual fund governance cannot be estimated at the present time, the release solicits specific comment on the costs and benefits which would result from such changes. Extension of comment period until April 18, 1983 was announced in Investment Company Act Release No. 13012 (cont)

Abstract: On May 14, 1985, the Commission issued a release (Investment Company Act Release NO.14513 (50 FR 21282) soliciting public comment on proposed Form N-7, a form for registration of unit Investment Trusts and their securities under the Investment Act of 1940 and the Securities Act of 1933, and certain related rules and rule amendments. The Commission also published staff guidelines for the preparation of Form N-7. The proposed form would establish a two-part format for disclosure to prospective investors consisting of a simplified prospectus that can be use to satisfy the prospectus delivery requirements of the Securities Act of 1933 and a statement of additional information that would be available to prospective investors upon request and without charge. The Commission is proposing Form N-7 in order to (I) integrate the reporting and disclosure requirements of the Securities Act of 1933 and the investment trusts in one document; (II) codify in the form and guidelines the disclosure standards that have been developed for unit investment trusts; and (III) shorten and

Abstract: Rule 17j-1 requires every access person of a registered investment company, or of an investment adviser of or principal underwriter for the investment company to report to the investment company certain of his securities transactions. The Commission is considering whether to propose an amendment to this rule which would reduce the reporting requirement for investment company directors who are interested persons with respect to the investment company by reason of their affiliation with a registered broker-dealer. Members of the industry have characterized these reporting requirements as unnecessarily burdensome in some instances. Any such rule amendment would have the effect of lessening the reporting requirements currently imposed by the rule. As a result, the staff believes that the costs, which should be insignificant, of complying with any amendment would be significantly less than the benefits it would provide. The staff is concurrently reviewing similar reporting requirements for investment advisers under Rule 204-2(a)(12) and (13) under the Investment Advisers Act, in order to (cont)

Abstract: Absent an exception, every solicitation of a proxy, authorization or consent in respect of any security with respect to which a registered investment company is the issuer, is subject to rules adopted pursuant to the Securities Exchange Act of 1934 and the Investment Company Act of 1940 concerning solicitations of proxies. Solicitations to which the rules apply may not commence unless each person solicited is furnished or has previously been furnished with a proxy statement containing specified information prepared in accordance with certain rules and the material has been filed with the Commission. The existing proxy rules were adopted in piecemeal fashion and have been the subject of frequent changes. This has led to certain duplicative and, in certain cases, complex requirements. To the extent that a proxy statement contains repetitive material or is overly complicated and difficult to read, it may not effectively perform its intended function of communicating meaningful information to security holders in order that they may make informed voting decisions. There does not currently exist a basis upon which to quantify the reduced costs and burdens of such action on those registrants affected. Since the action will apply to all registered investment companies soliciting proxies, unless the solicitation is excepted, the Action is expected to have a significant impact on a substantial number of small entities. However, the contemplated revisions are still in the developmental stage and have not yet been formally proposed by the Commission. Thus, the extent of the revision actually proposed and the attendant reductions in costs and burdens are as yet largely unknown, but are anticipated to be significant.

Abstract: Form N-2 is the registration statement form under the Investment Company Act of 1940 and the Securities Act of 1933 for closed-end management investment companies other than small business investment companies and companies which issue periodic payment plan certificates or which are sponsors or depositors of companies issuing such certificates. Included within the registration statement are the companies' prospectuses used in offering their securities to the public. The Commission believes a simplified prospectus is necessary because current

prospectuses have become too cumbersome for the average investor to understand and because current requirements result in the disclosure of much information that is not necessarily material to an investment decision. Simplification will, therefore, make disclosure easier for investors to understand and reduce the costs and burdens of of preparing and distributing prospectuses. Accordingly, the Commission is proposing a new form N-2A that most likely would be structured as a three-part form, one part of which would be a new simplified prospectus. Legal Authority: 15 USC 80b-11(a)

CFR Citation: 17 CFR 275.206(3)-3

Abstract: Section 206(3) of the Investment Advisers Act of 1940 makes it unlawful for any investment adviser, by use of the mail or any means or instrumentality of interstate commerce, directly or indirectly, knowingly to effect a securities transaction (a) with a client while acting as principal or (b) for a client while acting as broker for a person other than such client, without disclosing in writing to such client before the completion of the transaction the capacity on which he is acting and obtaining the consent of the client to the transaction. The Commission is considering whether to propose a rule that would provide a nonexclusive method for compliance with the provisions of Section 206(3) of the Investment Advisers Act of 1940 in connection with purchases of securities from an underwriting syndicate for an advisory client under specified conditions. Because the proposed rule is still in the developmental stages, its potential effect on small entities and its potential costs and benefits as a whole are unknown at this time.

3995. STANDARDIZED FORMULA FOR CALCULATING INVESTMENT COMPANY PERFORMANCE DATA IN ADVERTISEMENTS

Legal Authority: 15 USC 80a-37

CFR Citation: 17 CFR 270

Legal Deadline: None.

Abstract: Performance quotations are widely used by investment companies in advertising the sale of their shares. Mutual funds other than money market funds, however, are not required to calculate their performance under a standardized formula. As a result, it may be difficult for and confusing to investors to compare the relative advantages of investing in different funds with similar investment objectives. The commission is considering proposing rule amendments to require investment companies other than money market funds to calculate their performance under standard formulas.

In addition the commission is considering proposing to modify a requirement that investment companies file all sales literature with the commission. Such sales literature is also filed with the NASD which reviews it for compliance with NASD rules as well the securities laws. the proposal might eliminate to filing requirement for investment companies filing with the NASD.

Legal Authority: 15 USC 80b-6(4)

CFR Citation: 17 CFR 275.206(4)-1

Legal Deadline: None.

Abstract: Rule 206(4)-1 contains a wide range of restrictions on advertising by investment advisers including prohibitions on the use of testimonials. The rule was adopted in 1962 and has not been revised since. The Commission is considering whether to amend the rule in a manner which would permit greater flexibility to investment advisers in their advertising and protect the investing public from potential abuse. Because the proposed amendments to the rule are still in the developmental stages, the potential effect on small entities and its potential costs and benefits as a whole are uncertain at this time.

Abstract: The Commission will consider whether to propose amendments to Rule 12b-1 under the Investment Company Act to redefine the circumstances under which investment companies may finance distribution out of fund assets. The Commission will also consider whether to propose amendments to Rule 17d-3 to allow investment companies that have the same investment adviser to jointly finance distribution activities under certain circumstances and conditions. Finally, the Commission will consider whether to propose Rules 2a32-1 and 2a35-1 under the Investment Company Act to allow investment companies to charge Contingent Deferred Sales Loads and to include such Contingent Deferred Sales Loads within the definition of a Sales load under the Act. These actions would abrogate the need for Investment Companies to file applications for exemptive relief.

Abstract: Currently unit investment trusts advertise their performance by means of an "estimated current return" which shows estimated cash flow. However, because there is no uniform method of computing the estimated current return, they cannot be compared by prospective investors. This rulemaking project will endeavor to create such a uniform method. A uniform method of computation will permit investors to make more informed investment decisions by enabling them to compare the performance of different trusts.

Abstract: The proposed amendments are intended to simplify the filing requirements applicable to a registration statement at the time of effectiveness. Proposed new Rule 430A under the Securities Act of 1933 would allow registrants, if specified conditions are satisfied, to omit information concerning the public offering price, price-related information and the underwriting syndicate from a registration statement that is declared effective. The information omitted from the registration statement would be either included in the final prospectus and incorporated by reference into the registration statement or included in a post effective amendment to the registration statement. In addition, related amendments to Rules 424(b) and 497 would require more immediate filing of a prospectus where Rule 430A has been used. Finally, other changes to Rule 424 would provide for a similarly shortened filing period for for other prospectuses to eliminate unnecessary filings and to classify prospectuses according to the nature of the information being modified or added.

Legal Authority: 15 USC 80a-6(c); 15 USC 80a-37(a)

CFR Citation: 17 CFR 270.3a-4

Legal Deadline: None.

Abstract: In Investment Company Act Release No. 11391 (October 10, 1980) (45 FR 69479) the Commission proposed for public comment Rule 3a-4, which would deem investment management services providing their clients with individualized treatment not to be investment companies for purposes of the Act. The rule provides a "safe harbor" for any investment manager providing its clients with treatment based on the needs and goals of each client. Under such circumstances, regulation of investment management services under the Act appears unnecessary. The proposed rule was intended to clarify the Commission's position on the question of "mini-accounts" by providing a safe harbor for certain investment management services and thereby provide some certainty to the public. The Commission does not expect any final action taken on the proposal to significantly affect the cost of providing investment management services. The public comment letters on the proposal have been reviewed and alternatives for final action are being formulated.

Legal Authority: 15 USC 80a-6(c); 15 USC 80a-17(g); 15 USC 80a-37(a)

CFR Citation: 17 CFR 270.17g-1

Legal Deadline: None.

Abstract: The Commission is considering whether to adopt an amendment to Rule 17g-1 under the Investment Company Act. The amendment was proposed for public comment in Investment Company Act Release No. 11193 (June 2, 1980) (45 FR 38407). Rule 17g-1 requires every registered investment company to provide and maintain a bond against larceny and embezzlement covering officers and employees of the company. In some circumstances, the officers and employees of a company's depositor, trustee, investment adviser or other manager and various affiliates of such persons, because they have access to the company's assets, function as officers and employees of the investment company. The proposed amendment to the rule would clarify the scope of the rule by explicitly requiring the bonding of such persons. The principal cost associated with this rule would be the cost of a bond. That cost would vary according to the persons required to be bonded by the rule. In this regard, before adopting any amendment to the rule, the Commission will carefully consider what persons should be bonded to protect investors adequately, weighing the benefits of the protection against the cost of a bond.

Abstract: Section 206 of the Investment Advisers Act of 1940 prohibits a wide range of fraudulent activity by investment advisers. The Commission has interpreted this section to require that advisers disclose material financial and disciplinary information to clients. On September 19, 1986, the Commission proposed for public comment Rule 206(4)-4 to codify this disclosure obligation. The proposed rule sets forth a general standard and provides guidance on some of the disciplinary events that must be disclosed. By codifying the obligation and providing greater certainty to advisers in fulfilling it, the rule should help ensure that clients are provided with this material information. See Investment Advisers Act Release No. IA-1035, 51 FR 34229, September 26, 1986. The rule's impact on small entities cannot be qualified. However, the proposal by codifying an existing disclosure obligation, should not impose additional costs on advisers.

Legal Authority: 15 USC 80a-37; 15 USC 80a-24

CFR Citation: 17 CFR 270.24f-2

Legal Deadline: None.

Abstract: Rule 24f-2 allows certain investment companies to register an indefinite number of their securities under the Securities Act of 1933. The rule was adopted by the Commission in 1977 in order to address the problem of oversales by investment companies. Although the rule is relied on by unit investment trusts, provisions of the rule regarding the payment of fees and the filing of notices may be unnecessarily burdensome for unit trusts under certain circumstances. The Commission is considering a rule which would streamline the procedures to be followed by unit investment trusts relying on the indefinite registration provisions of rule 24f-2. Because the proposed rule is in the developmental stages, its potential costs and benefits as a whole and the potential effect on small entities are uncertain at this time.

4015. DISCLOSURE OF SECURITY RATINGS IN REGISTRATION STATEMENTS OF MONEY MARKET FUNDS

Legal Authority: 15 USC 77(g); 15 USC 77(i); 15 USC 77(s)(a)

CFR Citation: 17 CFR 230.134; 17 CFR 230.436; 17 CFR 230.482

Legal Deadline: None.

Abstract: The Commission is considering publishing for public comment amendments to Rule 134, 436, and 482 under the Securities Act of 1933. The amendments would, if adopted, permit certain investment

companies to use in their statutory and omitting prospectuses security ratings assigned by a nationally recognized statistical rating organization (NRSRO) without first obtaining the NRSRO'S consent to being named as an expert pursuant to Section 7 of the Securities Act. Without these amendments, eligible investment companies would need to continue to obtain the consent of the NRSRO. NRSRO's have refused to give this consent thereby making the use of ratings prohibitively expensive.

4016. RULE 174 AMENDMENT - PROSPECTUS DELIVERY DURING QUIET PERIOD

Legal Authority: 15 USC 77s; 15 USC 77d

CFR Citation: 17 CFR 230.174

Legal Deadline: None.

Abstract: The proposed alternative amendments to Rule 174 would reduce or eliminate under certain circumstances the 40 or 90 day delivery period during which dealers must deliver a prospectus in aftermarket transactions in registered securities following a public offering.

4017. EXEMPTION FOR THE OFFER OR SALE OF DEBT SECURITIES AND NON-VOTING PREFERRED STOCK IN THE UNITED STATES BY FOREIGN BANKS AND SUBSIDIARIES ORGANIZED TO FINANCE THE OPERATIONS OF FOREIGN BANKS

Legal Authority: 15 USC 80a-6(c); 15 USC 80a-37(a)

CFR Citation: 17 CFR 270.6c-9; 17 CFR 274.304

Legal Deadline: None.

Abstract: Foreign banks and their finance subsidiaries are considered investment companies under the Investment Company Act of 1940. The rule would, under certain circumstances, permit a foreign bank or the bank's finance subsidiary to offer or sell its own securities or non-voting preferred stock in the United States without registering as an Investment Company under the Investment Company Act.In connection with the rule, foreign banks and certain foreign bank finance subsidiaries would be required to file proposed Form N-6c9.
